

COMMISSIONERS WILL ACT ON WELLSVILLE COMPLAINTS ABOUT STREET CAR SERVICE

Propose to Visit That City and Look Into Matters.
Manager Healy Meets Wellsville
Committee.

Lisbon, January 7.—(Special.)—Wellsville citizens have expressed dissatisfaction with the service inaugurated by the United Power company in that city, and the county commissioners will go to Wellsville tomorrow to make a personal investigation. It is the opinion of the commissioners that they have no immediate jurisdiction in the case, as there is no complaint from that part of the line which is constructed on the county franchise. Wellsville is the seat of the trouble, and within the corporate limits the traction company is held to be amenable to the city government. In conversation with the county commissioners over the telephone yesterday Solicitor Charles Boyd, of Wellsville, threatened mandamus proceedings against them if something were not done. The commissioners will satisfy themselves tomorrow in regard to their authority and duty in the matter.

Shoub comprised a committee of Wellsville council who held a meeting yesterday afternoon at the Wellsville city hall with Manager L. W. Healy, of the East Liverpool Railway company. The councilmen came to the city building to accommodate Mr. Healy who wished to compromise matters relative to the actions taken against him by the council Monday evening.

Mr. Healy stated that he would give the city the regular 12 minute schedule between Wellsville and East Liverpool after the first of next March and asked that the city allow the matter drop for the present. Mr. Healy stated that he wished to avoid a law suit if possible. The councilmen said that they could do nothing for Mr. Healy, as council has already taken a stand against the railroad company. City Solicitor Charles Boyd stated last evening that he thought Mr. Healy's plan was to wait until the new council went into office, when he might be able to influence council to

PLAYHOUSE PLAN AGAIN REVIVED

Eastern Man Here Looking For a
Site on Which to Build
an Opera House.

NOTHING DEFINITE DONE

But Business Men Think the Rumor
Has a Substantial Basis—Matter
Said to Have Been Left in Hands
of a Prominent Firm.

The rumor that a new play house is to be erected in this city was revived again this morning and is given credence by several responsible business men, who make the statement, however, that they are in no way connected with the plan. Before noon there were several stories afloat differing as to the location and ownership of the new enterprise. One of them was to the effect that the Potters' Building and Savings company would acquire the Odd Fellows' building which it now occupies, and that with the addition of the recent purchase, the Purinton property, would provide the site. An emphatic denial of this story was made by Secretary J. J. Purinton, of the company, who when asked concerning it by a News Review reporter this morning, "We have not and will not, consider such a proposition," Secretary Purinton stated.

It was learned that a gentleman, representing himself to be an eastern capitalist, had been in the city recently, leaving a few days ago, making inquiries for the necessary location for such an enterprise. East Liverpool has the reputation of being one of the best show towns of its size in the country and the capitalist was attracted here by the reports of liberal patronage given out by the managers of the companies. It is reasoned that a modern play house, comfortable for patrons and large enough for all classes of attractions, would secure the lion's share of the patronage.

The visitor, it is stated, took into his confidence a local firm, which, while not dealing directly in real estate, is posted on all desirable properties here. Whether or not this firm has been instructed to negotiate for a site could not be learned. A member of the firm refused either to confirm or deny the report this morning. A residence property on the south side of Fifth street, between Washington and Monroe is given as the site favored by the capitalist, when he learned that it would be difficult, if not impossible, to purchase the property at the southwest corner of the Diamond and Sixth street. This is

not the only location under consideration, however.

One prominent citizen said to a News Review reporter: "There is more truth than fiction in the rumor this time."

The story in circulation the last few days that Sylvester J. Cripps, who recently disposed of his interest in the Grand, would build an opera house building on his property at the corner of Jackson street and Summit lane is denied by him.

TRIED TO DROWN WIFE AND DAUGHTER

RUFUS COOPER'S DESPERATE
DEED AT HUNTINGTON, W. VA.

Alleged River Pirate in Jail for Trying
to Murder Two of His
Family.

Rufus Cooper, who is well known in police circles here and whom at one time the police tried to locate on request of the prosecuting attorney of Jefferson county for alleged complicity in a shooting scrape on a boat at Steubenville, is in serious difficulty at Huntington, W. Va.

On Monday afternoon he seized his wife, who is a frail woman, dragged her to the rear of his boat and kicked her into the icy water. He then seized his 3-year-old daughter and would have thrown her into the water had he not been prevented by the timely interference of an officer. The desperado dropped the child and seized a gun, but the officer had the drop on him. The woman was rescued during the excitement. A great crowd collected and threats of lynching were heard. Cooper was hastily removed to jail.

Mrs. Cooper says her husband has been a river pirate of the worst type; that he has stolen and robbed in almost every town between Pittsburg and Huntington.

Repairs Nearly Finished.

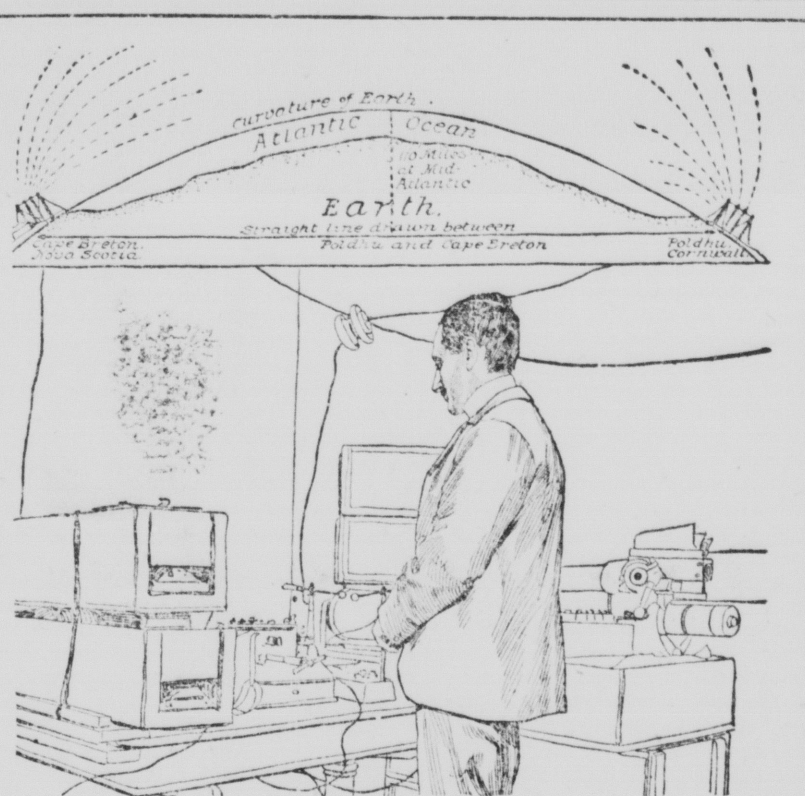

The repairs to the Barker building, Fifth and Market streets, which was badly damaged by fire some time ago are almost completed and it will be ready for occupancy within the next few days. Only a portion of the building was damaged, but it affected almost every tenant in the building, and the work of making the repairs has been a considerable inconvenience to them.

Jurors Not Needed Next Week.

Lisbon, January 7.—(Special.)—The petit jurors for the January term of court have been notified not to appear until Monday, January 19, as the first week of the term, commencing Monday, January 12, will be occupied solely with cases that will be tried by the court.

Taken to the Asylum.

Lisbon, January 7.—(Special.)—Charles O'Malley, of Salem, was taken to the Massillon hospital this morning.

INVENTOR MARCONI SENDING A WIRELESS MESSAGE
ACROSS THE ATLANTIC.

Science has done so many wonderful things in the past quarter of a century that Marconi's remarkable feat of sending wireless messages across the Atlantic ocean, a distance of 2,200 miles, has not excited much of a sensation. His company expects to be able to accept regular business in the near future.

ANOTHER WANTS TO WEAR A TOGA

Dr. S. B. McGavran, of Cadiz, the
Latest Aspirant For Senatorial
Honors.

HARRISON COUNTY'S TURN

He Thinks, for the Honor of Representing the 20th-22d Joint District in the Ohio General Assembly—Candidates from Each County.

From a Staff Correspondent.

Columbus, January 7.—Dr. S. B. McGavran, of Cadiz, who was in Columbus yesterday attending a meeting of the Ohio state board of medical registration and examination, informed the representative of this paper that he was a candidate for senator in the Twentieth-Twenty-second joint district, composed of Harrison, Belmont, Jefferson and Columbiana counties. He understands that Representative Beal, of Scioto, who was talked of as a candidate, will not enter the race, but will be content to ask for another term in the lower branch of the legislature, for which place, Dr. McGavran declares, he can get the nomination on the Republican ticket by acclamation.

Dr. McGavran stated he was not prepared to begin an active canvass at once. His business is so pressing he cannot do this now. He does not know of any opposition to his candidacy in his own county—Harrison—and he is of the opinion he will be able to secure a full delegation in the county. Harrison county has not had a senator since 1897. Charles M. Hogg, of Cadiz, served the joint district in the upper branch of the legislature in the Seventy-first and Seventy-second general assemblies. His term of office expired in 1897.

The doctor thinks that by rotation Harrison should have one of the senators. He said he had been informed that each county would have candidates. He says if the other candidates go beyond their own counties for delegates he would do likewise. He said it sometimes happens little Harrison is ignored in conventions on account of the insignificance of her representation, but that at election time her Republican majority is always appreciated.

There was a faint suspicion of irony in the doctor's observation. Harrison is the smallest county in the joint district and had 26 votes in the last senatorial convention, less than one fourth of the strength of Columbiana, the largest county. Dr. McGavran was appointed to fill a three-year term on the medical board by Governor Bushnell and was re-appointed to a seven-year term by Governor Nash. He has four years yet to serve. He has a son who is a physician in Columbus. He returned to Cadiz last night.

After disposing of routine business the board elected officers for the new year as follows: President, H. E. Beebe, Sidney; vice president, S. B. McGavran, Cadiz; secretary, Frank Winders, Columbus; treasurer, S. M. Sherman.

CLERKS' LEAGUE IS DISRUPTED

The Meeting at Columbus Resulted
in a Split Into Two
Factions.

CLIMAX OF OLD TROUBLES

East Liverpool Locals Cast Their Votes With Watson And the New Organization Will Apply for a National Charter.

From a Staff Correspondent.

Columbus, January 7.—The Salem and East Liverpool locals took an active part in the factional fight which terminated in the disruption of the Ohio Retail Clerks' league in this city yesterday. Two new organizations have been formed by the warring factions. They are known as the Cavanaugh and Watson factions. The imbroglio has been on for several years and culminated in the dissolution just taken place.

The Watson faction has taken the name of the Ohio Federation of Retail Clerks and will apply for a charter from the National organization. Hamilton will be headquarters. Cavanaugh was suspended a number of years ago by the National body and he was never re-instated. It was held he could not legally serve as an officer, and this seems to have been the bone of contention. The Watson faction believes it is the only one entitled to legal existence.

The two East Liverpool locals, represented by John E. Anderson and Henry Schreiber, are with the Watson following while the Salem local represented by O. H. Smith has cast its lot with the Cavanaugh delegation. Mr. Anderson was elected vice president of the new body with which he is allied. His local, No. 133, embraces clerks employed in the clothing, dry goods and shoe stores. The membership of local No. 292, represented by Mr. Schreiber, is confined to grocery clerks.

Mr. Anderson attended a large number of conventions and is one of the best known members of the clerks' union in the state. He always takes an active part in convention proceedings and the act of the newly organized body in selecting him as one of its vice presidents is undoubtedly a precursor of higher honors for him. Mr. Schreiber is also known as an energetic member of the organization. Yesterday afternoon they visited several state institutions and paid their respects to former Columbiana county people at the state house. They saw Willie Hicks, of East Liverpool, at the institution for the deaf and dumb, and the two boys of William Dechant, also of East Liverpool, at the institution for the blind. They will return home today.

Among the membership of the two unions here sentiment is divided though a majority of those connected with No. 133 are opposed to the national body, and had they been present at the meeting would have lined up with the opposition.

The reasons for the stand taken by these members are said to be good ones, and date back to a period prior

BUILDERS' TRADES COUNCIL A PROJECT MUCH FAVORED BY ALL THOSE INTERESTED

It Is Now Certain That the Plan Will Be Carried
Out and Organization Effected
Soon.

Though the progress has been necessarily slow for various reasons, it is now an absolute certainty that the movement for a builders' trade council will be realized within the next few weeks.

The advantages and necessity for such an organization to the trades engaged in the several branches of building crafts is apparent. More or less trouble is experienced on nearly every job by reason of the fact that the different trades have no positive understanding in the matter of what manner or men go to make up the crews other than their own. In a majority of instances an effort is made to ascertain, but often it is overlooked, and a carpenter or plumber discovers after having been engaged upon a job for several days that he is working with an unfair workman, and perhaps an unfair crew. With an organized body governed by rules, regulations and a good constitution the annoyance and loss of time which at present can

to the national convention at Buffalo.

It is alleged that the national officers, headed by National Secretary Max Morris, have been conducting affairs in a high-handed manner, and that subordinate unions have been unable to get any satisfaction from headquarters upon any subject. Many of the requests and petitions made to the national headquarters office have been totally ignored. For this reason it was thought best to reorganize and oust some of those men who have been the cause of the trouble.

INSURGENTS JOIN THE BROTHERHOOD

MERGER OF K. OF L. AND N. B. OF
O. P. EFFECTED AT TRENTON.

Eighty-Five Ex-Members of the
Knights Form Potters'
Local No. 40.

Trenton, N. J., January 7.—(Special.)—Enterprise Assembly, Knights of Labor, will in the future be known as Jiggermen's and Dishmakers' local No. 40, National Brotherhood of Operative Potters. The transfer was accomplished last night by Vice President Frank H. Hutchins, who succeeded in merging the entire membership, numbering 85 representative followers of the insurgent cause, into the Brotherhood. The new local was given the number it held prior to its withdrawal from the national body and in the course of a week will receive a new charter from President A. S. Hughes.

The jiggermen, who were the bitterest enemies of Mr. Hughes and his unit form scale project, have buried the hatchet, and last night appointed a committee to arrange for a reception to be tendered him during his visit east next week. The Knights of Labor members were admitted to the Brotherhood as individuals and not as an organization.

A HEALTHY CITY

Good Showing Made By East Liverpool, In Vital Statistics Compiled by Dr. Ogden.

Health Officer Ogden has his annual report ready to submit to the board of health. It shows 226 deaths in the city in 1902, which is 23 more than last year.

Only seven deaths resulted from scarlet fever, while there were 15 from typhoid. There were 9 violent deaths.

There were 400 births reported. Dr. Ogden thinks the people may well congratulate themselves on the healthfulness of the city. There were 21 deaths from consumption, 21 from pneumonia, 17 from convulsions and 13 from heart disease.

not be avoided would be done away with.

All the building trades favor the plan, and it is probable the movement will have reached a stage within the next two weeks that a meeting can be called for the formation of a temporary organization. This accomplished the rest will be easy.

There is one question in connection with the proposed new association which those interested regret, but it cannot be avoided. The building tradesmen will be called upon to sever their connection with the local Trades and Labor Council, as the objects and purposes of the two are so similar that it would be a waste of time to devote attention to both. The present organization would lose seven or eight of its very best unions, but it is argued that the relations between the two would be of such a friendly character that neither would sacrifice any of its present prestige, as united action could be taken upon any important matter that may come before it.

PRETTY VICTIM OF MORPHINE

Pittsburg Girl of Good Family
Found Here in a Most Pitiable Condition.

WANDERED FROM HER HOME

To This City Where a Brother And a
Sister Assisted an Officer in Searching
for Her—Found in a Boarding
House, Nearly Crazy.

Suffering, on the verge of delirium tremens, as the result of excessive use of morphine, pretty 20-year-old Mabel Schaffer left her home and friends in Pittsburg last Monday and came to this city the same day, evidently in a crazed condition. Her case is a pitiful one in the extreme. She is described as remarkably pretty, dark, of slender build and a girl that would attract more than ordinary attention. When she left her home suddenly on Monday she was dressed in a fashionably made suit, presenting an exceedingly striking appearance.

For some time, it is said, she has been addicted to the morphine habit, and when under the influence of it became delirious and on several occasions wandered away from her home, but only for a short distance and in each case was soon taken in charge by her friends. She left her home last Monday, presumably for a shopping tour, but when she did not return that evening her family became alarmed over her absence and the police were immediately asked to join in the search for the missing girl. She was traced to the depot, where it was learned that she had boarded the train for this city and the police here were notified to be on the lookout for her. Following close on the message to the police came a sister and a brother, who arrived here on one of the evening trains to assist in the search for the unfortunate young girl.

Officer McDermott was detailed on the case and for several hours last night searched the different saloons and wine rooms of the city, but no trace of her could be found.

About midnight the girl was found in a boarding house, where she had gone when she arrived here the evening before. As she had ordered her meals sent to her room but little had been seen of her by the people in the house. She seemed to be in a crazed condition. The brother and sister took her in charge and returned to their home on the 5 o'clock train this morning.

The girl is said to be a member of a prominent wealthy family in Pittsburg, and every effort is being made to keep her condition a secret.

COMMISSIONERS WILL ACT ON WELLSVILLE COMPLAINTS ABOUT STREET CAR SERVICE

Propose to Visit That City and Look Into Matters.
Manager Healy Meets Wellsville
Committee.

Lisbon, January 7.—(Special)—Wellsville citizens have expressed dissatisfaction with the service inaugurated by the United Power company in that city, and the county commissioners will go to Wellsville tomorrow to make a personal investigation. It is the opinion of the commissioners that they have no immediate jurisdiction in the case, as there is no complaint from that part of the line which is constructed on the county franchise. Wellsville is the seat of the trouble, and within the corporate limits the traction company is held to be amenable to the city government. In conversation with the county commissioners over the telephone yesterday Solicitor Charles Boyd, of Wellsville, threatened mandamus proceedings against them if something were not done. The commissioners will satisfy themselves tomorrow in regard to their authority and duty in the matter.

Should comprised a committee of Wellsville council who held a meeting yesterday afternoon at the Wellsville city hall with Manager L. W. Healy, of the East Liverpool Railway company. The councilmen came to the city building to accommodate Mr. Healy who wished to compromise matters relative to the actions taken against him by the council Monday evening.

Mr. Healy stated that he would give the city the regular 12 minute schedule between Wellsville and East Liverpool after the first of next March and asked that the city allow the matter drop for the present. PRETTY VICTIM OF MORPHINE

Pittsburg Girl of Good Family
Found Here in a Most Pitiable
Condition.

WANDERED FROM HER HOME

To This City Where a Brother And a
Sister Assisted an Officer in Searching
for Her—Found in a Boarding
House, Nearly Crazed.

Suffering, on the verge of delirium tremens, as the result of excessive use of morphine, pretty 20-year-old Mabel Schaffer left her home and friends in Pittsburg last Monday and came to this city the same day, evidently in a crazed condition. Her case is a pitiful one in the extreme. She is described as remarkably pretty, dark, of slender build and a girl that would attract more than ordinary attention. When she left her home suddenly on Monday she was dressed in a fashionably made suit, presenting an exceedingly striking appearance.

For some time, it is said, she has been addicted to the morphine habit, and when under the influence of it became delirious and on several occasions wandered away from her home, but only for a short distance and in each case was soon taken in charge by her friends. She left her home last Monday, presumably for a shopping tour, but when she did not return that evening her family became alarmed over her absence and the police were immediately asked to join in the search for the missing girl. She was traced to the depot, where it was learned that she had boarded the train for this city and the police here were notified to be on the lookout for her. Following close on the message to the police came a sister and a brother, who arrived here on one of the evening trains to assist in the search for the unfortunate young girl.

Officer McHermott was detailed on the case and for several hours last night searched the different saloons and wine rooms of the city, but no trace of her could be found.

About midnight the girl was found in a boarding house, where she had gone when she arrived here the evening before. As she had ordered her meals sent to her room but little had been seen of her by the people in the house. She seemed to be in a crazed condition. The brother and sister took her in charge and returned to their home on the 5 o'clock train this morning.

The girl is said to be a member of a prominent wealthy family in Pittsburg, and every effort is being made to keep her condition a secret.

COMMISSIONERS WILL ACT ON WELLSVILLE COMPLAINTS ABOUT STREET CAR SERVICE

Propose to Visit That City and Look Into Matters.
Manager Healy Meets Wellsville
Committee.

Lisbon, January 7.—(Special).—Wellsville citizens have expressed dissatisfaction with the service inaugurated by the United Power company in that city, and the county commissioners will go to Wellsville tomorrow to make a personal investigation. It is the opinion of the commissioners that they have no immediate jurisdiction in the case, as there is no complaint from that part of the line which is constructed on the county franchise. Wellsville is the seat of the trouble, and within the corporate limits the traction company is held to be amenable to the city government. In conversation with the county commissioners over the telephone yesterday Solicitor Charles Boyd, of Wellsville, threatened mandamus proceedings against them if something were not done. The commissioners will satisfy themselves tomorrow in regard to their authority and duty in the matter.

Shoub comprised a committee of Wellsville council who held a meeting yesterday afternoon at the Wellsville city hall with Manager L. W. Healy, of the East Liverpool Railway company. The councilmen came to the city building to accommodate Mr. Healy who wished to compromise matters relative to the actions taken against him by the council Monday evening.

Mr. Healy stated that he would give the city the regular 12 minute schedule between Wellsville and East Liverpool after the first of next March and asked that the city allow the matter drop for the present. Mr. Healy stated that he wished to avoid a law suit if possible. The councilmen said that they could do nothing for Mr. Healy, as council has already taken a stand against the railroad company.

City Solicitor Charles Boyd stated last evening that he thought Mr. Healy's plan was to wait until the new council went into office, when he might be able to influence council to

PLAYHOUSE PLAN AGAIN REVIVED

Eastern Man Here Looking For a
Site on Which to Build
an Opera House.

NOTHING DEFINITE DONE

But Business Men Think the Rumor
Has a Substantial Basis—Matter
Said to Have Been Left in Hands
of a Prominent Firm.

The rumor that a new play house is to be erected in this city was revived again this morning and is given credence by several responsible business men, who make the statement, however, that they are in no way connected with the plan. Before noon there were several stories afloat differing as to the location and ownership of the new enterprise. One of them was to the effect that the Potters' Building and Savings company would acquire the Odd Fellows' building, which it now occupies, and that with the addition of the recent purchase, the Purinton property, would provide the site. An emphatic denial of this story was made by Secretary J. J. Purinton, of the company, who when asked concerning it by a News Review reporter this morning:

"We have not and will not, consider such a proposition," Secretary Purinton stated.

It was learned that a gentleman, representing himself to be an eastern capitalist, had been in the city recently, leaving a few days ago, making inquiries for the necessary location for such an enterprise. East Liverpool has the reputation of being one of the best show towns of its size in the country and the capitalist was attracted here by the reports of liberal patronage given out by the managers of the companies. It is reasoned that a modern play house, comfortable for patrons and large enough for all classes of attractions, would secure the lion's share of the patronage.

The visitor, it is stated, took into consideration a local firm, which, while not dealing directly in real estate, is posted on all desirable properties here. Whether or not this firm has been instructed to negotiate for a site could not be learned. A member of the firm refused either to confirm or deny the report this morning. A residence property on the south side of Fifth street, between Washington and Monroe is given as the site favored by the capitalist, when he learned that it would be difficult, if not impossible, to purchase the property at the southwest corner of the Diamond and Sixth street. This is

TRIED TO DROWN WIFE AND DAUGHTER

RUFUS COOPER'S DESPERATE
DEED AT HUNTINGTON, W. VA.

Alleged River Pirate in Jail for Trying
to Murder Two of His
Family.

Rufus Cooper, who is well known in police circles here and whom at one time the police tried to locate on request of the prosecuting attorney of Jefferson county for alleged complicity in a shooting scrape on a boat at Steubenville, is in serious difficulty at Huntington, W. Va.

On Monday afternoon he seized his wife, who is a frail woman, dragged her to the rear of his boat and kicked her into the icy water. He then seized his 3-year-old daughter and would have thrown her into the water had he not been prevented by the timely interference of an officer. The desperado dropped the child and seized a gun, but the officer had the drop on him. The woman was rescued during the excitement. A great crowd collected and threats of lynching were heard. Cooper was hastily removed to jail.

Mrs. Cooper says her husband has been a river pirate of the worst type; that he has stolen and robbed in almost every town between Pittsburg and Huntington.

Repairs Nearly Finished.

The repairs to the Barker building, Fifth and Market streets, which was badly damaged by fire some time ago are almost completed and it will be ready for occupancy within the next few days. Only a portion of the building was damaged, but it affected almost every tenant in the building, and the work of making the repairs has been a considerable inconvenience to them.

Jurors Not Needed Next Week.

Lisbon, January 7.—(Special).—The petit jurors for the January term of court have been notified not to appear until Monday, January 19, as the first week of the term, commencing Monday, January 12, will be occupied solely with cases that will be tried by the court.

Taken to the Asylum.

Lisbon, January 7.—(Special).—Charles O'Malley, of Salem, was taken to the Massillon hospital this morning.

INVENTOR MARCONI SENDING A WIRELESS MESSAGE
ACROSS THE ATLANTIC.

Science has done so many wonderful things in the past quarter of a century that Marconi's remarkable feat of sending wireless messages across the Atlantic ocean, a distance of 2,200 miles, has not caused much of a sensation. His company expects to be able to accept regular business in the near future.

ANOTHER WANTS TO WEAR A TOGA

Dr. S. B. McGavran, of Cadiz, the
Latest Aspirant For Senatorial
Honors.

HARRISON COUNTY'S TURN

He Thinks, for the Honor of Representing
the 20th-22d Joint District
in the Ohio General Assembly—Candidates
from Each County.

From a Staff Correspondent.

Columbus, January 7.—Dr. S. B. McGavran, of Cadiz, who was in Columbus yesterday attending a meeting of the Ohio state board of medical registration and examination, informed the representative of this paper that he was a candidate for senator in the Twentieth-Twenty-second joint district, composed of Harrison, Belmont, Jefferson and Columbiana counties. He understands that Representative Beal, of Scioto, who was talked of as a candidate, will not enter the race, but will be content to ask for another term in the lower branch of the legislature, for which place, Dr. McGavran declares, he can get the nomination on the Republican ticket by acclamation.

Dr. McGavran stated he was not prepared to begin an active canvass at once. His business is so pressing he cannot do this now. He does not know of any opposition to his candidacy in his own county—Harrison—and he is of the opinion he will be able to secure a full delegation in the county. Harrison county has not had a senator since 1897. Charles M. Hogg, of Cadiz, served the joint district in the upper branch of the legislature in the Seventy-first and Seventy-second general assemblies. His term of office expired in 1897.

The doctor thinks that by rotation Harrison should have one of the senators. He said he had been informed that each county would have candidates. He says if the other candidates go beyond their own counties for delegates he would do likewise. He said it sometimes happens little Harrison is ignored in conventions on account of the insignificance of her representation, but that at election time her Republican majority is always appreciated.

There was a faint suspicion of irony in the doctor's observation. Harrison is the smallest county in the joint district and had 26 votes in the last senatorial convention, less than one fourth of the strength of Columbiana, the largest county. Dr. McGavran was appointed to fill a three-year term on the medical board by Governor Bushnell and was re-appointed to a seven-year term by Governor Nash. He has four years yet to serve. He has a son who is a physician in Columbus. He returned to Cadiz last night.

After disposing of routine business the board elected officers for the new year as follows: President, H. E. Beebe, Sidney; vice president, S. B. McGavran, Cadiz; secretary, Frank Winders, Columbus; treasurer, S. M. Sherman.

Advertise in the News Review when you are prepared for a rush of business.

CLERKS' LEAGUE IS DISRUPTED

The Meeting at Columbus Resulted
in a Split Into Two
Factions.

HARRISON COUNTY'S TURN

East Liverpool Locals Cast Their Fortunes
With Watson And the New
Organization Will Apply for a National Charter.

From a Staff Correspondent.

Columbus, January 7.—The Salem and East Liverpool locals took an active part in the factional fight which terminated in the disruption of the Ohio Retail Clerks' league in this city yesterday. Two new organizations have been formed by the warring factions. They are known as the Cavanaugh and Watson factions. The imbroglio has been on for several years and culminated in the dissolution just taken place.

The Watson faction has taken the name of the Ohio Federation of Retail Clerks and will apply for a charter from the National organization. Hamilton will be headquarters. Cavanaugh was suspended a number of years ago by the National body and as he was never re-instated it was held he could not legally serve as an officer, and this seems to have been the bone of contention. The Watson faction believes it is the only one entitled to legal existence.

The two East Liverpool locals, represented by John E. Anderson and Henry Schreiber, are with the Watson following while the Salem local represented by O. H. Smith has cast its lot with the Cavanaugh delegation. Mr. Anderson was elected vice president of the new body with which he is allied. His local, No. 123, embraces clerks employed in the clothing, dry goods and shoe stores. The membership of local No. 292, represented by Mr. Schreiber, is confined to grocery clerks.

Mr. Anderson attended a large number of conventions and is one of the best known members of the clerks' union in the state. He always takes an active part in convention proceedings and the act of the newly organized body in selecting him as one of its vice presidents is undoubtedly a precursor of higher honors for him. Mr. Schreiber is also known as an energetic member of the organization. Yesterday afternoon they visited several state institutions and paid their respects to former Columbiana county people at the state house. They saw Willie Hicks, of East Liverpool, at the institution for the deaf and dumb, and the two boys of William Dechant, also of East Liverpool, at the institution for the blind. They will return home today.

Among the membership of the two unions here sentiment is divided though a majority of those connected with No. 123 are opposed to the national body and had they been present at the meeting would have lined up with the opposition.

The reasons for the stand taken by these members are said to be good ones, and date back to a period prior

BUILDERS' TRADES COUNCIL A PROJECT MUCH FAVORED BY ALL THOSE INTERESTED

It Is Now Certain That the Plan Will Be Carried
Out and Organization Effected
Soon.

Though the progress has been necessarily slow for various reasons, it is now an absolute certainty that the movement for a builders' trade council will be realized within the next few weeks.

The advantages and necessity for such an organization to the trades engaged in the several branches of building crafts is apparent. More or less trouble is experienced on nearly every job by reason of the fact that the different trades have no positive understanding in the matter of what manner or men go to make up the crews other than their own. In a majority of instances an effort is made to ascertain, but often it is overlooked, and a carpenter or plumber discovers after having been engaged upon a job for several days that he is working with an unfair workman, and perhaps an unfair crew. With an organized body governed by rules, regulations and a good constitution the annoyance and loss of time which at present can

to the national convention at Buffalo.

It is alleged that the national officers, headed by National Secretary Max Morris, have been conducting affairs in a high-handed manner, and that subordinate unions have been unable to get any satisfaction from headquarters upon any subject. Many of the requests and petitions made to the national headquarters office have been totally ignored. For this reason it was thought best to reorganize and oust some of those men who have been the cause of the trouble.

INSURGENTS JOIN THE BROTHERHOOD

MERGER OF K. OF L. AND N. B. OF
O. P. EFFECTED AT TRENTON.

Eighty-Five Ex-Members of the
Knights Form Potters'
Local No. 40.

Trenton, N. J., January 7.—(Special).—Enterprise Assembly, Knights of Labor, will in the future be known as Jiggermen's and Dishmakers' local No. 40, National Brotherhood of Operative Potters. The transfer was accomplished last night by Vice President Frank H. Hutchins, who succeeded in merging the entire membership, numbering 85 representative followers of the insurgent cause, into the Brotherhood. The new local was given the number it held prior to its withdrawal from the national body and in the course of a week will receive a new charter from President A. S. Hughes. The jiggermen, who were the bitterest enemies of Mr. Hughes and his uniform scale project, have buried the hatchet, and last night appointed a committee to arrange for a reception to be tendered him during his visit east next week. The Knights of Labor members were admitted to the Brotherhood as individuals and not as an organization.

A HEALTHY CITY

Good Showing Made By East Liverpool, In Vital Statistics Compiled by Dr. Ogden.

Health Officer Ogden has his annual report ready to submit to the board of health. It shows 226 deaths in the city in 1902, which is 25 more than last year.

There were 186 cases of infectious diseases, 26 of which resulted fatally. There various cases of infectious diseases were: Diphtheria, 24; membranous croup, 1; scarlet fever, 124; typhoid fever, 21; and measles, 10. Only seven deaths resulted from scarlet fever, while there were 15 from typhoid. There were 9 violent deaths.

There were 466 births reported. Dr. Ogden thinks the people may well congratulate themselves on the healthfulness of the city. There were 21 deaths from consumption, 21 from pneumonia, 17 from convulsions and 13 from heart disease.

not be avoided would be done away with.

All the building trades favor the plan, and it is probable the movement will have reached a stage within the next two weeks that a meeting can be called for the formation of a temporary organization. This accomplished the rest will be easy.

There is one question in connection with the proposed new association which those interested regret, but it cannot be avoided. The building tradesmen will be called upon to sever their connection with the local Trades and Labor Council, as the objects and purposes of the two are so similar that it would be a waste of time to devote attention to both. The present organization would lose seven or eight of its very best unions, but it is argued that the relations between the two would be of such a friendly character that neither would sacrifice any of its present prestige, as united action could be taken upon any important matter that may come before it.

PRETTY VICTIM OF MORPHINE

Pittsburg Girl of Good Family
Found Here in a Most Pitiable
Condition.

WANDERED FROM HER HOME

To This City Where a Brother And a
Sister Assisted an Officer in Searching
for Her—Found in a Boarding
House, Nearly Crazy.

Suffering, on the verge of delirium tremens, as the result of excessive use of morphine, pretty 20-year-old Mabel Schaffer left her home and friends in Pittsburg last Monday and came to this city the same day, evidently in a crazed condition. Her case is a pitiful one in the extreme. She is described as remarkably pretty, dark, of slender build and a girl that would attract more than ordinary attention. When she left her home suddenly on Monday she was dressed in a fashionably made suit, presenting an exceedingly striking appearance.

For some time, it is said, she has been addicted to the morphine habit, and when under the influence of it became delirious and on several occasions wandered away from her home, but only for a short distance and in each case was soon taken in charge by her friends. She left her home last Monday, presumably for a shopping tour, but when she did not return that evening her family became alarmed over her absence and the police were immediately asked to join in the search for the missing girl. She was traced to the depot, where it was learned that she had boarded the train for this city and the police here were notified to be on the lookout for her. Following close on the message to the police came a sister and a brother, who arrived here on one of the evening trains to assist in the search for the unfortunate young girl.

Officer McBermett was detailed on the case and for several hours last night searched the different saloons and wine rooms of the city, but no trace of her could be found.

About midnight the girl was found in a boarding house, where she had gone when she arrived here the evening before. As she had ordered her meals sent to her room but little had been seen of her by the people in the house. She seemed to be in a crazed condition. The brother and sister took her in charge and returned to their home on the 5 o'clock train this morning.

The girl is said to be a member of a prominent wealthy family in Pittsburg, and every effort is being made to keep her condition a secret.

WITH THE WORKMEN IN THE CLAY PLANTS

ROYAL BERLIN CHINA.

There is an exhibition of Royal Berlin porcelain now open to the public in New York that is attracting much attention. The exhibit is of china for use and ornament from the Royal Berlin porcelain factory. Comparatively little of this has been seen in this country in recent years. The factory was established in the middle of the eighteenth century by an energetic potter whom Frederick the Great took up and by royal patronage made famous. Among the pieces shown is a complete dinner service like that ordered by Frederick the Great and used by the imperial family today. It is decorated in the Louis Quinze style, and an expert says it is one of the finest things the factory produces. One of the objects on exhibition is a cup and saucer like that which the Empress often gives away, and there is a copy of the dinner set given by Emperor William to Wilhelmina, of Holland on their marriage. This wedding gift is in white and gold and royal purple. Relief gilding and fine enamel decoration are almost specialties of the Berlin factory, and this style of work is to be seen in many specimens of plates, vases, table and toilet articles. Some of the effects are very rich. In the decoration known as the *pote sur pate* there are pieces which have exquisite cameo effects. Remote from this style is a sort of cloisonne which is made by cutting away one glaze, filling in the open space with another of a different color, and outlining the patterns so obtained in gold leaf put on after the firing. There are also to be seen specimens of splash, crackle and crystalline glass, some of the latter with the effect of the iridescent interior of a tropical sea shell.

THE TRENTON OUTLOOK.

All the potteries where work was in any way slack during the holidays resumed operations yesterday morning, says a Trenton (N. J.) exchange. Scarcely a pottery in the city closed down for more than four days. They have kept up an almost ceaseless routine of manufacture, being satisfied to make an inventory of their goods in spare moments. On every side it is evident that there is thorough satisfaction with the business handled during 1902. The same spirit of gratification applies to the outlook for the new year. If the insufficient coal supply does not hamper the production of goods there is a well founded impression that the 12 months ahead will be characterized by sales far in advance of any previous record. With the organization of the American Potters' association there comes a guarantee of a more equal distribution of orders among the plants of this city. In previous years work at certain potteries

at different times of the year was slack because of the ability of the competing concerns to undersell their prices. The potteries affiliated with the association, which includes nearly 95 per cent of the trade in America, have adopted a uniform scale of prices, thus preventing the slashing and cutting tactics employed by some firms in past years, with the result that the evil was felt by both employers and men alike.

A FINE DISPLAY.

What is considered the finest display of glassware and pottery ever shown in Pittsburgh is now on exhibition at the annual show at the Monongahela House, Henry and Shenley hotels. The leading glass and pottery manufacturers of the country have vied with each other this season in exhibiting at the annual event a most varied, artistic and complete line of ware. The changes in designs, some of which have been radical, show the tendency of the art. Buyers are in greater evidence and more interest is taken in the annual display than ever before. Each manufacturer has presented a great number of lines. Designers are fast leaving conservative lines and branching out into broader fields. The popularity of the annual exhibits has increased to such an extent that it was necessary for many of the manufacturers to seek quarters at the Henry and Shenley hotels.

EXTENSIVE SAMPLES.

The traveling representatives of the Sevres China company are hard at work this week packing their sample cases and getting ready to take the road again after the holiday vacation. Most of them will get away before the end of the week. The line of samples they will carry will be the most extensive ever prepared by the firm and in point of decoration will be by far the most artistic. In addition to the many new designs with which the dinners and toilets are embellished there are a number of new specialties and a line of imitation of Rookwood ware, all of which will certainly attract the eye of the trade. The plant already has a number of big orders ahead and is starting into the new year under the most favorable circumstances.

TWO NEW SETS.

The necessary repairs at the Cartwright Brothers' plant, which included the overhauling of the decorating kilns, a new floor for the clay department and a new saucer jigger, were completed in time for work to commence Monday again of this week. The dinner set modeled a short time ago is now coming through the kilns and will be marketed before the first of February. It has been christened the "Florence." This firm also has had modeled a new toilet set which will be called the "Trent." It will not be ready for the trade until several weeks after the appearance of the Florence. The outlook for the present year is very bright and thus far orders have been numerous.

BOWLES IS BETTER.

James Bowles, one of the dippers at Cartwright's, was able to leave his home yesterday for the first time for a month. He has been laid up with an attack of fever and what was thought to be lead poisoning, and several times his condition was considered serious. He has not regained his usual strength yet, and it will be some little time before he can resume work again.

MR. PELLEY IMPROVED.

Charles Pelley, the well known decorator and one of the proprietors of the American Ceramic Art company, has returned to his work as ground layer at the Sevres after a siege of several months with inflammatory rheumatism. He has not entirely recovered but the improvement is gladly noted by his many friends.

CONDITION STILL SERIOUS.

Theodore Baker, of the glost kiln crew at Cartwright's, it is reported, is still in a serious condition from rheumatism and the hope that he would be able to return to his work the first of the year was not realized. His illness dates back two months and is causing his many friends some alarm.

WILL RAISE CHICKENS.

Homer Marionaux, of the glost kiln crew at the Sevres, will devote considerable of his spare time this spring to raising fine chickens. He has been very successful in his efforts so far, which has encouraged him to attempt it on a larger scale.

TRENTON POTTER DEAD.

William Brunt, a well known potter of Trenton, died yesterday after a

short illness. Mr. Brunt was 55 years of age, and was known formerly in business and political circles of Trenton, having been a member of common council from the Fifth ward from 1882 to 1884. He is survived by six children. The funeral will be held today at the home of his daughter, Mrs. Thomas Elwood, 182 Monmouth street with high mass of requiem at St. Mary's cathedral at 10 o'clock. Interment will be made in the Cathedral cemetery.

NOTES OF THE POTTERS.

Bennett Barton has taken a job at Cartwright's.

Charles Woolley, of the glost end at the Sevres, has returned to work after an illness of a week.

John Graham, dipper at the Oliver Sebring, has returned there after a pleasant visit with friends in this city.

Howard Fife is back at his jigger at Cartwright's again after two weeks' hunt in the neighborhood of Lisbon.

Jack Carney, of the city, has accepted a situation in the biscuit kiln crew at the Oliver China company, Sebring.

Misses Matra Sells and Mame and Willie Miller, of the Sevres, have returned from a visit with friends at Cambridge.

John McConnell, who until recently has been employed in the plant at Ford City, started at Vodyrey's Monday as kiln placer.

Jack Hughes, of the biscuit end at Cartwright's, is confined to his home by sickness. He is threatened with an attack of fever.

Mrs. Frances Dixon, forelady of the biscuit warehouse at the Sevres, is able to be at her post of duty again after a severe illness.

Mrs. Frank Larkins, of Cartwright's who has been seriously ill for several weeks, is much better and is expected at the pottery in a few days.

Sam Burbridge and Clay Robinson, of the clay shop at Cartwright's, are thinking of taking in the New Orleans excursion on the Steamer Queen City.

James Blakely, a brancher in the Calumet Sewer Pipe works at Toronto, has returned to his home after a pleasant visit with his brother, William Blakely, of Goodwin's.

Dick Robinson is operating the new saucer jigger installed at Cartwright's during the holiday loaf. The boys say he is as proud of it as a six year old boy with his first pair of boots.

Albert Crider, bench boss of the glost end at the Sevres, who has been seriously ill for some time, is gaining strength daily and it is expected that he will be able to resume work the first of next week.

PLEA OF SELF DEFENSE

Will Be Set Up By Slayer of Brilliant Man at His Trial Next Week.

Wellsburg, W. Va., January 6.—Garrett Crawford, the slayer of Joseph Breitmyer at Brilliant, across the river has retained J. R. McCleary, of Steubenville, to defend him and his case does not look so black as was at first pictured. His plea will be self-defense, and the fact that one of the guns in evidence has been positively identified as belonging to Breitmyer will work in the negro's favor.

All of Crawford's companions tell the same story, and are staying by him, willing to testify when called upon. The case comes up at Steubenville next week.

Grove's Black Root Liver Pills.

Made from an active principle obtained from Black Root. They act on the liver equal to calomel and leave no bad after effects. No gripping, no sick stomach. Will cure chronic constipation. Price 25 cents. 179

Colds, coughs, bronchitis, pneumonia and all lung affections can be promptly cured with Hage's Cordial of Cod Liver Oil. It stops their insidious progress and fortifies the system by renewing the waste with healthy vitality. Contains no grease and is pleasant to take.

Kindly Take Notice that Ely's Liquid Cream Balm is of great benefit to all those sufferers from nasal catarrh who cannot inhale freely through the nose, but must treat themselves by spraying. Liquid Cream Balm differs in form, but not medicinally from the Cream Balm that has stood for years at the head of remedies for catarrh. It may be used in any nasal atomizer. The price, including a spraying tube, is 75 cents. Sold by druggists and mailed by Ely Bros., 56 Warren street, N. Y.

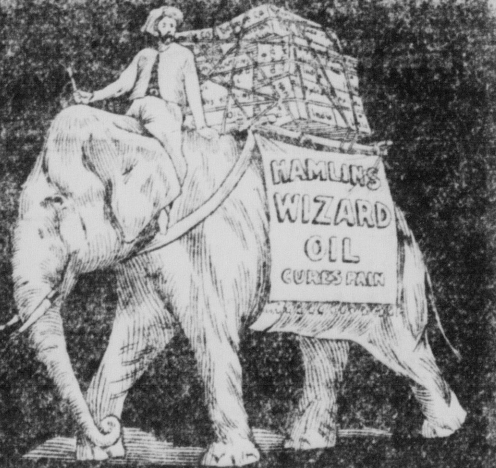

THE ONE PLACE TO EAT AT THE NEW PEOPLE'S RESTAURANT.

The finest steaks in town always ready to serve.
Hot lunches to order.
Fresh oysters received regularly.
Boarding by the week \$1.50.
Meat tickets \$1.00.
Regular meals 25c served at all hours.

Hamlin's WIZARD OIL

CURES ALL
PAIN, SORENESS,
SWELLING AND
INFLAMMATION FROM
ANY CAUSE WHATEVER.
50 CENTS ALL DRUGGISTS.

A PENNSYLVANIA MINER

Herman Schmidt says: "We have been using Hamlin's Wizard Oil for 22 years and would not be without a bottle in the house. My father who was a miner in Pennsylvania was a great sufferer from sprained back. He could not get any relief although he tried many remedies. Hamlin's Wizard Oil helped him at once and now not one of our family would be without it."

The Time the Tub's Turned Tells the Tale.

Tells of less labor and good Soap; that the old work-all-day method of rubbing and wearing out both life and clothes has been superseded by the tubful-every-half-hour way of Walker's Soap—a soap that cleans your clothes with little work. The wrapper tells how it is done.

WALKER'S SOAP

contains no scavenger greases nor free alkali, but is made from good wholesome tallow and coconut oil, under strictly sanitary conditions. Does nothing but cleanse and whiten; will not harm the most delicate laces nor sensitive hands.

No rubbing nor boiling—saves the back, hands and clothes.

Look for the game rooster on the wrapper.

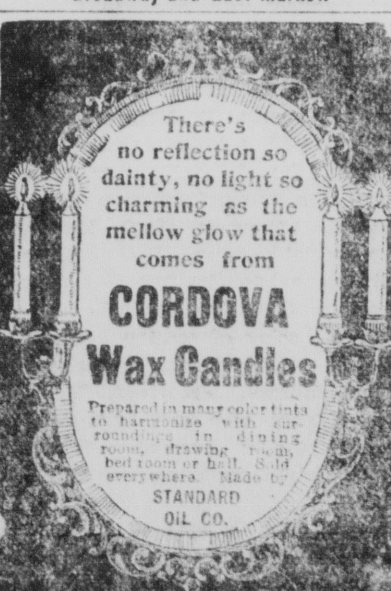

HELPING A FRIEND TO MEAT

Nothing but the best handled. Poultry at all times. Pure lard and Jersey butterine, best in the city. Try it.

Kaser beef, dressed two times a week by Rev. Mason Man's. Pure country buckwheat flour, something hard to get.

WITH THE WORKMEN IN THE CLAY PLANTS

ROYAL BERLIN CHINA.

There is an exhibition of Royal Berlin porcelain now open to the public in New York that is attracting much attention. The exhibit is of china for use and ornament from the Royal Berlin porcelain factory. Comparatively little of this has been seen in this country in recent years. The factory was established in the middle of the eighteenth century by an energetic potter whom Frederick the Great took up and by royal patronage made famous. Among the pieces shown is a complete dinner service like that ordered by Frederick the Great and used by the imperial family today. It is decorated in the Louis Quinze style, and an expert says it is one of the finest things the factory produces. One of the objects on exhibition is a cup and saucer like that which the Empress often gives away, and there is a copy of the dinner set given by Emperor William to Wilhelmina, of Holland on her marriage. This wedding gift is in white and gold and royal purple. Relief gilding and fine enamel decoration are almost specialties of the Berlin factory, and this style of work is to be seen in many specimens of plates, vases, table and toilet articles. Some of the effects are very rich. In the decoration known as the *pote sur pate* there are pieces which have exquisite cameo effects. Remote from this style is a sort of cloisonne which is made by cutting away one glaze, filling in the open space with another of a different color, and outlining the patterns so obtained in gold leaf put on after the firing. There are also to be seen specimens of splash, crackle and crystalline glass, some of the latter with the effect of the iridescent interior of a tropical sea shell.

THE TRENTON OUTLOOK.

All the potteries where work was in any way slack during the holidays resumed operations yesterday morning, says a Trenton (N. J.) exchange. Scarcely a pottery in the city closed down for more than four days. They have kept up an almost ceaseless routine of manufacture, being satisfied to make an inventory of their goods in spare moments. On every side it is evident that there is thorough satisfaction with the business handled during 1922. The same spirit of gratification applies to the outlook for the new year. If the insufficient coal supply does not hamper the production of goods there is a well founded impression that the 12 months ahead will be characterized by sales far in advance of any previous record. With the organization of the American Potters' association there comes a guarantee of a more equal distribution of orders among the plants of this city. In previous years work at certain potteries

at different times of the year was slack because of the ability of the competing concerns to undersell their prices. The potteries affiliated with the association, which includes nearly 95 per cent of the trade in America, have adopted a uniform scale of prices thus preventing the slashing and cutting tactics employed by some firms in past years, with the result that the evil was felt by both employers and men alike.

A FINE DISPLAY.

What is considered the finest display of glassware and pottery ever shown in Pittsburgh is now on exhibition at the annual show at the McConagela House, Henry and Shenley hotels. The leading glass and pottery manufacturers of the country have vied with each other this season in exhibiting at the annual event a most varied, artistic and complete line of ware. The changes in designs, some of which have been radical, show the tendency of the art. Buyers are in greater evidence and more interest is taken in the annual display than ever before. Each manufacturer has presented a great number of lines. Designers are fast leaving conservative lines and branching out into broader fields. The popularity of the annual exhibits has increased to such an extent that it was necessary for many of the manufacturers to seek quarters at the Henry and Shenley hotels.

EXTENSIVE SAMPLES.

The traveling representatives of the Sevres China company are hard at work this week packing their sample cases and getting ready to take the road again after the holiday vacation. Most of them will get away before the end of the week. The line of samples they will carry will be the most extensive ever prepared by the firm and in point of decoration will be by far the most artistic. In addition to the many new designs with which the dinners and toilets are embellished there are a number of new specialties and a line of imitation of Rockwood ware, all of which will certainly attract the eye of the trade. The plant already has a number of big orders ahead and is starting into the new year under the most favorable circumstances.

TWO NEW SETS.

The necessary repairs at the Cartwright Brothers' plant, which included the overhauling of the decorating kilns, a new floor for the clay department and a new saucer jigger, were completed in time for work to commence Monday again of this week. The dinner set modeled a short time ago is now coming through the kilns and will be marketed before the first of February. It has been christened the "Florence." This firm also has had modeled a new toilet set which will be called the "Trent." It will not be ready for the trade until several weeks after the appearance of the Florence. The outlook for the present year is very bright and thus far orders have been numerous.

BOWLES IS BETTER.

James Bowles, one of the dippers at Cartwright's, was able to leave his home yesterday for the first time for a month. He has been laid up with an attack of fever and what was thought to be lead poisoning, and several times his condition was considered serious. He has not regained his usual strength yet, and it will be some little time before he can resume work again.

MR. PELLEY IMPROVED.

Charles Pelley, the well known decorator and one of the proprietors of the American Ceramic Art company, has returned to his work as ground layer at the Sevres after a siege of several months with inflammatory rheumatism. He has not entirely recovered but the improvement is gladly noted by his many friends.

CONDITION STILL SERIOUS.

Theodore Baker, of the ghost kiln crew at Cartwright's, it is reported, is still in a serious condition from rheumatism and the hope that he would be able to return to his work the first of the year was not realized. His illness dates back two months and is causing his many friends some alarm.

WILL RAISE CHICKENS.

Homer Marionaux, of the ghost kiln crew at the Sevres, will devote considerable of his spare time this spring to raising fine chickens. He has been very successful in his efforts so far, which has encouraged him to attempt it on a larger scale.

TRENTON POTTER DEAD.

William Brunt, a well known potter of Trenton, died yesterday afternoon.

short illness. Mr. Brunt was 55 years of age, and was known formerly in business and political circles of Trenton, having been a member of common council from the Fifth ward from 1882 to 1884. He is survived by six children. The funeral will be held today at the home of his daughter, Mrs. Thomas Eliwood, 182 Monmouth street with high mass of requiem at St. Mary's cathedral at 10 o'clock. Interment will be made in the Cathedral cemetery.

NOTES OF THE POTTERS.

Bennett Barton has taken a job at Cartwright's.

Charles Woolley, of the ghost end at the Sevres, has returned to work after an illness of a week.

John Graham, dipper at the Oliver, Schring, has returned there after a pleasant visit with friends in this city.

Howard Fife is back at his jigger at Cartwright's again after two week's hunt in the neighborhood of Lisbon.

Jack Carney, of the city, has accepted a situation in the biscuit kiln crew at the Oliver China company, Schring.

Misses Matra Sells and Mame and Willie Miller, of the Sevres, have returned from a visit with friends at Cambridge.

John McConnell, who until recently has been employed in the plant at Ford City, started at Vordrey's Monday as kiln placer.

Jack Hughes, of the biscuit end at Cartwright's, is confined to his home by sickness. He is threatened with an attack of fever.

Mrs. Frances Dixon, forelady of the biscuit warehouse at the Sevres, is able to be at her post of duty again after a severe illness.

Mrs. Frank Larkins, of Cartwright's, who has been seriously ill for several weeks, is much better and is expected at the pottery in a few days.

Sam Burbridge and Clay Robinson, of the clay shop at Cartwright's, are thinking of taking in the New Orleans excursion on the Steamer Queen City.

James Blakely, a brancher in the Calumet Sewer Pipe works at Toronto, has returned to his home after a pleasant visit with his brother, William Blakely, of Goodwin's.

Dick Robinson is operating the new saucer jigger installed at Cartwright's during the holiday loaf. The boys say he is as proud of it as a six year old boy with his first pair of boots.

Albert Crider, bench boss of the ghost end at the Sevres, who has been seriously ill for some time, is gaining strength daily and it is expected that he will be able to resume work the first of next week.

PLEA OF SELF DEFENSE

Will Be Set Up By Slayer of Brilliant Man at His Trial Next Week.

Wellburg, W. Va., January 6.—Garrett Crawford, the slayer of Joseph Breitmyer at Brilliant, across the river has retained J. R. McClary, of Steubenville, to defend him and his case does not look so black as was at first pictured. His plea will be self-defense, and the fact that one of the guns in evidence has been positively identified as belonging to Breitmyer will work in the negro's favor.

All of Crawford's companions tell the same story, and are staying by him, willing to testify when called upon. The case comes up at Steubenville next week.

Grove's Black Root Liver Pills.

Made from an active principle obtained from Black Root. They act on the liver equal to calomel and leave no bad after effects. No griping, no sick stomach. Will cure chronic constipation. Price 25 cents. 179

Colds, coughs, bronchitis, pneumonia and all lung affections can be promptly cured with Hagee's Cordial of Cod Liver Oil. It stops their insidious progress and fortifies the system by renewing the waste with healthy vitality. Contains no grease and is pleasant to take.

Kindly Take Notice that Ely's Liquid Cream Balm is of great benefit to all those sufferers from nasal catarrh who cannot inhale freely through the nose but must treat themselves by spraying. Liquid Cream Balm differs in form, but not medicinally from the Cream Balm that has stood for years at the head of remedies for catarrh. It may be used in any nasal atomizer. The price, including a spraying tube, is 75 cents. Sold by druggists and mailed by Ely Bros., 56 Warren street, N. Y.

THE ONE PLACE TO EAT

AT THE NEW PEOPLE'S RESTAURANT.

The finest steaks in town always ready to serve. Hot lunches to order. Fresh oysters received regularly. Boarding by the week \$3.50. Meal tickets \$1.00. Regular meals served at all hours.

CURES ALL
PAIN, SORENESS,
SWELLING AND
INFLAMMATION FROM
ANY CAUSE WHATEVER.
50 CENTS ALL DRUGGISTS.

A PENNSYLVANIA MINER

Herman Schmoldt says: "We have been using Hamlin's Wizard Oil for 22 years and would not be without a bottle in the house. My father who was a miner in Pennsylvania was a great sufferer from sprained back. He could not get any relief although he tried many remedies. Hamlin's Wizard Oil helped him at once and now not one of our family would be without it."

The Time the Tub's Turned Tells the Tale.

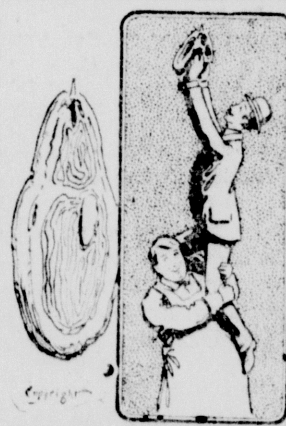

Tells of less labor and good Soap; that the old work-all-day method of rubbing and wearing out both life and clothes has been superseded by the tubful-every-half-hour way of Walker's Soap—a soap that cleans your clothes with little work. The wrapper tells how it is done.

WALKER'S SOAP

contains no scavenger greases nor free alkali, but is made from good wholesome tallow and coconut oil, under strictly sanitary conditions. Does nothing but cleanse and whiten; will not harm the most delicate laces nor sensitive hands.

No rubbing nor boiling—saves the back, hands and clothes.

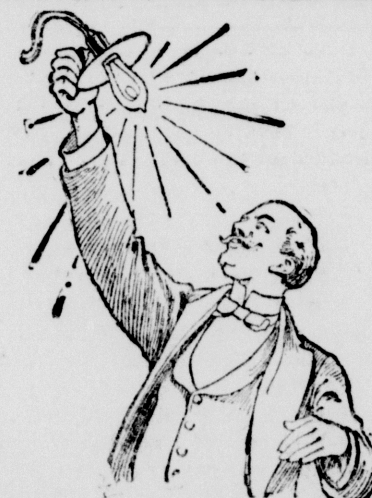

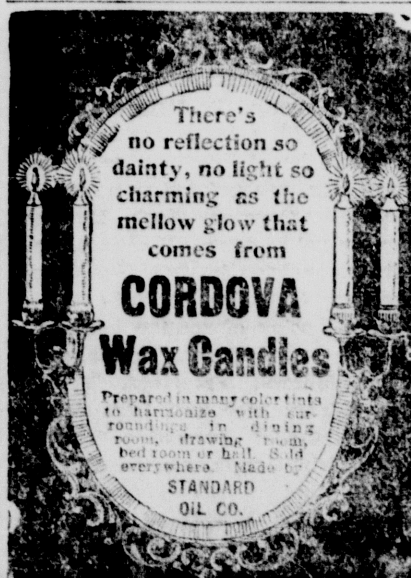

Look for the game rooster on the wrapper.

HELPING A FRIEND TO MEAT

Nothing but the best handled. Poultry at all times. Pure lard and Jersey butterine, best in the city. Try it. Kaser beef, dressed two times a week by Rev. Mason Man's. Pure country buckwheat flour, something hard to get.

FREE SAMPLE DISTRIBUTION

Will Reed Giving Away Mi-o-na, the Great Dyspepsia Cure.

The proprietors of Mi-o-na, the great dyspepsia remedy, have made arrangements with Will Reed, the popular druggist, to give away samples of Mi-o-na to those presenting the following coupon at his store:

COUPON.

This coupon, if presented at my store, entitles the holder to a two days' treatment of Mi-o-na, the great dyspepsia cure.

WILL REED.

Although Mi-o-na was introduced in East Liverpool but a few months ago, it is today outselling all other medicines advertised for the cure of dyspepsia, and the liberal plan of giving away samples should make many new friends for the remedy.

Mi-o-na is the only dyspepsia remedy upon the market that is sold under a positive guarantee to refund the money if it does not cure. A box costs but 50 cents and Will Reed will refund the money if it does not do all that is claimed for it.

The samples will not last long and every one who has trouble with dyspepsia, indigestion, headache, distress after eating, dizzy feeling or loss of appetite should take this coupon to Will Reed's store and get two days' treatment of Mi-o-na free. No other medicine could begin to do you so much good in a short time, and it costs you nothing.

OZOLINE
The cure for Sore Throat—A never failing remedy for Sore Mouth, Quinsy and Sore Throat of all kinds. If taken in time it prevents Diphtheria. Try it. Money refunded if it fails to cure.
25 and 50 cents—all druggists

EAST END

PILED UP PROMISCUOUSLY

Groceries Widely Distributed By the Upsetting of a Delivery Wagon.

Groceries were piled over a part of Pennsylvania avenue very promiscuously yesterday morning. Geon's delivery wagon was in the East End and shortly after passing Mulberry street on Pennsylvania avenue the front spring of the wagon broke, causing the bed to be thrown off.

The contents of the wagon were distributed over the entire street and the mule team which was attached to the wagon was only restrained from running by the presence of a number of persons who went to the driver's assistance. Aside from the injuries to the wagon and spilling a large part of the groceries no damage resulted, the driver escaping unhurt.

Interesting Services.

The week of prayer at the Second Presbyterian church is progressing well, the services so far having been very interesting and well attended. Last night Rev. James N. Swan, of the East End, occupied the pulpit and preached a good sermon. Tonight Rev. Mr. Cromwell will preach and on Thursday and Friday nights Rev. Mr. Snyder, of Long's Run Presbyterian church, will be present and deliver sermons. The pastor is greatly pleased with the outlook for a series of successful meetings.

Hod Carrier Badly Hurt.

William Hanna, employed as a hod carrier by Alex Chafin in the East End, met with a serious accident yesterday afternoon. He was working on a two-story building on Pennsylvania avenue and in ascending a ladder the latter in some way slipped and threw Hanna to the ground. The hod and contents fell on his back, causing a serious injury. Dr. R. J. Marshall was called and found that while the injuries were quite severe they would not result fatally.

Carl Carman Ill.

Squire W. L. Carman received a letter this morning from his sister in Washington county, Pa., telling him of the illness of his youngest son, Carl B. Carman. He was taken ill with inflammatory rheumatism the day after Mr. Carman's return home last week and has been confined to his bed ever since except the day on which the letter was written. Then he was able to be up and walk around the house.

P. H. C. Still Growing.

The regular meeting of the Protected Home Circle was held last night in the East End. Ten new members were initiated and the work was done according to the new rituals received only a few days ago. The members are greatly pleased with the revised work and claim that it can be equaled only by few lodges.

Whist Club Meeting.

The Pipe Dreamers' Whist club met last evening at the home of Charles Duncan on St. George street. This was the first meeting since before the holidays and all enjoyed the evening immensely. Several new names have been added to the club's list of members lately.

EAST END AFFAIRS.

Only one crew in the ghost department at Laughlin No. 3 was working today.

Mrs. J. T. Lacey, of the East End, who has been seriously ill, is rapidly recovering.

The Nonpareil club of the East End will give a dance tonight at the Larkins & Ferguson hall.

Mrs. Jefferson Fuller and child, of Calhoun's addition, are confined to the house on account of sickness.

Robert Maxwell, of Mulberry street, had a hand badly lacerated yesterday in a friendly scuffle by striking a pane of glass.

Dr. H. S. Wheeler, of Niles, O., has located in the West End and will occupy the property recently vacated by Rev. C. W. Orent.

The women's missionary society of the Second Presbyterian church of the East End, will hold its regular monthly meeting tomorrow afternoon at 2 o'clock at the home of Mrs. Frank Alabauka, of Mulberry street.

Our Great Pre-inventory Sale Commences Friday. Watch for Our Circulars.

KNOWLES BLOCK. WASHINGTON ST.

WAS EVENTFUL DAY.

Notable Speech by Senator Hoar on His Bill Regulating The Trusts.

SENATOR VEST ON DINGLEY LAW

Listened to With Breathless Silence as He Talked of Protected Industries—House Passes Bill for Creation of General Staff for Army.

Washington, Jan. 7.—The day in the senate was eventful because of a notable speech by Senator Hoar on his bill regulating trusts and an attack by Senator Vest on protected industries through the operation of the Dingley law. Senator Hoar's utterances were listened to with marked attention. He said that nearly all thoughtful men in this country are agreed that some legislation, state or national, ought to be had for the regulation and control of what are called "trusts," and of large masses of capital accumulated by corporations or artificial persons holding property and conducting business without individual liability. There was, he said, a general feeling of insecurity and alarm about the matter, and we were dealing with a real peril, and not with a fancied or imaginary danger. He argued that if his bill should become law and prove effective no corporation engaging in the commerce which is within the jurisdiction of congress can keep its condition a secret. The bill, he said, depends for its validity on the constitutional power of congress to regulate international and interstate commerce. Should the bill not prove effective, he contended that it would be easy to extend its operation by imposing a like personal liability on every stockholder.

Breathless Silence.

Senator Vest used as a text for his remarks his resolution, introduced Monday, instructing the finance committee to prepare and report a bill removing the duty on coal. Feeble in the extreme and supporting himself on his desk, he called attention to the condition of distress which had arisen as a result of the shortage in the coal supply. There was a breathless silence in the chamber as he spoke and every senator on the floor turned in his direction in order to catch his words. He said that the question was no longer a partisan one, but one of humanity, and that we are not on the verge of a crisis, but actually in it. He charged the Republican senators with being silent and dumb to the state of affairs, having only in mind the party cry, "stand pat." He characterized the Dingley tariff act as a "sacred elephant," with which nothing was to be done. He sarcastically remarked that if the whole question was one of raising money for the next presidential campaign that was the end of the discussion.

Mr. Aldrich took exception to some of Mr. Vest's statements, and at his request the resolution went over till today, when Mr. Aldrich will make reply.

At 4:20 the senate adjourned, after a brief executive session.

In the House.

The house yesterday passed the bill for the creation of a general staff for the army by a vote of 153 to 52.

After the general staff bill had been disposed of six members in succession, Messrs. Cooper (Wis.) Lamb

(Va.), Morrell (Pa.), Burk (Pa.), Casel (Pa.) and Adams (Pa.), arose and denied published reports to the effect that they had joined with other members to pool their clerical work.

Bills were passed to increase the pension of soldiers totally deaf from \$30 to \$40 per month; to fix the times for holding United States court in Utah; to provide additional punishment for persons twice convicted of counterfeiting; to change the boundaries of the southern and central judicial divisions of Indian territory and to authorize Washington and Westmoreland counties, Pa., to construct a bridge across the Monongahela river.

At 3:50 the house adjourned.

COUNTY AND NEIGHBORHOOD

Dr. W. J. O'Connell, mayor and former postmaster of Mingo Junction, is dead, aged about 45 years.

Notice is given of the appointment of Comrade N. B. Stewart, of Empire, as an aide-de-camp to Commander-in-Chief Thomas J. Stewart, of the G. A. R.

The State Association of County Commissioners will meet in Cincinnati January 13, 14 and 15. The program includes addresses by Governor Nash and Lieutenant Gordon.

Probate Judge J. C. Boone's term of office expires on February 7, when Hon. J. A. Martin will assume the position. Judge Boone will probably establish a law office in Lisbon.

In the Hopedale oil district the Sutherland Oil company has drilled in a test well on the Shepler farm that produces 40 barrels the first 24 hours after it was drilled into the Berea sand.

A well developed case of smallpox has been discovered at Amsterdam, Jefferson county. The victim is a young man named Polen, a son-in-law of Dr. Allen. The young man recently returned from Pittsburgh and was taken ill.

The United States supreme court has decided in favor of the validity of the ordinance of the town of New Hope, Pa., imposing a license fee on telegraph wires and poles. The law was antagonized by the Western Union Telegraph company.

All the through express trains of the Pennsylvania between New York, Philadelphia, Pittsburgh, Chicago and St. Louis are to be equipped with free libraries. Such libraries are already in service on the Pennsylvania limited and the Pennsylvania special.

UNCLAIMED LETTERS

List of Letters Awaiting Owners at the East Liverpool Postoffice.

List of letters remaining in the postoffice at East Liverpool January 6, 1903:

Gentlemen's list—J. R. Alexander, John M. Bayless, Harry Boman, Wilson Carroll, Clyde Coats, James Cartledge, Walter Gerrew, J. J. George, Hender son Hobbs, Prof. W. S. Jones, Wally Johnston, John Krouse, G. W. Kurtis, Mort Lent, John J. Lone, Rev. E. I. Lobberstein, John Mays, Lawrence McKenzie, Tom Mitchison, S. W. Price, G. W. Patterson, Potters Co. Operative Store company, E. O. Peets, W. O. Ross, Harlem Ramsay, J. F. Rauch, C. H. Sayers, Samuel Saltzman, Union Specialty Supply company, H. B. Weatherhead, Charles Wilson.

Ladies' list—Mrs. Onie Batts, Miss Maggie Boice, A. Decilia Brednow, Mrs. Spence Cunningham, Rosell Cunningham, Miss Jessie Daniels, Miss Frank Falcon, Miss Nancy Garvin, Miss Elizabeth Molyneux, Mrs. E. Mc Masters, Miss Arlea Miller, Miss Anna Orr, Miss Mabel Province, Mrs. Theo Parker (2), Mrs. Ella Powell, Mrs. Mary T. Roudeshush, Mrs. Albert Smith, Mrs. Minnie Smith, Fraulein Paula, Mrs. Charlie Williams.

Be Quick.

Not a minute should be lost when a child shows symptoms of croup. Chamberlain's Cough Remedy given as soon as the child becomes hoarse, or even after the croup cough appears, will prevent the attack. It never fails, and is pleasant and safe to take. For sale by Alvin H. Bulzer, druggist.

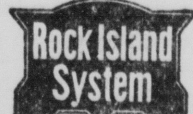

For Over Sixty Years. An Old and Well-Tried Remedy. Mrs. Winslow's SOOTHING SYRUP has been used for over sixty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Sold by druggists in every part of the world. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind. Twenty-five cents a bottle.

Why Not "Go Tourist?"

It is the sensible way to go to California—much less expensive than traveling in a standard sleeper, and almost as comfortable.

But be sure you go the right way—via the El Paso-Rock Island route. It is the quickest tourist car line to Southern California. Only three days Chicago to Los Angeles.

Cars leave Chicago daily. The Wednesday and Friday cars are "personally conducted"—that is, they are in charge of experienced excursion conductors, who relieve you of all bother about tickets and baggage.

Another good route to California is via Colorado Springs and Salt Lake City. Tuesdays and Thursdays are the days cars leave Chicago for San Francisco and Los Angeles. Folder giving full information furnished on request.

Phil. A. Auer, D.P.A., 415 Park Bldg., Pittsburg, Pa.

NEURALGYLINE FOR THE NERVES
IF YOU suffer from Neuralgic headaches that make you life miserable; that keep you awake at night; that unfit you for business; that make you disagreeable and surly; if you suffer from those awful splitting neuralgic headaches that make you wish you were dead, you can now be easily, quickly and harmlessly relieved of them.
NEURALGYLINE RELIEVES ANY KIND OF NEURALGIC PAIN.
It will relieve your most terrible pains in 20 minutes. It does this by removing the cause of all nerve troubles—by quieting them. Neuralgyline is not a cure-all. Its only mission is to relieve pain caused by neuralgia and kindred troubles. It does do that and does it thoroughly. Neuralgyline has stood the test for many years. Thousands of people all over the country swear by it.
IT IS THE ONLY SURE RELIEF FOR NEURALGIA.

MISS FAY LEE,
President of the Shakespearian Club, Kansas City.
"Your booklet came to my home like a message of health when I had suffered with headache, backache and bearing-down pains. I was weak, nervous and hysterical and had not consulted any doctor, thinking it would pass away in time, but instead I found that the pains increased and were more frequent. I decided to try Wine of Cardui and in a short time was much improved. It seemed to act like a charm. I kept up the treatment and the result was most satisfactory. Words fail to express my gratitude for the suffering that is now saved me. I am in fine health, physically and mentally. I can only say 'thank you', but there is much more in my heart for you."
BEARING-DOWN pains are the worst that women know. If you are suffering from this trouble you need not be uncertain about it. The pains in the abdomen and back that feel as if heavy weights were pulling down on the nerves of the stomach are "bearing-down pains". They may not be particularly severe at present but they are growing worse. That headache which nearly drives you distracted now is caused by the terrible nervous tension. The nerves soon begin to give way under the strain. You perhaps jump at any unusual disturbance, or laugh or weep, hysterically, at no apparent cause. That is what Miss Fay Lee, 603 1/2 North Seventh Street, Kansas City, Kansas, was coming to when she rescued herself by taking Wine of Cardui. The Wine made her a strong, healthy woman again, as it has made a million other women strong and healthy. By inducing regular menstruation the entire system is relieved of the terrible wasting drains. The ligaments which hold the womb in place are strengthened by a healthy flow and that organ is returned to its normal position. Returning health is the result. This is what Wine of Cardui has done for thousands of the best women in America.
If you need advice write The Ladies' Advisory Department, The Chattanooga Medicine Company, Chattanooga, Tenn., describing all your symptoms freely, and a letter of advice will be sent you. Secure a \$1.00 bottle of Wine of Cardui from your druggist to-day.
WINE of CARDUI A million suffering women have found relief in Wine of Cardui.

FREESAMPLE DISTRIBUTION

Will Reed Giving Away Mi-o-na, the Great Dyspepsia Cure.

The proprietors of Mi-o-na, the great dyspepsia remedy, have made arrangements with Will Reed, the popular druggist, to give away samples of Mi-o-na to those presenting the following coupon at his store:

COUPON.

This coupon, if presented at my store, entitles the holder to a two days treatment of Mi-o-na, the great dyspepsia cure.

WILL REED.

Although Mi-o-na was introduced in East Liverpool but a few months ago, it is today outselling all other medicines advertised for the cure of dyspepsia, and the liberal plan of giving away samples, should make many new friends for the remedy.

Mi-o-na is the only dyspepsia remedy upon the market that is sold under a positive guarantee to refund the money if it does not cure. A box costs but 50 cents and Will Reed will refund the money if it does not do all that is claimed for it.

The samples will not last long and every one who has trouble with dyspepsia, indigestion, headache, dizziness after eating, dizzy feeling or loss of appetite should take this coupon to Will Reed's store and get two days' treatment of Mi-o-na free. No other medicine could begin to do you so much good in a short time, and it costs you nothing.

OZOLINE

Will cure that Sore Throat—A never failing remedy for Sore Throat, Quinsy and Sore Throat of all kinds. It taken in time it prevents Diphtheria. Try it. Money refunded if it fails to cure.

25 and 50 cents—all druggists

PILED UP PROMISCUOUSLY

Groceries Widely Distributed By the Upsetting of a Delivery Wagon.

Groceries were piled over a part of Pennsylvania avenue very promiscuously yesterday morning. Geon's delivery wagon was in the East End and shortly after passing Mulberry street on Pennsylvania avenue the front spring of the wagon broke, causing the bed to be thrown off.

The contents of the wagon were distributed over the entire street and the mule team which was attached to the wagon was only restrained from running by the presence of a number of persons who went to the driver's assistance. Aside from the injuries to the wagon and spilling a large part of the groceries no damage resulted, the driver escaping unhurt.

Interesting Services.

The week of prayer at the Second Presbyterian church is progressing well, the services so far having been very interesting and well attended. Last night Rev. James N. Swan, of the East End, occupied the pulpit and preached a good sermon. Tonight Rev. Mr. Cromwell will preach and on Thursday and Friday nights Rev. Mr. Snyder, of Long's Run Presbyterian church, will be present and deliver sermons. The pastor is greatly pleased with the outlook for a series of successful meetings.

Hod Carrier Badly Hurt.

William Hanna, employed as a hod carrier by Alex Chafin in the East End, met with a serious accident yesterday afternoon. He was working on a two-story building on Pennsylvania avenue and in ascending a ladder the latter in some way slipped and threw Hanna to the ground. The hod and contents fell on his back, causing a serious injury. Dr. R. J. Marshall was called and found that while the injuries were quite severe they would not result fatally.

Carl Carman Ill.

Squire W. L. Carman received a letter this morning from his sister in Washington county, Pa., telling him of the illness of his youngest son, Carl B. Carman. He was taken ill with inflammatory rheumatism the day after Mr. Carman's return home last week and has been confined to his bed ever since except the day on which the letter was written. Then he was able to be up and walk around the house.

P. H. C. Still Growing.

The regular meeting of the Protected Home Circle was held last night in the East End. Ten new members were initiated and the work was done according to the new rituals received only a few days ago. The members are greatly pleased with the revised work and claim that it can be equaled only by few lodges.

Whist Club Meeting.

The Pipe Dreamers' Whist club met last evening at the home of Charles Duncan on St. George street. This was the first meeting since before the holidays and all enjoyed the evening immensely. Several new names have been added to the club's list of members lately.

EAST END AFFAIRS.

Notable Speech by Senator Hoar on His Bill Regulating The Trusts.

SENATOR VEST ON DINGLEY LAW

Listened to With Breathless Silence as He Talked of Protected Industries—House Passes Bill for Creation of General Staff for Army.

Washington, Jan. 7.—The day in the senate was eventful because of a notable speech by Senator Hoar on his bill regulating trusts and an attack by Senator Vest on protected industries through the operation of the Dingley law. Senator Hoar's utterances were listened to with marked attention. He said that nearly all thoughtful men in this country are agreed that some legislation, state or national, ought to be had for the regulation and control of what are called "trusts," and of large masses of capital accumulated by corporations or artificial persons holding property and conducting business without individual liability. There was, he said, a general feeling of insecurity and alarm about the matter, and we were dealing with a real peril, and not with a fancied or imaginary danger. He argued that if his bill should become law and prove effective no corporation engaging in the commerce which is within the jurisdiction of congress can keep its condition a secret. The bill, he said, depends for its validity on the constitutional power of congress to regulate international and interstate commerce. Should the bill not prove effective, he contended that it would be easy to extend its operation by imposing a like personal liability on every stockholder.

Breathless Silence.

Senator Vest used as a text for his remarks his resolution, introduced Monday, instructing the finance committee to prepare and report a bill removing the duty on coal. Feeble in the extreme and supporting himself on his desk, he called attention to the condition of distress which had arisen as a result of the shortage in the coal supply. There was a breathless silence in the chamber as he spoke and every senator on the floor turned in his direction in order to catch his words. He said that the question was no longer a partisan one, but one of humanity, and that we are not on the verge of a crisis, but actually in it. He charged the Republican senators with being silent and dumb to the state of affairs, having only in mind the party cry, "stand pat." He characterized the Dingley tariff act as a "sacred elephant," with which nothing was to be done. He sarcastically remarked that if the whole question was one of raising money for the next presidential campaign that was the end of the discussion.

Mr. Aldrich took exception to some of Mr. Vest's statements, and at his request the resolution went over till today, when Mr. Aldrich will make reply.

At 4:20 the senate adjourned, after a brief executive session.

ALLIED PRINTING
TRADES UNION COUNCIL
EAST LIVERPOOL, O.

WEDNESDAY, JANUARY 7, 1903.

More and more each year the foremost educators of the country are advocating the use of newspapers in the school room. The right sort of a newspaper is a compendium of valuable information. From its columns the student can gain much knowledge of geography and history and kept posted on what is going on in the world of science and industry. Every newspaper, like every citizen, should be patriotic to the core. In this respect children are, by a noble intuition, the aptest of pupils. Newspapers can not be published as text books, but if their tone is sound and matter carefully prepared and accurate, they unquestionably contain much that will profitably occupy a part of the time of pupils beginning to think of themselves.

The American people have definitely decided that they will keep the Philippines and will endeavor to make their people American. The shortest way to do this is to bring their people into contact with us in the great assimilating relations of employer and employee—to give the Filipinos and ourselves the advantages of mutual assistance in developing industries and acquiring wealth. The legislation recommended by the Philippine commission is framed to keep the peace and promote the prosperity of the islands, and should be promptly enacted by congress.

Silas E. Manson, of Houlton, Me., is one of the few men in the country who has got ahead of the green goods men. He went to Boston to purchase \$10,000 worth of money at 45 cents on the dollar. He examined the "goods" and decided that they were all right. The dealers wanted to wrap up the money, but he would not have it that way. Then they tried to whip him. He knocked them down and out, packed up all the money in sight and took his departure.

A Washington correspondent with nothing else to do writes an extended article about "an organized movement which has for its purpose the presentation of Grover Cleveland as a candidate for the next Democratic nomination for the presidency." Imagine the result if such a movement were seriously inaugurated! The historic encounter of the monkey and the parrot would be a love feast in comparison.

The position of the administration on the trust question is succinctly but strongly stated by Attorney General Knox. With this as a guide congress ought not to find it difficult to enact a wise and beneficial law upon the subject.

A Washington dispatch says that the Democrats want a new leader. Considering the number of prominent Democrats out of a job, it would seem that a small advertisement ought to bring numerous applications.

There are 204,000 miles of steam railway in the United States, of which only 1,270 miles are operated by re-

Rheumatism

What is the use of telling the rheumatic that he feels as if his joints were being dislocated?

He knows that his sufferings are very much like the tortures of the rack.

What he wants to know is what will permanently cure his disease.

That, according to thousands of grateful testimonials, is

Hood's Sarsaparilla

It promptly neutralizes the acid in the blood on which the disease depends, completely eliminates it, and strengthens the system against its return. Try Hood's.

ceivers. This vast property is almost completely solvent and its general prosperity is the greatest it has ever known.

What has become of the agricultural fair project for this city? East Liverpool ought to be able to spare time to work at this winter and attend to politics, too.

Each year \$80,000,000 of freshly mined gold is added to the stock in the United States. That means a billion in 12 years. This is truly a billion-dollar country.

If the war lords went into the Venezuela affair with any expectation of winning glory or a diplomatic point they have been decidedly disappointed.

The Pennsylvania railroad proposes to double its capital. If it will likewise double its facilities for doing business the public will be thankful.

What the allies will get from Venezuela will not pay for the powder expended.

OBITUARY

John A. Deefers.

Lisbon, January 7.—(Special)—Word has been received here of the death of John A. Deefers, which occurred at Demery, N. M., December 31. He was 50 years old and left Lisbon about 30 years ago. He leaves a wife and 3 children. Three brothers, Lee, W. K., and L. C. Deefers, all of Lisbon, also survive him.

AT THE THEATER

The Augustin Daly Musical company presented in "San Toy," a Chinese English musical comedy, at the Grand last evening to a well filled house. There has not been a more pleasing production at the Grand this season. The singing, the costumes and the scenery were all commendable and the comedy parts contained real fun. Samuel Collins had the chief comedy role as "Li" and was the favorite with a majority of the audience. Miss Isabel Hall as San Toy, the leading part; Herbert Smock as Bobby Preston and George K. Fortesque as Yen How, the mandarin, sang in good voice and their numbers were roundly applauded.

At the Grand Saturday, January 10, the powerful melodrama, "In Convict Stripes." The play is one of dramatic strength, telling a thrilling story of love and jealousy and its emotional scenes are so pathetic that they bring tears to every eye. Through the action runs a vein of fine comedy, and the author has created many quaint stage characters. The plot is strikingly original and the climaxes, while sensational in the extreme, are most probable. The pinnacle of realism is reached in the great third act where in a southern convict camp is shown.

A scene that fascinates while it might repel is the picture of the East River front den in "New York Day by Day," which comes to the Grand to night. It is a true picture of the crooks' resort, presided over by a hag who is the guiding genius of their evil lives. It is a realistic scene and shows the under side of life, of which the majority are happily ignorant.

Fine Job Printing—News Review.

The Principle On Which We Do Business...

Our aim is always to serve our customers in the way which will in the long run be the most satisfactory to them, and be to their greatest welfare. Often to do this, we must direct their attention away from the things they want to buy, not knowing about them as well as we do. We have built up a large business, and have a long list of customers who have the utmost confidence in us, because we try to be thoroughly reliable family druggists. We invite your trade.

COMMISSIONERS WILL ACT

Continued from First Page.

allow him to continue running the cars as in the past. Mr. Healy got but little satisfaction from the councilmen.

It is known here that the county commissioners are in error in asserting that there are no complaints from street railway patrons outside of Wellsville. Several who own property along the county road are as much opposed to the half hour schedule as anybody in Wellsville.

FRIENDS AND VISITORS

E. W. Hill was a business visitor in Lisbon today.

Miss Myrtle Webber is ill at her home on Sixth street.

J. B. Bowers and family have moved from this city to Sebring.

James O'Hanlon, of Sixth street, is seriously ill with pneumonia.

Mr. and Mrs. John Butler, of Pleasant Heights, are both very ill.

William Anson left this morning for a business trip to Cleveland.

Harry Staley and Frank Gallimore were in Pittsburgh last evening.

Elijah W. Hill is at Lisbon today attending to some legal business.

Harry Wallace has moved his family from this city to East Palestine.

Rex McConnell is ill at his home threatened with an attack of fever.

The Kindsvater family, of the West End, are preparing to move to Wheeling.

Mrs. Frank Riley has moved into her new residence on Pennsylvania avenue.

J. S. Campbell left last night for a two weeks' hunting trip near New Matamoras.

George Carey is able to be out after suffering a week from a slight attack of the grip.

Will S. Goodwin left today for Pittsburgh, where he will visit relatives for several days.

Dr. J. F. Bumpus will leave in a few days for Columbus to attend the state meeting of osteopaths.

Rev. Alex Steele left yesterday afternoon for Empire, where he will spend a short time with friends.

Miss Flo Fouts, of Fifth street, has gone to Wheeling, where she will be the guest of her aunt until spring.

William Dalrymple, of Washingtonville, candidate for sheriff of this county, was in the city yesterday calling on friends.

Mrs. P. W. McGinness and children, Mildred and Genevieve, returned to their home in North Wheeling after a visit here.

Mrs. James Logan, of Sixth street, is ill at East Palestine with typhoid fever. Mrs. Logan became sick while visiting there.

Mrs. A. J. Boyce has returned from Pittsburgh, where she has been attending the funeral of her brother, who died in that city.

Jerry Hester and sisters, Margaret and Annie, have returned to their home in McKeesport, after a pleasant visit here with relatives.

W. G. Dorff has resigned his position as teacher of the "Breezy Point" school on Pleasant Heights. He was succeeded by Miss Harriet A. Poe.

Roger, the little son of Mr. and Mrs. E. W. Hill, of Seventh street, who has been ill for several days, is not improving and his condition is considered serious.

William Lee, of Fourth street, who has been confined to the house for several days being threatened with typhoid fever, is now much improved and is able to be out again.

Rev. Mr. Steele, of this city, will leave Saturday for Waynesburg, Pa., where he will remain for a couple of weeks helping his brother in conducting a series of revival meetings.

Mrs. George P. Kirk accompanied her daughter, Miss Georgia, as far as Rochester, that young lady being on the way to Baltimore to resume her studies at the College for Women.

Miss Bertha Shuller, who has been the guest of Miss Rose McCarron, of 172 Jefferson street, for a few days, was called to her home in Wheeling yesterday afternoon on account of the critical illness of her niece. The message to Miss Shuller requesting her to come home said that it was expected that her niece would live but a short time.

GHST HAS BEEN SEEN BY SALINEVILLE FOLK

An Uncanny Visitor Whom Brave Young Men Propose to Put Out of Business.

Salineville, January 7.—(Special)—Residents of the school house hill have been lately troubled with a ghost. No less than a half dozen persons say that they have been accosted on their way home by the uncanny creature.

A number of brave young men have volunteered to put the ghost out of business.

News Review ads. always bring customers.

PRESCRIPTION ECONOMY

ALL prescriptions are here prepared from drugs of known potency. Many of them are assayed drugs—drugs, the strength of which has been determined by analysis. Such drugs are needed to insure results and speedy recovery. Sickness is expensive enough without increasing expense by delaying a cure. Cheap drugs and improper compounding are dangerous extravagances. The scientific prescription filling we do would be cheap if our prices were high, which they never are. Quality considered, they are always low.

CHAS. F. CRAIG,

DRUGGIST.

Corner W. Fifth and Market Streets.

TO COMMENCE PROCEEDINGS.

W. R. Hearst Petitions Attorney General Cunnene to Take Action Against Coal Combine.

Albany, N. Y., Jan. 7.—Attorney General Cunnene received a petition yesterday from William Randolph Hearst to commence proceedings against the Reading company, the Philadelphia and Reading Coal and Iron company, the Central Railroad Company of New Jersey, the Lehigh and Wilkesbarre Coal company, the Lehigh Valley Railroad company, the Lehigh Valley Coal company, the Pennsylvania Coal company, the Delaware, Lackawanna and Western Railroad company, the Susquehanna and Western Railroad company, the Temple Iron company, the Delaware and Hudson company, the New York, Ontario and Western Railroad company and the Erie Railroad company, under the state anti-trust law.

The petition sets forth the allegation that these companies constitute a monopoly, which controls the anthracite coal fields of Pennsylvania. The petition is similar to that presented to Attorney General Davies and upon which he decided not to act before the expiration of his term of office, because of the investigation which is in progress in the United States coal strike commission.

NATIONAL CAPITAL NOTES.

Senator Clay yesterday introduced a bill to provide for the free importation of commodities controlled by trusts.

It is announced informally that the president shortly will appoint Rev. Dr. Lyons, a colored preacher of Baltimore, as United States minister to Liberia.

The secretary of the navy received his first cable message from Honolulu yesterday. It simply announced that the cruiser Solace sailed from that port for Guam and the Philippines.

The president has directed the appointment of Lieutenant Colonel John A. Johnston, of the adjutant general's department, to be a brigadier general to fill the vacancy caused by the retirement of General H. C. Hasbrouck.

President Roosevelt has accepted an invitation to attend the banquet to be given by the Canton Republican league, in Canton, O., on Tuesday evening, Jan. 27. The banquet is to be in honor of the birthday of the late President McKinley.

Representative Mann, of Illinois, yesterday reported for the house committee on interstate and foreign commerce a substitute for the senate bill to establish a new department of commerce and labor, the features of which have been announced.

Representatives of the Pittsburgh Plate Glass company testified before the interstate commerce commission yesterday in substantiation of the charges that the railroads are discriminating against American manufacturers in their import and domestic freight tariffs.

Representative Jenkins, chairman of the house judiciary committee, introduced a bill yesterday providing for the appointment by the president of two additional officers in the department of justice, one to be called the assistant to the attorney general, at a salary of \$5,000 a year, the other to be called assistant attorney general, at \$5,000 a year.

ANY COMPLAINTS REGARDING THE DELIVERY OF THE EVENING NEWS REVIEW SHOULD BE SENT TO THE OFFICE AT ONCE.

We have been telling you about the GRIDDLE CAKE FLOURS. We have the pure Maple Syrup to go with them. Both seasonable. Malt-Too Flake is of particular interest to the dealer. W. A. Weaver will supply your needs and save you freight.

W. A. WEAVER,

199-200 Washington St.

ANTHRACITE STRIKE HEARING.

Twenty-Two Men Appeared Before the Commission Yesterday and Told of Persecutions.

Philadelphia, Jan. 7.—Twenty-two men, all but one of whom were employed in and about the coal mines, appeared before the anthracite coal strike commission at its first session in this city yesterday and recited the oft-told tales of persecutions they and others underwent during the late coal strike because they chose to work rather than join the strikers. The single exception was Charles H. Schadt, of Scranton, the sheriff of Lackawanna county, and his presence on the stand, under the cross-examination of President John Mitchell, of the miners' union, proved to be the principal feature of the day's proceedings.

While the entire day was taken up in hearing the stories of intimidation, boycotting and personal violence, the commission learned nothing new, the evidence being mostly cumulative.

Samuel Dickson, of Philadelphia, attorney for the independent operators in the Hazleton region, submitted to the committee yesterday the wage statements of the companies he represented.

It was stated by a member of the commission yesterday that it is possible the earnings of the commission may take up not above two more weeks. The lawyers for the non-union men say they find it difficult to bring witnesses before the commission, because they fear bodily harm. As the commission cannot compel the presence of any person, counsel asked the commission to invite the desired persons to come here and testify, and the request was granted.

J. M. KELLY, President.
GEO. W. HOPKINS, N. G. MAHER, Vice President.

S. T. HERBERT, Secretary.
W. J. HARRIS, Treasurer.

ANTHRACITE STRIKE HEARING.

Twenty-Two Men Appeared Before the Commission Yesterday and Told of Persecutions.

Philadelphia, Jan. 7.—Twenty-two men, all but one of whom were employed in and about the coal mines, appeared before the anthracite coal strike commission at its first session in this city yesterday and recited the oft-told tales of persecutions they and others underwent during the late coal strike because they chose to work rather than join the strikers. The single exception was Charles H. Schadt, of Scranton, the sheriff of Lackawanna county, and his presence on the stand, under the cross-examination of President John Mitchell, of the miners' union, proved to be the principal feature of the day's proceedings.

While the entire day was taken up in hearing the stories of intimidation, boycotting and personal violence, the commission learned nothing new, the evidence being mostly cumulative.

Samuel Dickson, of Philadelphia, attorney for the independent operators in the Hazleton region, submitted to the committee yesterday the wage statements of the companies he represented.

It was stated by a member of the commission yesterday that it is possible the earnings of the commission may take up not above two more weeks. The lawyers for the non-union men say they find it difficult to bring witnesses before the commission, because they fear bodily harm. As the commission cannot compel the presence of any person, counsel asked the commission to invite the desired persons to come here and testify, and the request was granted.

J. M. KELLY, President.

More and more each year the fore-

most educators of the country are ad-

vocating the use of newspapers in the

school room. The right sort of a news-

paper is a compendium of valuable in-

formation. From its columns the stu-

dent can gain much knowledge of ge-

ography and history and kept posted

on what is going on in the world of

science and industry. Every news-

paper, like every citizen, should be pa-

triotic to the core. In this respect

children are, by a noble intuition, the

apostles of pupils. Newspapers can not

be published as text books, but if their

tone is sound and matter carefully

prepared and accurate, they unquestion-

ably contain much that will profitably

occupy a part of the time of pupils

beginning to think of themselves.

The American people have definitely

decided that they will keep the Philip-

pines and will endeavor to make their

people American. The shortest way to

do this is to bring their people into

contact with us in the great assimilat-

ing relations of employer and employ-

ed—to give the Filipinos and ourselves

the advantages of mutual assistance in

developing industries and acquiring

wealth. The legislation recommended

by the Philippine commission is

framed to keep the peace and promote

the prosperity of the islands, and

should be promptly enacted by con-

gress.

Silas E. Manson, of Houlton, Me., is

one of the few men in the country who

has got ahead of the green goods men.

He went to Boston to purchase \$10,000

worth of money at 45 cents on the dol-

lar. He examined the "goods" and de-

clared that they were all right. The

dealers wanted to wrap up the money,

but he would not have it that way.

Then they tried to whip him. He

knocked them down and out, packed

up all the money in sight and took his

departure.

A Washington correspondent with

nothing else to do writes an extended

article about "an organized movement

which has for its purpose the presen-

tation of Grover Cleveland as a candi-

date for the next Democratic nomina-

tion for the presidency." Imagine the

result if such a movement were se-

riously inaugurated! The historic en-

counter of the monkey and the parrot

would be a love feast in comparison.

The position of the administration

on the trust question is succinctly but

strongly stated by Attorney General

Knox. With this as a guide congress

ought not to find it difficult to enact a

wise and beneficial law upon the sub-

ject.

A Washington dispatch says that the

Democrats want a new leader. Con-

sidering the number of prominent

Democrats out of a job, it would seem

that a small advertisement ought to

bring numerous applications.

There are 294,000 miles of steam

railway in the United States, of which

only 1,270 miles are operated by re-

Rheumatism

What is the use of telling the rheumatic

that he feels as if his joints were being

located?

He knows that his sufferings are very

much like the tortures of the rack.

What he wants to know is what will per-

manently cure his disease.

That, according to thousands of grateful

testimonials, is

Hood's Sarsaparilla

It promptly neutralizes the acid in the

blood on which the disease depends, com-

pletely eliminates it, and strengthens the

system against its return. Try Hood's.

ceivers. This vast property is almost

completely solvent and its general

prosperity is the greatest it has ever

known.

What has become of the agricultural

fair project for this city? East Liver-

pool ought to be able to spare time

to work at this winter and attend to

politics, too.

Each year \$80,000,000 of freshly

mined gold is added to the stock in the

United States. That means a billion in

12 years. This is truly a billion-dollar

country.

If the war lords went into the Vene-

zuela affair with any expectation of

winning glory or a diplomatic point

they have been decidedly disappoint-

ed.

The Pennsylvania railroad proposes

to double its capital. If it will like-

wise double its facilities for doing

business the public will be thankful.

What the allies will get from Vene-

zuela will not pay for the powder ex-

pended.

OBITUARY

John A. Deefe.

Lisbon, January 7.—(Special)—

Word has been received here of the

death of John A. Deefe, which oc-

curred at Demery, N. M., December

31. He was 50 years old and left

Lisbon about 30 years ago. He leaves

a wife and 3 children. Three broth-

ers, Lee, W. K., and L. C. Deefe, all

of Lisbon, also survive him.

AT THE THEATER

The Augustin Daly Musical company

presented in "San Toy," a Chinese

English musical comedy, at the Grand

last evening to a well filled house.

There has not been a more pleasing

production at the Grand this season.

The singing, the costumes and the

scenery were all commendable and the

comedy parts contained real fun. Sam-

ual Collins had the chief comedy role

as "Li" and was the favorite with a

majority of the audience. Miss Isabel

Hall as Saa Toy, the leading part; Ho-

bart Smock as Bobby Preston and

George K. Fortesque as Yen How, the

mandarin, sang in good voice and

their numbers were roundly applaud-

ed.

At the Grand Saturday, January 10,

the powerful melodrama, "In Convict

Stripes." The play is one of dra-

matic strength, telling a thrilling story

of love and jealousy and its emotional

scenes are so pathetic that they bring

tears to every eye. Through the ac-

tion runs a vein of fine comedy, and

the author has created many quaint

stage characters. The plot is striking-

ly original and the climaxes, while

sensational in the extreme, are most

probable. The pinnacle of realism is

reached in the great third act where

in a southern convict camp is shown.

A scene that fascinates while it

might repel is the picture of the East

River front den in "New York Day by

Day," which comes to the Grand to-

night. It is a true picture of the

crooks' resort, presided over by a hag

who is the guiding genius of their evil

lives. It is a realistic scene and shows

the under side of life, of which the

majority are happily ignorant.

The Principle

On Which We

Do Business...

Our aim is always to serve

our customers in the way which

will in the long run be the most

satisfactory to them, and be to

their greatest welfare. Often

to do this, we must direct their

attention away from the things

they want to buy, not knowing

about them as well as we

do. We have built up a

large business, and have a

long list of customers who

have the utmost confidence

in us, because we try to be thor-

oughly reliable family druggists.

We invite your trade.

COMMISSIONERS WILL ACT

Continued from First Page.

allow him to continue running the

cars as in the past. Mr. Healy got but

little satisfaction from the council-

men.

It is known here that the county

commissioners are in error in asser-

ting that there are no complaints from

street railway patrons outside of

Wellsville. Several who own prop-

erty along the county road are as

much opposed to the half hour sched-

ule as anybody in Wellsville.

FRIENDS AND VISITORS

E. W. Hill was a business visitor in

Lisbon today.

Miss Myrtle Webber is ill at her

home on Sixth street.

J. B. Bowers and family have moved

from this city to Sebring.

James O'Hanlon, of Sixth street, is

seriously ill with pneumonia.

Mr. and Mrs. John Butler, of Pleas-

ant Heights, are both very ill.

William Anson left this morning for

a business trip to Cleveland.

Harry Staley and Frank Gallimore

were in Pittsburgh last evening.

Elijah W. Hill is at Lisbon today at-

tending to some legal business.

Harry Wallace has moved his family

from this city to East Palestine.

Rex McConnell is ill at his home

threatened with an attack of fever.

The Kindsvater family, of the West

End, are preparing to move to Wheel-

ing.

Mrs. Frank Riley has moved into

her new residence on Pennsylvania

avenue.

J. S. Campbell left last night for a

two weeks' hunting trip near New

Matamoras.

George Carey is able to be out after

suffering a week from a slight attack

of the grip.

Will S. Goodwin left today for Pitts-

burg, where he will visit relatives for

several days.

Dr. J. F. Bumpus will leave in a

few days for Columbus to attend the

state meeting of osteopaths.

Rev. Alex Steele left yesterday af-

ternoon for Empire, where he will

spend a short time with friends.

Miss Flo Fouts, of Fifth street, has

gone to Wheeling, where she will be

the guest of her aunt until spring.

William Dalrymple, of Washington-

ville, candidate for sheriff of this coun-

ty, was in the city yesterday calling on

friends.

Mrs. P. W. McGinness and children,

Mildred and Genevieve, returned to

their home in North Wheeling after a

visit here.

Mrs. James Logan, of Sixth street,

is ill at East Palestine with typhoid

fever. Mrs. Logan became sick while

visiting there.

</

WELLSVILLE

LARGER PUMPS NEEDED

Wellsville Water Works Trustees Propose Big Additions to the Equipment.

The regular weekly meeting of the water works trustees was held last evening, at which time all members were present. Consulting Engineer Bowen, of Pittsburg, was also present.

After the regular routine business was transacted, including the paying of a few bills, the question of equipment for the new water works plant was brought up for discussion. It was decided to lay aside all of the bids received by the board December 16 and which called for two single acting pumps of a 2,000-gallon capacity per 24 hours. Bids were also laid aside for the engines which were called in by the board on the same date.

It was decided upon the suggestion of the new superintendent, Mr. Ewing, to purchase two pumps of 3,000-gallon capacity and also two engines and two tubular boilers. The board will advertise for bids at once for the furnishing of two 3,000-gallon pumps, two 175-horsepower engines, two 200-horsepower tubular boilers, two 200-horsepower water boilers and one feed pump. Bids are to be furnished with the tubular boilers and the water tube engines.

Although no decision was made at the meeting last evening, it is known that the board have about decided upon the present pumping station for the new plant. A small portion of additional ground will be used for the construction of the new plant. Plans have yet been done toward building up the plans for the buildings at the plant, although this can be done at a short length of time.

Discovered Just in Time.

That might have proven a most disastrous fire occurred in Haugh's livery in Maple alley. Ed Carson, a helper at the mill, while passing through the alley, noticed a small fire and immediately extinguished it by slapping with his hat. He is of the belief that the fire was caused by an incendiary.

Drunk for Six Months.

Harry Glover, a well known local character, who is generally under the influence of liquor, presented a very unusual spectacle as he strolled through the streets yesterday afternoon carrying a sign upon his back which read: "I've been drunk for the last six months. Show me the way to go sober." Glover was not aware that he had been pinned to the sign by some "Tophet."

Meetings of Unions.

Local Union No. 40, N. B. of O. P., held its regular meeting last evening at Potters' hall. Routine business was transacted and the entire session. Local No. 24, Brotherhood of Paint, Decorators and Paperhangers of East, will hold its regular meeting Tuesday evening in the same hall.

WELLSVILLE SHORT STORIES.

W. Wood is in Cleveland on business.

Day, of Steubenville, is visiting here.

Bliss, of Cleveland, is visiting here.

Solicitor Charles Boyd was in Steubenville yesterday.

Ella McClelland, of this city, is in Steubenville.

Winfield Risher, of Eighteenth street, went to Monaca last evening to visit her daughter, Mrs. Wylie Johnson.

Miss Julia Rowles is visiting friends in Steubenville.

Miss Sara Welch, of Salineville, is the guest of friends here.

George H. Burrows, of Cleveland, is visiting friends in the city.

Mrs. S. W. Carson, of Rochester, is visiting friends in this city.

Mrs. George Martin, of Salem, is the guest of friends in this city.

Allen H. Wells, of Toronto, is visiting friends and relatives here.

Miss Anna Campbell, of Hill street, is visiting friends in Salineville.

Miss Flora Bright, of Main street, has recovered from a recent attack of grip.

Mr. and Mrs. Horace Conn, of Broadway, are the guests of friends in Mt. Vernon.

Alex Campbell, Jr., of Wheeling, has returned to his home after a few days spent here.

Mrs. N. Ralston, of Main street, has returned from a short visit with friends in Cleveland.

Mrs. Harry Stoakes has returned to her home in Pittsburg after visiting relatives here.

Mrs. Isaac Cable and daughter have returned to their home after visiting friends in Toronto.

George L. Kupp, of Pittsburg, has returned from a short visit with his friends in this city.

G. S. Ward, of Pittsburg, has returned to his home after spending a few days with friends in this city.

Rev. L. A. Upshaw was at Steubenville last evening where he officiated at a revival service held there.

Mrs. George Clark went to New Brighton, Pa., yesterday to attend the funeral of her aunt, Mrs. Harris.

Paul Menough returned yesterday to the Ohio State university at Columbus where he will resume his studies.

James Howard, of Toledo, who has been spending the past two or three days in the city, has returned to his home.

W. H. Christy, of Cleveland, who was formerly employed in this city, is visiting friends here. He may return to Wellsville.

Miss Fredericka McIntosh, of Oberlin college, who has been visiting Miss Beulah Wells, of Main street, for the past few days, has returned.

Wayne Wells, who has been spending the last two weeks at his home in this city, has returned to Columbus where he is attending the Ohio State university.

WEALTHY BREWER MADE DEFENDANT

Sensational Suit Against Henry Schmulbach, Who Is Charged With Fraud.

Wheeling, January 7.—Colonel Henry Schmulbach, millionaire brewer and candidate for the United States senate, is made the principal defendant in a suit brought by Edward L. Ward, of Baltimore, against the National Telephone company and others, in which Schmulbach is charged with fraudulently obtaining possession of the stock of the plaintiff.

Ward avers that he was the original promoter of the company among Baltimore capitalists, and that he spent \$9,000 approximately to get the franchise for the company through the Wheeling council. For his services he received \$75,000 in stock. He alleges that through false representation Schmulbach induced him to transfer all his stock to him, with the understanding that after an issue of \$100,000 of bonds the stock would be re-issued.

He charges that Schmulbach bought up all the bonds and appropriated \$100,000 of stock, including that rightfully belonging to Ward as an alleged bonus. He asks that Schmulbach and others be enjoined from further disposing of stock.

If you do go to Heddleston Bros. Friday and get a Beautiful Art Calendar free with each purchase of Mother's Bread.

Horticultural Society.

A number of Hancock county people will attend the annual meeting of the State Horticultural society, to be held at Charleston Thursday, January 29. Among those on the program to take part in the discussions are S. M. Newell, Chester; W. F. Brown, Arroyo; H. C. Hervey, Wellsburg; C. E. Brennerman, Arroyo. Reduced fares will be given and numerous exhibits and well known speakers will be on hand.

To Attend Committee Meeting.

O. O. Allison left today at noon for Wheeling where he will attend the meeting of the executive board of the Union Order United American Mechanics. The meeting will be held at the Grand Central hotel and important matters concerning the lodge will be brought up.

CHESTER NOTES.

Arch Severs is visiting friends in St. Marys, W. Va.

City Solicitor Marshall, of New Cumberland, was a business visitor in Chester yesterday.

J. W. Russell, of Louisiana avenue, moved his family and household goods to Wellsville today.

The Ladies' Missionary society of the U. P. church, of Chester, will hold their regular monthly meeting tomorrow afternoon at the home of Mrs. W. R. Skeen, of Carolina avenue.

Ross Dunn, of Carolina avenue, who has been ill with the grip, for several days, is now able to be out.

Mr. Stephen Rogers has returned to her home in Legionville, Pa., after visiting friends in Chester for several days.

Miss Lillian Brown has returned to her home in Pittsburg, after spending a few days with her friend, Miss Martha Sinclair.

THE MAP SAVED A RAILROAD \$80,000

Wabash Railroad Alters Its Projected Route on Inspection of New Government Map.

A substantial saving in the cost of construction of a railroad in Ohio due to an unusual cause has recently been reported. The saving of the road will amount to at least \$80,000, and the cause was the timely publication of one of the topographic map sheets of the United States Geological Survey. During the summer of 1901, the Wabash railroad was locating its line from the Ohio river across Jefferson and Harrison counties to a connection with the Wheeling & Lake Erie railroad, near Falk's Station. The same season the United States Geological Survey, through W. T. Griswold, topographer, was engaged in making a topographic map of the area crossed by the railroad; this map was not available until the Wabash railroad had completed its location and was letting contracts for building.

When advance copies of the government map, which was drawn with careful contours and altitudes, were obtained by the engineers, examination showed the possibility of a shorter route by leaving the main fork of Piney creek and reaching the summit level by grades no more severe than those at first found. The new location was at once adopted and resulted in the saving of 2,300 feet in length of roadway and a summit tunnel of 800 feet.

Barracks Will Remain at Columbus

Columbus, O., Jan. 7.—General Leon and A. Wood, sent here by the war department to make a preliminary survey of available sites for a new army post, said last night: "Columbus will remain one of the stations of the United States army. There is no thought of removing the post from the vicinity of this city. The department desires a post in Ohio and there is no better location for it in the state than near Columbus. The department desires to sell the present barracks site so that it can be used for public purposes, and to obtain larger quarters on high, rolling ground."

C. W. Jones Mentioned.

Youngstown, O., Jan. 7.—Ex-Lieutenant Governor A. W. Jones has been prominently mentioned for the Republican nomination for governor of this state.

Dr. James Dead.

Philadelphia, Jan. 7.—Bushrod W. James, famous as an eye and ear specialist and also as an author and poet, died yesterday at his home here from an aneurism after a long illness.

Indianola Postoffice Muddle.

Memphis, Tenn. Jan. 7.—A Senatorial special from Indianola, Miss., says: The situation here is unchanged. The independent mail route established between Indianola and Heathman, on the Southern railway, four miles distant, is working smoothly and mail is being received only two to three hours late. No special officers were appointed to protect Mrs. Cox, the negro postmistress, who left Monday night for Birmingham.

Death of Pioneer Banker.

Huntington, W. Va., Jan. 7.—General John Hoe Russell, aged 72 years, president of the Huntington National bank, died here last night. He was one of the pioneer bankers of the state.

General Pearson Dies.

Pittsburg, Jan. 7.—General Alfred L. Pearson, distinguished as a soldier and lawyer, died yesterday at his home at Shields station, near Sawickley, of pneumonia.

The usefulness of the Grape diet, or Traubenkur, is beyond question an effective agent in the cure of wasting diseases, and in the cure of Stomach Trouble and Nervousness, Kidney and Liver Troubles. Mull's Grape Tonic Laxative, based on the famous Traubenkur, of Germany, can now be had at Hodson's Drug Store.

SOUTH SIDE

CARS WILL NOT STOP

Unfounded Rumors That the Rock Springs Cars Were Not to Cross the Bridge.

Rumors were flying thick and fast in Chester this morning that this was to be the last day for the care of the Rock Springs Street Railway company to cross the Ohio river bridge. Many persons were of the opinion that hereafter they would be compelled to walk across the bridge when the desired to visit the Ohio side. Some misunderstanding about toll was the alleged cause.

Investigation of the rumors resulted in denials from every source. Mayor John Shrader was asked if there was anything in the report and said that there was not. At least, if there was anything in it he knew nothing of such an attempt. Inquiry at the office of C. A. Smith resulted in finding that they knew nothing of such an attempt. It is hard to tell where the rumor started. No one seemed to be able to give any authority for the statement and simply said that they had heard that such action was to be taken.

BROTHERS AS RIVALS

Candidates For the Office of Town Sergeant in Chester—A Lively Contest.

It is seldom seen that two brothers compete with each other for an office of any kind. However it has been given out that such will be the case in Chester this year for the office of sergeant. At present J. H. Allison is the town sergeant of Chester and is a candidate for reelection before the new council. His brother, Thomas Allison, formerly night watchman at the bridge, is also a candidate for the office.

The contest will not be bitter but both expect to put up good pleas to the different councilmen for the place.

THE NEW YORK STOCK MARKET.

Call Money at No Time Higher Than 6 and as Low as 4 Per Cent. Bonds Firm.

New York, Jan. 7.—The advance in the stock market continued yesterday in a rather irregular way for a time, but with a burst of animation and buoyancy in the late dealings. The call money rate was at no time higher than 6 per cent and fell below that figure quite normally, and late in the day got as low as 4 per cent, but with the day's demand then mostly satisfied. All departments of the local money market showed a much easier tendency and commercial paper was in quite active demand.

The anthracite roads were affected by reports of large engagements of coal for import. There was considerable profit taking at times, but the market very generally responded to the final uprush of prices.

The active dealings in stocks detracted attention somewhat from the bond market, but prices were generally firm. Total sales, par value, \$3,490,000.

United States bonds were all unchanged on the last call.

EIGHTEEN MEN ARE DROWNED.

The Norwegian Bark Prince Arthur Wrecked South of Ozette, on the Washington Coast.

Seattle, Wash., Jan. 7.—A special from Port Townsend says: News of the wreck of the Norwegian bark Prince Arthur, and the death by drowning of 18 of the crew, was received yesterday. The Prince Arthur was bound from Valparaiso for British Columbia, to load lumber. On the night of Jan. 2 the vessel ran into breakers and was soon hard and fast on the rocky shore. The scene of the disaster is about two miles south of Ozette, on the Washington coast, 15 miles from Cape Flattery. This is precisely the position from which the German bark Flothek was rescued by tugs in the winter of 1900.

Judges Without Salaries.

Parkersburg, W. Va., Jan. 7.—The discovery has been made that the recently adopted constitutional amendment has left the judges of every state court in West Virginia without a salary, from the supreme court of appeals to the lowest criminal court. Before the adoption of the amendment salaries of the judges were fixed by the constitution. It is held now that the former constitutional provision having been repealed and the legislature not having fixed the salaries under the new amendment to the constitution, every judge in the state is without a salary and will be till the legislature fixes the new salaries. The point has just been raised and is exciting considerable comment.

Barracks Will Remain at Columbus

Columbus, O., Jan. 7.—General Leon and A. Wood, sent here by the war department to make a preliminary survey of available sites for a new army post, said last night: "Columbus will remain one of the stations of the United States army. There is no thought of removing the post from the vicinity of this city. The department desires a post in Ohio and there is no better location for it in the state than near Columbus. The department desires to sell the present barracks site so that it can be used for public purposes, and to obtain larger quarters on high, rolling ground."

C. W. Jones Mentioned.

Youngstown, O., Jan. 7.—Ex-Lieutenant Governor A. W. Jones has been prominently mentioned for the Republican nomination for governor of this state.

Dr. James Dead.

Philadelphia, Jan. 7.—Bushrod W. James, famous as an eye and ear specialist and also as an author and poet, died yesterday at his home here from an aneurism after a long illness.

Indianola Postoffice Muddle.

Memphis, Tenn. Jan. 7.—A Senatorial special from Indianola, Miss., says: The situation here is unchanged. The independent mail route established between Indianola and Heathman, on the Southern railway, four miles distant, is working smoothly and mail is being received only two to three hours late. No special officers were appointed to protect Mrs. Cox, the negro postmistress, who left Monday night for Birmingham.

Death of Pioneer Banker.

Huntington, W. Va., Jan. 7.—General John Hoe Russell, aged 72 years, president of the Huntington National bank, died here last night. He was one of the pioneer bankers of the state.

General Pearson Dies.

Pittsburg, Jan. 7.—General Alfred L. Pearson, distinguished as a soldier and lawyer, died yesterday at his home at Shields station, near Sawickley, of pneumonia.

The usefulness of the Grape diet, or Traubenkur, is beyond question an effective agent in the cure of wasting diseases, and in the cure of Stomach Trouble and Nervousness, Kidney and Liver Troubles. Mull's Grape Tonic Laxative, based on the famous Traubenkur, of Germany, can now be had at Hodson's Drug Store.

WELLSVILLE

LARGER PUMPS NEEDED

Wellsville Water Works Trustees Propose Big Additions to the Equipment.

The regular weekly meeting of the trustees of the water works was held last evening at which time all members were present. Consulting Engineer Bowen, of Pittsburg, was also present.

After the regular routine business was transacted, including the paying of a few bills, the question of equipment for the new water works plant was brought up for discussion. It was decided to lay aside all of the bids which were received by the board December 14 and which called for two single acting pumps of a 2,000-gallon capacity per 24 hours. Bids were also laid aside for the outfitting of the two 175-horsepower engines which were called in by the board on the same date.

It was decided upon the suggestion of the new superintendent, Mr. Ewing, that two pumps of 3,000-gallon capacity would be needed and also two engines and two tubular boilers.

The board will advertise for bids at once for the furnishing of two 3,000-gallon pumps, two 175-horsepower engines, two 200-horsepower tubular boilers, two 200-horsepower water boilers and one feed pump. Bids are to be furnished with the tubular boilers and the water tubular engines.

Although no decision was made at the meeting last evening, it is known that the board have about decided upon the present pumping station for the new plant. A small portion of additional ground will be used for the construction of the new plant. The plan has yet been done toward the plans for the buildings of the plant, although this can be done by the consulting engineers within a short length of time.

Discovered Just in Time.

That might have proven a most disastrous fire occurred in Haugh's livery in Maple alley. Ed Carson, a driver at the mill, while passing through the alley, noticed a small amount of smoke issuing from a corner of the barn, and upon investigation a small blaze in one corner of the building which he immediately extinguished by slapping with his hat. He is of the belief that the fire was caused by an incendiary.

Drunk for Six Months.

Harry Glover, a well known local character, who is generally under the influence of liquor, presented a very gross spectacle as he strolled down Third street yesterday afternoon. A sign upon his back which read "I've been drunk for the last six months. Show me the way to go sober." Glover was not aware that he had the sign. It had been pinned to his back by some "Tophet."

Meetings of Unions.

Local Union No. 49, N. B. of O. P., held its regular meeting last evening at the Potters' hall. Routine business was the order of the evening. Local No. 384, Brotherhood of Paint, Decorators and Paperhangers of Ohio, will hold its regular meeting this evening in the same hall.

WEALTHY BREWER

MADE DEFENDANT

Sensational Suit Against Henry Schmulbach, Who is Charged With Fraud.

Wheeling, January 7.—Colonel Henry Schmulbach, millionaire brewer and candidate for the United States senate, is made the principal defendant in a suit brought by Edward L. Ward, of Baltimore, against the National Telephone company and others, in which Schmulbach is charged with fraudulently obtaining possession of the stock of the plaintiff.

Ward avers that he was the original promoter of the company among Baltimore capitalists, and that he spent \$9,000 approximately to get the franchise for the company through the Wheeling council. For his services he received \$75,000 in stock. He alleges that through false representation Schmulbach induced him to transfer all his stock to him, with the understanding that after an issue of \$100,000 of bonds the stock would be reissued.

He charges that Schmulbach bought up all the bonds and appropriated \$100,000 of stock, including that rightfully belonging to Ward as an alleged bonus. He asks that Schmulbach and others be enjoined from further disposing of stock.

SOUTH SIDE

CARS WILL NOT STOP

Unfounded Rumors That the Rock Springs Cars Were Not to Cross the Bridge.

Rumors were flying thick and fast in Chester this morning that this was to be the last day for the care of the Rock Springs Street Railway company to cross the Ohio river bridge. Many persons were of the opinion that hereafter they would be compelled to walk across the bridge when the desired to visit the Ohio side. Some misunderstanding about toll was the alleged cause.

Investigation of the rumors resulted in denials from every source. Mayor John Shrader was asked if there was anything in the report and said that there was not. At least, if there was anything in it he knew nothing of such an attempt. Inquiry at the office of C. A. Smith resulted in finding that they knew nothing of such an attempt. It is hard to tell where the rumor started. No one seemed to be able to give any authority for the statement and simply said that they had heard that such action was to be taken.

THE MAP SAVED

A RAILROAD \$80,000

Wabash Railroad Alters Its Projected Route on Inspection of New Government Map.

A substantial saving in the cost of construction of a railroad in Ohio due to an unusual cause has recently been reported. The saving of the road will amount to at least \$80,000, and the cause was the timely publication of one of the topographic map sheets of the United States Geological Survey. During the summer of 1901, the Wabash railroad was locating its line from the Ohio river across Jefferson and Harrison counties to a connection with the Wheeling & Lake Erie railroad, near Falk's Station. The same season the United States Geological Survey, through W. T. Griswold, topographer, was engaged in making a topographic map of the area crossed by the railroad; this map was not available until the Wabash railroad had completed its location and was letting contracts for building.

When advance copies of the government map, which was drawn with careful contours and altitudes, were obtained by the engineers, examination showed the possibility of a shorter route by leaving the main fork of Piney creek and reaching the summit level by grades no more severe than those at first found. The new location was at once adopted and resulted in the saving of 2,300 feet in length of roadway and a summit tunnel of 800 feet.

BROTHERS AS RIVALS

Candidates For the Office of Town Sergeant in Chester—A Lively Contest.

It is seldom seen that two brothers compete with each other for an office of any kind. However it has been given out that such will be the case in Chester this year for the office of sergeant. At present J. H. Allison is the town sergeant of Chester and is a candidate for reelection before the new council. His brother, Thomas Allison, formerly night watchman at the bridge, is also a candidate for the office.

The contest will not be bitter but both expect to put up good pleas to the different councilmen for the place.

Horticultural Society.

A number of Hancock county people will attend the annual meeting of the State Horticultural society, to be held at Charleston Thursday, January 29. Among those on the program to take part in the discussions are S. M. Newell, Chester; W. F. Brown, Arroyo; H. C. Hervey, Wellsburg; C. E. Brennerman, Arroyo. Reduced fares will be given and numerous exhibits and well known speakers will be on hand.

To Attend Committee Meeting.

O. O. Allison left today at noon for Wheeling where he will attend the meeting of the executive board of the Junior Order United American Mechanics. The meeting will be held at the Grand Central hotel and important matters concerning the lodge will be brought up.

CHESTER NOTES.

Arch Severs is visiting friends in St. Marys, W. Va.

City Solicitor Marshall, of New Cumberland, was a business visitor in Chester yesterday.

J. W. Russell, of Louisiana avenue, moved his family and household goods to Wellsville today.

The Ladies' Missionary society of the U. P. church, of Chester, will hold their regular monthly meeting tomorrow

afternoon at the home of Mrs. W. R. Skeen, of Carolina avenue.

Ross Dunn, of Carolina avenue, who has been ill with the grip, for several days, is now able to be out.

Mr. Stephen Rogers has returned to her home in Legionville, Pa., after visiting friends in Chester for several days.

Miss Lillian Brown has returned to her home in Pittsburgh, after spending a few days with her friend, Miss Martha Sinclair.

THE MAP SAVED A RAILROAD \$80,000

Wabash Railroad Alters Its Projected Route on Inspection of New Government Map.

A substantial saving in the cost of construction of a railroad in Ohio due to an unusual cause has recently been reported. The saving of the road will amount to at least \$80,000, and the cause was the timely publication of one of the topographic map sheets of the United States Geological Survey. During the summer of 1901, the Wabash railroad was locating its line from the Ohio river across Jefferson and Harrison counties to a connection with the Wheeling & Lake Erie railroad, near Falk's Station. The same season the United States Geological Survey, through W. T. Griswold, topographer, was engaged in making a topographic map of the area crossed by the railroad; this map was not available until the Wabash railroad had completed its location and was letting contracts for building.

When advance copies of the government map, which was drawn with careful contours and altitudes, were obtained by the engineers, examination showed the possibility of a shorter route by leaving the main fork of Piney creek and reaching the summit level by grades no more severe than those at first found. The new location was at once adopted and resulted in the saving of 2,300 feet in length of roadway and a summit tunnel of 800 feet.

The Lady And the Parasol.

The Lady and the Parasol is the title of the beautiful calendar given with every purchase of Mother's Bread Friday, January 9, at

HEDDLESTON BROS., GROCERY, The Home of Quality.

THE NEW YORK STOCK MARKET.

Call Money at No Time Higher Than 6 and as Low as 4 Per Cent. Bonds Firm.

New York, Jan. 7.—The advance in the stock market continued yesterday in a rather irregular way for a time, but with a burst of animation and buoyancy in the late dealings. The call money rate was at no time higher than 6 per cent and fell below that figure quite normally, and late in the day got as low as 4 per cent, but with the day's demand then mostly satisfied. All departments of the local money market showed a much easier tendency and commercial paper was in quite active demand.

The anthracite roads were affected by reports of large engagements of coal for import. There was considerable profit taking at times, but the market very generally responded to the final uprush of prices.

The active dealings in stocks detracted attention somewhat from the bond market, but prices were generally firm. Total sales, par value, \$3,490,000.

United States bonds were all unchanged on the last call.

EIGHTEEN MEN ARE DROWNED.

The Norwegian Bark Prince Arthur Wrecked South of Ozette, on the Washington Coast.

Seattle, Wash., Jan. 7.—A special from Port Townsend says: News of the wreck of the Norwegian bark Prince Arthur, and the death by drowning of 18 of the crew, was received yesterday. The Prince Arthur was bound from Valparaiso for British Columbia, to load lumber. On the night of Jan. 2 the vessel ran into breakers and was soon hard and fast on the rocky shore. The scene of the disaster is about two miles south of Ozette, on the Washington coast, 15 miles from Cape Flattery. This is precisely the position from which the German bark plotek was rescued by tugs in the winter of 1900.

Judges Without Salaries.

Parkersburg, W. Va., Jan. 7.—The discovery has been made that the recently adopted constitutional amendment has left the judges of every state court in West Virginia without a salary. from the supreme court of appeals to the lowest criminal court. Before the adoption of the amendment salaries of the judges were fixed by the constitution. It is held now that the former constitutional provision having been repealed and the legislature not having fixed the salaries under the new amendment to the constitution, every judge in the state is without a salary and will be till the legislature fixes the new salaries. The point has just been raised and is exciting considerable comment.

Barracks Will Remain at Columbus

Columbus, O., Jan. 7.—General Leon and A. Wood, sent here by the war department to make a preliminary survey of available sites for a new army post, said last night: "Columbus will remain one of the stations of the United States army. There is no thought of removing the post from the vicinity of this city. The department desires a post in Ohio and there is no better location for it in the state than near Columbus. The department desires to sell the present barracks site so that it can be used for public purposes, and to obtain larger quarters on high, rolling ground."

C. W. Jones Mentioned.

Youngstown, O., Jan. 7.—Ex-Lieutenant Governor A. W. Jones has been prominently mentioned for the Republican nomination for governor of this state.

Dr. James Dead.

Philadelphia, Jan. 7.—Bushrod W. James, famous as an eye and ear specialist and also as an author and poet, died yesterday at his home here from anemia after a long illness.

Indianola Postoffice Muddle.

Memphis, Tenn. Jan. 7.—A Scimitar special from Indianola, Miss., says: The situation here is unchanged. The independent mail route established between Indianola and Heathman, on the Southern railway, four miles distant, is working smoothly and mail is being received only two to three hours late. No special officers were appointed to protect Mrs. Cox, the negro postmistress, who left Monday night for Birmingham.

Death of Pioneer Banker.

Huntington, W. Va., Jan. 7.—General John Hoe Russell, aged 72 years, president of the Huntington National bank, died here last night. He was one of the pioneer bankers of the state.

General Pearson Dies.

Pittsburg, Jan. 7.—General Alfred L. Pearson, distinguished as a soldier and lawyer, died yesterday at his home at Shields station, near Sawickley, of pneumonia.

The usefulness of the Grape diet, or Traubenkur, is beyond question an effective agent in the cure of wasting diseases, and in the cure of Stomach Trouble and Nervousness, Kidney and Liver Troubles. Mull's Grape Tonic Laxative, based on the famous Traubenkuren, of Germany, can now be had at Hodson's Drug Store.

NEW COAL COMBINE.

Three Large Companies Join,
With Annual Output of
8,500,000 Tons.

CAPITAL STOCK IS \$31,750,000

Merging Said Not to Be in Nature of
a General Combination, but Merely
for Consolidation of Selling Inter-
ests—C. W. Watson President.

Baltimore, Jan. 7.—Three of the
biggest coal companies in the United
States yesterday formed an alliance,
which for all practical purposes will
be a combination. The companies in-
volved are: The Consolidation Coal
company, of Maryland; the Fairmont
Coal company, of West Virginia; the
Somerset Coal company, of Pennsylv-
ania.

The combined capital stock of the
companies is \$31,750,000, as follows:
Consolidation, \$10,250,000; Somerset,
\$4,000,000; Fairmont and its substi-
tute companies, \$17,500,000.

The combined output of the three
companies is 18,500,000 tons a year, as
follows: Consolidation, 2,000,000;
Somerset, 11,500,000; Fairmont, 5,000,
000.

Announcement of this commercial
move followed a meeting of the stock-
holders of the Consolidation Coal com-
pany in this city yesterday.

The merging of the three com-
panies, it is stated, is not in the na-
ture of general combination, but merely
for the consolidation of selling inter-
ests and in order to have all three
under the same executive manage-
ment. Each company, it is said, will
be conducted separately, as before,
but upon the board of directors of
each will be representatives of the
other two.

C. W. Watson President.
C. W. Watson, president of the
Fairmont Coal company, was elected
president of the consolidated com-
panies, and representatives of each
company were chosen on the board of
other contraction companies. C. K.
Lord, the retiring president of the
Consolidation Coal company, was
chosen chairman of the directing
board of directors of the new com-
pany.

Mr. Watson, the new president, in
commenting upon the merging of inter-
ests of the three big concerns, said
last night:

"The new arrangement does not
mean the consolidation or combina-
tion of the three companies, but is
simply for the purpose of putting the
large and important coal interests of
these companies on a better working
basis. The ocean-going fleet of the
companies will be strengthened and
increased and new markets will be
established for consolidation coal
through the docks of the Northwest-
ern Fuel company, in which the Fair-
mont Coal company has a controlling
interest. The general offices of the
different companies will be located in
this city and the general business and
finances of the greatest soft coal pro-
duction in the country will be central-
ized here.

RAILROADS TO BE SUED.

Alleged Combine Said to Be Violating
Anti-Trust Law.

Marion, O., Jan. 7.—Advices from
Columbus are that a suit will soon be
begun against the company which is
operating the Hocking Valley, Kana-
wha and Michigan, Toledo and Ohio
Central, Zanesville and Western and
the Norfolk and Western railroads
under the anti-trust law of the state,
which provide that the same company
cannot operate parallel lines in the
state with a view to controlling the
business of any particular section of
the state.

It is claimed that all of the roads
mentioned are owned and operated
by the same company, and that the
only reason that they have not been
consolidated before is that such an
action would be in violation of the anti-
trust law. It is also claimed that the
roads are operated in the same man-
ner as though they had been consoli-
dated.

Veterans to Reorganize.
Springfield, O., Jan. 7.—Gen. James
Hutchinson, of New York city, has is-
sued a call for a convention of old sol-
diers to be held here the first week
in February to reorganize the Nation-
al Union Veterans' Union, under the
old constitution and bylaws adopted
by the veterans when they started the
national body 10 years ago. Spring-
field was selected as the place of meet-
ing, as it is a central point and the
brigadier general, J. W. Nelson, lives
here.

Millionaire Charged With Fraud.
Wheeling, W. Va., Jan. 7.—Colonel
Henry Schmulbach, millionaire brew-
er and candidate for the United States
senate, is made the principal defend-
ant in a suit brought by Edward L.
Ward, of Baltimore, against the Na-
tional Telephone company and others,
in which Schmulbach is charged with
fraudulently obtaining possession of
the stock of the plaintiff.

Lack of Fuel Closes Church.
Chicago, Jan. 7.—The sanctuary is
not spared by the coal ring. Owing
to the inability to get coal St. Chrys-
ostom's church has been forced to let
the furnace fires die out and to close
the main edifice on week days, al-
though this is the epiphany season
and services were to be held in the
church several times during the week.

REALM OF SPORTS

STRAIGHT ROAD FOR HIM

Kid McCoy Cuts Out Drink And Says
He Is Strictly in the Fight-
ing Game.

"Kid" McCoy has arrived in In-
dianapolis from Lick Springs, and will
probably stay two or three weeks.
He talks about opening training quar-
ters and having Doc Payne as his
leading sparring partner. McCoy
weighs 179 pounds with his clothes
on.

"I have cut out all dissipation," the
"Kid" says, "as I know it does not
pay, and a man can't keep in condi-
tion if he drinks. I haven't taken a
drink for several weeks and you can
bet that I will stay on the water wag-
on. I am going to make over \$25,000
this year in the ring and I will show
the people that I am still one of the
top notchers and ready to meet any
fighter. I know I am as clever now
with the gloves as I ever was in my
life, and it won't take me long to get
into perfect condition because I have
been taking care of myself lately.

"I have deposited \$5,000 in New
York for a match with Jack Munroe.
A Chicago club is trying to arrange
a bout between us, and it is possible
we may be matched. I am willing to
meet Marvin Hart, Gus Ruhlin, Shar-
key, Corbett, 'Australian Jimmy' Ryan,
Joe Choynski, Jack Root, 'Kid' Carter,
or any other good man.

"While I was at French Lick I met
'Australian Jimmy' Ryan, and he is
anxious to get on a match with me.
He may be one of the first I will take
on unless I get on a match with Mun-
roe. I am still in the fighting game,
and will devote my time to it and noth-
ing else for the next year or two at
least.

Great Stakes Added.

Chicago's enterprising turf organi-
zation, the Washington Park club, is
out with an impressive list of stakes
to close on January 15. To seventeen
events the club adds the munificent
amount of \$75,500, from the \$25,000
American Derby, \$7,500 Wheeler Han-
dicap and \$7,500 Hyde Park stakes,
down to events of lesser magnitude,
the list almost constituting a record
among western offerings of late years.

Duty on Imported Horses.

Grand Appraiser De Vries, of the
Board of United States Appraisers of
New York city, has rendered a decision
that on and after the 20th of this
month all thoroughbred horses import-
ed into this country for sale purposes
must pay a duty of 25 per cent. If
such stock are sworn to as imported
for breeding purposes only, they will
still receive the benefit of the pre-
vailing free duty. But if for sale, the
25 per cent. duty must be imposed.

Cyclists Going Abroad.

In another month practically all the
fastest cycle racers, sprinters and
pace followers will start for Europe
to compete with the principal tracks
in international events. Frank Kramer
will be among the tourists, and
foreigners will for the first time, have
a chance to judge between one pres-
ent American champion and "Major"
Taylor, who is also going abroad. The
two tracks in Paris will be the scene
of the most important races.

Peace Conference Friday.

The deferred baseball peace confer-
ence will be held Friday in Cincinnati.
This announcement is given out in
Chicago but not officially. There will
be no amalgamation and contract
jumpers will be blacklisted, if peace
is established.

SPORTING MISCELLANY.

It is said that a prominent eastern
college is after Yost, the famous foot-
ball coach of the University of Michi-
gan.

Willie Keeler has returned to New
York from his California trip and an-
nounces that he will be a member of
the American league team to be placed
in the metropolis next season.

Tommy Ryan, the middle weight
champion, is said to be worth \$100,000.
His earnings in the prize ring have
been invested judiciously in real estate
and the returns have been surprisingly
large.

Dal Hawkins, the California pugilist,
will sail for England this week to pre-
pare for his battle in London with Ja-
bez White, one of the best feather-
weight pugilists of Great Britain. Like
White, the American, will meet one of
the cleverest boxers ever developed.

NEARING COMPLETION

The Panhandle Traction Company's
Bridge Near Wellsburg Now
Almost Finished.

Wellsburg, W. Va., January 6.—The
pier on the Panhandle traction line at
the north side of Buffalo creek is rap-
idly nearing completion, lacking only
about six courses yet of stone. Part of
the structural iron for the bridge is al-
ready on hand.

The big fills approaching the bridge

Every mother possesses information of vital value to her young
daughter. That daughter is a precious legacy, and the responsibility
for her future is largely in the hands of the mother. The mysterious
change that develops the thoughtless girl into the thoughtful woman
should find the mother on the watch day and night. As she cares for
the physical well-being of her daughter, so will the woman be, and her
children also.

When a young girl's thoughts become sluggish, when she experi-
ences headaches, dizziness, faintness, and exhibits an abnormal disposi-
tion to sleep, pains in the back and lower limbs, eyes dim, desire for
solitude, and a dislike for the society of other girls, when she is a mys-
tery to herself and friends, then the mother should go to her aid promptly.
At such a time the greatest aid to nature is **Lydia E. Pinkham's**
Vegetable Compound. It prepares the young system for the coming
change, and is the surest reliance in this hour of trial.

Case of a New York Girl of Interest to Every Mother and Daughter in the Land.

"DEAR MRS. PINKHAM:—I hope you will publish this letter, for I want all
mothers to know how much good your medicine did my young daughter. Her
health broke down about six months ago, and although she is large for her
age, I did not understand what was wrong with her; the doctor did not, either,
for he treated her for her heart, which pained her a good deal; but he did not
do her any good, and we were afraid heart trouble would carry her off. Every
day she kept getting whiter and thinner. She had no appetite, and she sat
around without any ambition, and was always too tired to do anything. All
night long she would moan in her sleep, as though in terrible pain.

"I felt terribly discouraged; I was spending money for doctor's bills
right along, but she was receiving no help. At that time I was taking **Lydia**
E. Pinkham's Vegetable Compound, and I read in one of your books
about young girls. I decided to drop the doctor, and give her your medicine.
I wish you could see the change in her, and the pink cheeks **Lydia E. Pink-**
ham's Vegetable Compound has given her. She had taken but half a
bottle when menstruation started again and her heart trouble went away like
magic. I had her continue the medicine, and now she is fat, rosy, and per-
fectly healthy. Menstruation is regular and painless, and I owe my thanks
to you and to your wonderful medicine for her good health."—MRS. MARGARET
PIELAN, 673 Tenth Avenue, New York City.

SPECIAL ADVICE TO YOUNG WOMEN FREE.

From her vast experience in treating female ills, extending
over 20 years, Mrs. Pinkham has gained a knowledge which is of
untold value to every ailing young woman. Her advice never fails
to help. If you need such help write her. Address Lynn, Mass.

A medicine that has restored so many women to health and can
produce proof of the fact must be regarded with respect. This is the
record of **Lydia E. Pinkham's Vegetable Compound**, which cannot
be equalled by any other medicine the world has ever produced.

It is well to remember these facts when some druggist tries to get
you to buy something which he says is "just as good." That is impos-
sible, as no other medicine has such a record of cures as **Lydia E.**
Pinkham's Vegetable Compound; so do not experiment with untried
medicines, but insist upon the one you know is best.

\$5000 FORFEIT if we cannot forthwith produce the original letter and signature of
above testimonial, which will prove its absolute genuineness.
Lydia E. Pinkham Medicine Co., Lynn, Mass.

are growing rapidly, but some delay
will be experienced before the track
is finished above the bridge as the em-
bankment for about 200 yards is being
dug away for the roadway, and will not
be finished for some time.

It Cures Colds, Coughs, Sore Throat, Croup, Influenza,
Whooping Cough, Bronchitis and Asthma.
A certain cure for Consumption in first stages,
and a sure relief in advanced stages. Use at once.
You will see the excellent effect after taking the
first dose. Sold by druggists everywhere. Large
bottles 25 cents and 50 cents.

DO YOU KNOW

that investments made
in mining stocks,
JUDICIOUSLY SELECTED,
produce larger returns
than any other form
of investment.

We are in position to make
money for you. OUR EXPERIENCE
PROVES IT. Stocks sold by us
have risen in value from 60 per
cent to 600 per cent WITHIN TWO
YEARS. If you want to make
money, make it safely, and lots
of it, write

G. W. RUTH & CO.

210-211-212, 331 Fourth Avenue,
Pittsburg, Pa.

LEGAL.

ORDINANCE 739.

Granting to the Youngstown & South-
ern Railroad Company the right to
construct, maintain and operate
lines of railway upon the following
streets, to wit: Trentvale street
from corporate limits to south side
of Sheridan avenue.

Whereas, the Council of said City of
East Liverpool, Ohio, has, upon care-
ful examination, found that said rail-
road company has complied with all
the conditions and pre-requisites by
law or ordinance necessary for the
granting of the rights hereinafter con-
tained, therefore, be it ordained by
the Council of the City of East Liver-
pool, Columbiana County, Ohio,

Section 1. That the right is hereby
granted for the period of twenty-five
years from and after the date of this
ordinance, to the Youngstown & South-
ern Railroad Company, to construct,
maintain and operate a line of rail-
way over and upon the following
streets and public highways in said
City of East Liverpool, Ohio, com-
mencing as follows: Beginning at the
north city line on Trentvale street
running thence South to Sheridan
avenue and West Market Street.

The number of tracks on each of
said streets shall be one, with all
necessary turn tables, turn-outs, sid-
ings and switches, with the right here-
after when the operations of said com-
pany shall require it, to construct a
double track along said streets, and
said company shall have the right to
construct and maintain poles, wires,
fixtures and conduits, with all the
appliances necessary for the operation
of said lines by electricity or other
motive power, other than animal.

Section 2. The gauge of said track
shall be four feet, eight and one-half
inches (4ft. 8½ in.), with rails weigh-
ing eighty pounds per yard. The cars
upon said railway shall be propelled
[by electricity or such other motive
power other than animal as the com-

pany may desire. If said company
shall lay a single track, the same shall
be laid under the direction of the
city engineer and board of public
service. The turn-tables, turn-outs,
sidings and switches shall be so locat-
ed as to incommode public travel as
little as is reasonably proper. Iron
or wooden poles may be used, which
shall be kept well painted. The poles
and wires shall be so constructed and
maintained as to prevent any interfer-
ence with, or damage to, existing tel-
ephone and telegraph wires, or to any
fire alarm or police patrol wires of the
city, and shall not be less than twenty-
one-feet in height above the track.
But, said company shall have the right
to use in place of said wires, and poles
and overhead construction, the "third
rail" construction, provided the same
can be secured so as to prevent danger
and damage to the public use of said
streets.

Section 3. The tracks and space be-
tween the rails, and for two feet on the
outside of each rail, shall be kept in
thorough repair and free from ob-
struction, to the satisfaction of the
board of public service, and where
the streets are now paved or may
hereafter be paved the said Youngs-
town & Southern Railroad Com-
pany, its successors and assigns, shall
at its own cost and expense construct and main-
tain and keep in good repair the en-
tire space between the outer rails of
said tracks and for two feet on either
side thereof, a good, smooth, firm and
durable pavement of hard burned brick
or vitrified block or other substance
suitable and acceptable to the board
of public service, and whenever said
City of East Liverpool shall hereafter
pave or macadamize any part of any
street named herein, the said company,
or its successors and assigns, shall,
at the same time, upon the parts of
the street so paved, or macadamized,
pave or macadamize the space between
the rails and said two foot strip on
either side of said track with the same
materials used by said city, in such
paving or macadamizing, or upon its
failure to do so shall pay to said City
of East Liverpool, the costs of the
same.) The company agrees when
said street is to be paved or macadam-
ized, to place rails thereon at least
ten (10 in.) inches in height to en-
able the proper bed to be placed under
the brick or macadam to support the
same.

Section 4. Said company shall at
all times defend, keep harmless and
indemnify said City of East Liverpool
from all damages, claims and demands
for injury to persons or property, to-
gether with any costs and expenses to
which said City of East Liverpool may
be legally subjected, or made liable
in any proceeding at law or in equity,
growing out of the exercise or opera-
tion of the privileges granted in this
ordinance, provided, however, that
said company shall have reasonable
notice of the pendency of said action,
and permission and opportunity to
assume the defense of the same.

Section 5. The City of East Liver-
pool reserves to itself the right to
grant to any other corporation operat-
ing a line of railway, the right to cross
said company's tracks at grade, at any
public street crossing, and upon such
terms and conditions as to the occupa-
tion and compensation as said council
may deem just and reasonable, if such
companies shall fail to agree thereon
between themselves.

Section 6. The running of cars upon
any part of said line may be suspend-
ed by council without cost to the City
for such reasonable period as may, at
any time, be necessary on account of
the construction or repair of streets,
bridges, sewers, or other public im-
provements, and whenever, for that
purpose, it may be necessary to have
any tracks taken up, or poles or wires
removed, the same shall be taken up
and removed and replaced at the ex-
pense of said company.

Section 7. The ordinance shall be
and remain in force for the period of
twenty-five years from and after the
date of its passage, and shall convey
the rights herein granted to the
Youngstown & Southern Railroad
Company, its successors and assigns,
who shall have the right to maintain
and operate said railway, during said
whole term or period.

Section 8. If said Youngstown &
Southern Railroad Company fails to
complete said road on or before July
1st, 1904, then this ordinance shall be
come null and void and all rights here-
in granted shall have no further bind-
ing effect on either the City or the
Railroad Company.

Section 9. Said grantee shall in
writing, within thirty days after the
passage of this ordinance, accept the
rights and privileges herein granted,
and agree to comply with the condi-
tions thereof, and shall pay the neces-
sary cost of advertising this ordinance,
and for all other advertising herein-
after incurred in connection herewith,
or this grant shall become void at
the expiration of said thirty days.

Section 10. The said Youngstown
& Southern Railroad Company, its suc-
cessors and assigns shall carry the
members of the Police force, Sanitary
Police, the members of the Fire de-
partment, of the City of East Liver-
pool, Ohio, and the Mail carriers on
said City free of charge while in uni-

form, and that the Mayor, mem-
ber of City Council, City Clerk, City
Engineer and members of the
board of Public Service and Police
Safety shall be provided with com-
munications free passes over the line im-
mediately upon its completion of the
line.

Section 11. The said Youngstown
Southern Railroad Company shall pro-
vide a fifty candle power incan-
descent light on every third pole, with
the corporate limits and shall pro-
vide said lights burning each night
from six o'clock p. m. to six o'clock a.
m.

Section 12. The said Youngstown
Southern Railroad Company shall
charge a fare in excess of five
cents on its lines within the city limits
of East Liverpool.

Section 13. The Youngstown
Southern Railroad Company shall
begin the construction of its road
on or before July 1st, 1903, and shall
give bond to the City of East Liver-
pool in the sum of \$5,000, said bond
shall be forfeited if the requirements
of this section are not complied with.

Section 14. This ordinance shall
take effect and be in force from
after its passage and legal publication.
Passed December 23, 1902.

O. D. NICE,

President of Council.

Attest:

WILLIS DAVIDSON,

City Clerk.

NEW COAL COMBINE.

Three Large Companies Join,
With Annual Output of
8,500,000 Tons.

CAPITAL STOCK IS \$31,750,000

Merging Said Not to Be in Nature of
a General Combination, but Merely
for Consolidation of Selling Inter-
ests—C. W. Watson President.

Baltimore, Jan. 7.—Three of the biggest coal companies in the United States yesterday formed an alliance, which for all practical purposes will be a combination. The companies involved are: The Consolidation Coal company, of Maryland; the Fairmont Coal company, of West Virginia; the Somerset Coal company, of Pennsylvania.

The combined capital stock of the companies is \$31,750,000, as follows: Consolidation, \$10,250,000; Somerset, \$4,000,000; Fairmont and its subsidiary companies, \$17,500,000.

The combined output of the three companies is 18,500,000 tons a year, as follows: Consolidation, 2,000,000; Somerset, 11,500,000; Fairmont, 5,000,000.

Announcement of this commercial move followed a meeting of the stockholders of the Consolidation Coal company in this city yesterday.

The merging of the three companies, it is stated, is not in the nature of general combination, but merely for the consolidation of selling interests and in order to have all three under the same executive management. Each company, it is said, will be conducted separately, as before, but upon the board of directors of each will be representatives of the other two.

C. W. Watson, president of the Fairmont Coal company, was elected president of the consolidated companies, and representatives of each company were chosen on the board of other contraction companies. C. K. Lord, the retiring president of the Consolidation Coal company, was chosen chairman of the directing board of directors of the new company.

Mr. Watson, the new president, in commenting upon the merging of interests of the three big concerns, said last night:

"The new arrangement does not mean the consolidation or combination of the three companies, but is simply for the purpose of putting the large and important coal interests of these companies on a better working basis. The ocean-going fleet of the companies will be strengthened and increased and new markets will be established for consolidation coal through the docks of the Northwest Fuel company, in which the Fairmont Coal company has a controlling interest. The general offices of the different companies will be located in this city and the general business and finances of the greatest soft coal proposition in the country will be centralized here."

RAILROADS TO BE SUE.

Alleged Combine Said to Be Violating Anti-Trust Law.

Marion, O., Jan. 7.—Advises from Columbus are that a suit will soon be begun against the company which is operating the Hocking Valley, Kanawha and Michigan, Toledo and Ohio Central, Zanesville and Western and the Norfolk and Western railroads under the anti-trust law of the state, which provide that the same company cannot operate parallel lines in the state with a view to controlling the business of any particular section of the state.

It is claimed that all of the roads mentioned are owned and operated by the same company, and that the only reason that they have not been consolidated before is that such an action would be in violation of the anti-trust law. It is also claimed that the roads are operated in the same manner as though they had been consolidated.

Veterans to Reorganize.

Springfield, O., Jan. 7.—Gen. James Hutchinson, of New York city, has issued a call for a convention of old soldiers to be held here the first week in February to reorganize the National Union Veterans' Union, under the old constitution and bylaws adopted by the veterans when they started the national body 10 years ago. Springfield was selected as the place of meeting, as it is a central point and the brigadier general, J. W. Nelson, lives here.

Millionaire Charged With Fraud. Wheeling, W. Va., Jan. 7.—Colonel Henry Schmulbach, millionaire brewer and candidate for the United States senate, is made the principal defendant in a suit brought by Edward L. Ward, of Baltimore, against the National Telephone company and others, in which Schmulbach is charged with fraudulently obtaining possession of the stock of the plaintiff.

Lack of Fuel Closes Church. Chicago, Jan. 7.—The sanctuary is not spared by the coal ring. Owing to the inability to get coal St. Chrysostom's church has been forced to let the furnace fires die out and to close the main edifice on week days, although this is the epiphany season and services were to be held in the church several times during the week.

REALM OF SPORTS

STRAIGHT ROAD FOR HIM

Kid McCoy Cuts Out Drink And Says He Is Strictly in the Fighting Game.

"Kid" McCoy has arrived in Indianapolis from Lick Springs, and will probably stay two or three weeks. He talks about opening training quarters and having Doc Payne as his leading sparring partner. McCoy weighs 179 pounds with his clothes on.

"I have cut out all dissipation," the "Kid" says, "as I know it does not pay, and a man can't keep in condition if he drinks. I haven't taken a drink for several weeks and you can bet that I will stay on the water wagon. I am going to make over \$25,000 this year in the ring and I will show the people that I am still one of the top notchers and ready to meet any fighter. I know I am as clever now with the gloves as I ever was in my life, and it won't take me long to get into perfect condition because I have been taking care of myself lately."

"I have deposited \$5,000 in New York for a match with Jack Munroe. A Chicago club is trying to arrange a bout between us, and it is possible we may be matched. I am willing to meet Marvin Hart, Gus Ruhlin, Sharkey, Corbett, 'Australian Jimmy' Ryan, Joe Choynski, Jack Root, 'Kid' Carter, or any other good man."

"While I was at French Lick I met 'Australian Jimmy' Ryan, and he is anxious to get on a match with me. He may be one of the first I will take on unless I get on a match with Munroe. I am still in the fighting game, and will devote my time to it and nothing else for the next year or two at least."

Great Stakes Added.

Chicago's enterprising turf organization, the Washington Park club, is out with an impressive list of stakes to close on January 15. To seventeen events the club adds the magnificent amount of \$75,500, from the \$25,000 American Derby, \$7,500 Wheeler Handicap and \$7,500 Hyde Park stakes, down to events of lesser magnitude, the list almost constituting a record among western offerings of late years.

Duty on Imported Horses.

Grand Appraiser De Vries, of the Board of United States Appraisers of New York city, has rendered a decision that on and after the 20th of this month all thoroughbred horses imported into this country for sale purposes must pay a duty of 25 per cent. If such stock are sworn to as imported for breeding purposes only, they will still receive the benefit of the prevailing free duty. But if for sale, the 25 per cent. duty must be imposed.

Cyclists Going Abroad.

In another month practically all the fastest cycle racers, sprinters and pace followers will start for Europe to compete with the principal tracks in international events. Frank Kramer will be among the tourists, and foreigners will for the first time, have a chance to judge between one present American champion and "Major" Taylor, who is also going abroad. The two tracks in Paris will be the scene of the most important races.

Peace Conference Friday.

The deterred baseball peace conference will be held Friday in Cincinnati. This announcement is given out in Chicago but not officially. There will be no amalgamation and contract jumpers will be blacklisted, if peace is established.

SPORTING MISCELLANY.

It is said that a prominent eastern college is after Yost, the famous football coach of the University of Michigan.

Willie Keeler has returned to New York from his California trip and announces that he will be a member of the American league team to be placed in the metropolis next season.

Tommy Ryan, the middle weight champion, is said to be worth \$100,000. His earnings in the prize ring have been invested judiciously in real estate and the returns have been surprisingly large.

Dad Hawkins, the California pugilist, will sail for England this week to prepare for his battle in London with Jabez White, one of the best feather-weight pugilists of Great Britain. Like White, the American, will meet one of the cleverest boxers ever developed.

NEARING COMPLETION

The Panhandle Traction Company's Bridge Near Wellsburg Now Almost Finished.

Wellsburg, W. Va., January 6.—The pier on the Panhandle traction line at the north side of Buffalo creek is rapidly nearing completion, lacking only about six courses yet of stone. Part of the structural iron for the bridge is already on hand.

The big fills approaching the bridge

Every mother possesses information of vital value to her young daughter. That daughter is a precious legacy, and the responsibility for her future is largely in the hands of the mother. The mysterious change that develops the thoughtless girl into the thoughtful woman should find the mother on the watch day and night. As she cares for the physical well-being of her daughter, so will the woman be, and her children also.

When a young girl's thoughts become sluggish, when she experiences headaches, dizziness, faintness, and exhibits an abnormal disposition to sleep, pains in the back and lower limbs, eyes dim, desire for solitude, and a dislike for the society of other girls, when she is a mystery to herself and friends, then the mother should go to her aid promptly. At such a time the greatest aid to nature is Lydia E. Pinkham's Vegetable Compound. It prepares the young system for the coming change, and is the surest reliance in this hour of trial.

Case of a New York Girl of Interest to Every Mother and Daughter in the Land.

"DEAR MRS. PINKHAM:—I hope you will publish this letter, for I want all mothers to know how much good your medicine did my young daughter. Her health broke down about six months ago, and although she is large for her age, I did not understand what was wrong with her; the doctor did not, either, for he treated her for her heart, which pained her a good deal; but he did not do her any good, and we were afraid heart trouble would carry her off. Every day she kept getting whiter and thinner. She had no appetite, and she sat around without any ambition, and was always too tired to do anything. All night long she would moan in her sleep, as though in terrible pain."

"I felt terribly discouraged; I was spending money for doctor's bills right along, but she was receiving no help. At that time I was taking Lydia E. Pinkham's Vegetable Compound, and I read in one of your books about young girls. I decided to drop the doctor, and give her your medicine. I wish you could see the change in her, and the pink cheeks Lydia E. Pinkham's Vegetable Compound has given her. She had taken but half a bottle when menstruation started again and her heart trouble went away like magic. I had her continue the medicine, and now she is fat, rosy, and perfectly healthy. Menstruation is regular and painless, and I owe my thanks to you and to your wonderful medicine for her good health."—MRS. MARGARET FIDELAN, 673 Tenth Avenue, New York City.

SPECIAL ADVICE TO YOUNG WOMEN FREE.

From her vast experience in treating female ills, extending over 20 years, Mrs. Pinkham has gained a knowledge which is of untold value to every ailing young woman. Her advice never fails to help. If you need such help write her. Address Lynn, Mass.

A medicine that has restored so many women to health and can produce proof of the fact must be regarded with respect. This is the record of Lydia E. Pinkham's Vegetable Compound, which cannot be equalled by any other medicine the world has ever produced.

It is well to remember these facts when some druggist tries to get you to buy something which he says is "just as good." That is impossible, as no other medicine has such a record of cures as Lydia E. Pinkham's Vegetable Compound; so do not experiment with untried medicines, but insist upon the one you know is best.

\$5000 FORFEIT If we cannot forthwith produce the original letter and signature of above testimonial, which will prove its absolute genuineness. Lydia E. Pinkham Medicine Co., Lynn, Mass.

are growing rapidly, but some delay will be experienced before the track is finished above the bridge as the embankment for about 200 yards is being dug away for the roadway, and will not be finished for some time.

It Cures Colds, Coughs, Sore Throat, Croup, Asthma, Whooping Cough, Bronchitis and Influenza. A certain cure for Consumption in first stages, and a sure relief in advanced stages. Use at once. You will see the excellent effect after taking the first dose. Sold by dealers everywhere. Large bottles 25 cents and 50 cents.

DO YOU KNOW
that investments made
in mining stocks,
JUDICIOUSLY SELECTED,
produce larger returns
than any other form
of investment.

We are in position to make money for you. OUR EXPERIENCE PROVES IT. Stocks sold by us have risen in value from 60 per cent to 400 per cent WITHIN TWO YEARS. If you want to make money, make it safely, and lots of it, write

LEGAL.

ORDINANCE 739.

Granting to the Youngstown & Southern Railroad Company the right to construct, maintain and operate lines of railway upon the following streets, to wit: Trentvale street from corporate limits to south side of Sheridan avenue.

Whereas, the Council of said City of East Liverpool, Ohio, has, upon careful examination, found that said railroad company has complied with all the conditions and prerequisites by law or ordinance necessary for the granting of the rights hereinafter contained, therefore, be it ordained by the Council of the City of East Liverpool, Columbiana County, Ohio,

Section 1. That the right is hereby granted for the period of twenty-five years from and after the date of this ordinance, to the Youngstown & Southern Railroad Company, to construct, maintain and operate a line of railway over and upon the following streets and public highways in said City of East Liverpool, Ohio, commencing as follows: Beginning at the north city line on Trentvale street running thence South to Sheridan avenue and West Market Street.

The number of tracks on each of said streets shall be one, with all necessary turn tables, turn-outs, sidings and switches, with the right hereafter when the operations of said company shall require it, to construct a double track along said streets, and said company shall have the right to construct and maintain poles, wires, fixtures and conduits, with all the appliances necessary for the operation of said lines by electricity or other motive power, other than animal.

Section 2. The gauge of said track shall be four feet, eight and one-half inches (4ft. 8½ in.), with rails weighing eighty pounds per yard. The cars upon said railway shall be propelled by electricity or such other motive power other than animal as the com-

pany may desire. If said company shall lay a single track, the same shall be laid under the direction of the city engineer and board of public service. The turn-tables, turn-outs, sidings and switches shall be so located as to accommodate public travel as little as is reasonably proper. Iron or wooden poles may be used, which shall be kept well painted. The poles and wires shall be so constructed and maintained as to prevent any interference with, or damage to, existing telephone and telegraph wires, or to any fire alarm or police patrol wires of the city, and shall not be less than twenty-one feet in height above the track. But, said company shall have the right to use in place of said wires, and poles and overhead construction, the "third rail" construction, provided the same can be secured so as to prevent danger and damage to the public use of said streets.

Section 3. The tracks and space between the rails, and for two feet on the outside of each rail, shall be kept in thorough repair and free from obstruction, to the satisfaction of the board of public service, and where the streets are now paved or may hereafter be paved the said Youngstown & Southern Railroad Company, its successors and assigns, shall at its own cost and expense construct and maintain and keep in good repair the entire space between the outer rails of said tracks and for two feet on either side thereof, a good, smooth, firm and durable pavement of hard burned brick or vitrified block or other substance suitable and acceptable to the board of public service, and whenever said City of East Liverpool shall hereafter pave or macadamize any part of any street named herein, the said company, or its successors and assigns, shall at the same time, upon the parts of the street so paved, or macadamized, pave or macadamize the space between the rails and said two foot strip on either side of said track with the same materials used by said city, in such paving or macadamizing, or upon its failure to do so shall pay to said City of East Liverpool, the costs of the same.) The company agrees when said street is to be paved or macadamized, to place rails thereon at least ten (10 in.) inches in height to enable the proper bed to be placed under the brick or macadam to support the same.

Section 4. Said company shall at all times defend, keep harmless and indemnify said City of East Liverpool from all damages, claims and demands for injury to persons or property, together with any costs and expenses to which said City of East Liverpool may be legally subjected, or made liable in any proceeding at law or in equity, growing out of the exercise or operation of the privileges granted in this ordinance, provided, however, that said company shall have reasonable notice of the pendency of said action, and permission and opportunity to assume the defense of the same.

Section 5. The City of East Liverpool reserves to itself the right to grant to any other corporation operating a line of railway, the right to cross said company's tracks at grade, at any public street crossing, and upon such terms and conditions as to the occupation and compensation as said council may deem just and reasonable, if such companies shall fail to agree thereon between themselves.

Section 6. The running of cars upon any part of said line may be suspended by council without cost to the City for such reasonable period as may, at any time, be necessary on account of the construction or repair of streets, bridges, sewers, or other public improvements, and whenever, for that purpose, it may be necessary to have any tracks taken up, or poles or wires removed, the same shall be taken up and removed and replaced at the expense of said company.

Section 7. The ordinance shall be and remain in force for the period of twenty-five years from and after the date of its passage, and shall convey the rights herein granted to the Youngstown & Southern Railroad Company, its successors and assigns, who shall have the right to maintain and operate said railway, during said whole term or period.

Section 8. If said Youngstown & Southern Railroad Company fails to complete said road on or before July 1st, 1904, then this ordinance shall become null and void and all rights herein granted shall have no further binding effect on either the City or the Railroad Company.

Section 9. Said grantee shall in writing, within thirty days after the passage of this ordinance, accept the rights and privileges herein granted, and agree to comply with the conditions thereof, and shall pay the necessary cost of advertising this ordinance, and for all other advertising hereinafter incurred in connection herewith, or this grant shall become void at the expiration of said thirty days.

Section 10. The said Youngstown & Southern Railroad Company, its successors and assigns shall carry the members of the Police force, Sanitary Police, the members of the Fire department, of the City of East Liverpool, Ohio, and the Mail carriers in said City free of charge while in uni-

form, and that the Mayor, members of City Council, City Clerk, City Engineer, City Engineer and members of board of Public Service and Public Safety shall be provided with continuous free passes over the line immediately upon its completion of line.

Section 11. The said Youngstown & Southern Railroad Company shall provide a fifty candle power incandescent light on every third pole, with the corporate limits and shall provide said lights burning each night at six o'clock p. m., to six o'clock a. m.

Section 12. The said Youngstown & Southern Railroad Company shall charge a fare in excess of five cents on its lines within the city limits.

Section 13. The Youngstown & Southern Railroad Company shall begin the construction of its said road on or before July 1st, 1903, and give bond to the City of East Liverpool in the sum of \$5,000, said bond shall be forfeited if the requirements of this section are not complied with.

Section 14. This ordinance shall take effect and be in force from and after its passage and legal publication. Passed December 23, 1902.

O. D. NICE,

President of Council.

Attest:

WILLIS DAVIDSON,

City Clerk.

NEW COAL COMBINE.

Three Large Companies Join,
With Annual Output of
8,500,000 Tons.

CAPITAL STOCK IS \$31,750,000

Merging Said Not to Be in Nature of
a General Combination, but Merely
for Consolidation of Selling Inter-
ests—C. W. Watson President.

Baltimore, Jan. 7.—Three of the
biggest coal companies in the United
States yesterday formed an alliance,
which for all practical purposes will
be a combination. The companies in-
volved are: The Consolidation Coal
company, of Maryland; the Fairmont
Coal company, of West Virginia; the
Somerset Coal company, of Pennsyl-
vania.

The combined capital stock of the
companies is \$31,750,000, as follows:
Consolidation, \$10,250,000; Somerset,
\$1,000,000; Fairmont and its sub-
sidiary companies, \$17,500,000.

The combined output of the three
companies is 18,500,000 tons a year, as
follows: Consolidation, 2,000,000;
Somerset, 11,500,000; Fairmont, 5,000,
000.

Announcement of this commercial
move followed a meeting of the stock
holders of the Consolidation Coal com-
pany in this city yesterday.

The merging of the three com-
panies, it is stated, is not in the na-
ture of general combination, but merely
for the consolidation of selling inter-
ests and in order to have all three
under the same executive manage-
ment. Each company, it is said, will
be conducted separately, as before,
but upon the board of directors of
each will be representatives of the
other two.

C. W. Watson President.

C. W. Watson, president of the
Fairmont Coal company, was elected
president of the consolidated com-
panies, and representatives of each
company were chosen on the board of
other contraction companies. C. K.
Lord, the retiring president of the
Consolidation Coal company, was
chosen chairman of the directing
board of directors of the new com-
pany.

Mr. Watson, the new president, in
commenting upon the merging of inter-
ests of the three big concerns, said
last night:

"The new arrangement does not
mean the consolidation or combina-
tion of the three companies, but is
simply for the purpose of putting the
large and important coal interests of
these companies on a better working
basis. The ocean-going fleet of the
companies will be strengthened and
increased and new markets will be
established for consolidation coal
through the docks of the Northwest-
ern Fuel company, in which the Fair-
mont Coal company has a controlling
interest. The general offices of the
different companies will be located in
this city and the general business and
finances of the greatest soft coal pro-
duction in the country will be central-
ized here.

RAILROADS TO BE SUED.

Alleged Combine Said to Be Violating
Anti-Trust Law.

Marion, O., Jan. 7.—Advises from
Columbus are that a suit will soon be
begun against the company which is
operating the Hocking Valley, Kana-
wha and Michigan, Toledo and Ohio
Central, Zanesville and Western and
the Norfolk and Western railroads
under the anti-trust law of the state,
which provide that the same company
cannot operate parallel lines in the
state with a view to controlling the
business of any particular section of
the state.

It is claimed that all of the roads
mentioned are owned and operated
by the same company, and that the
only reason that they have not been
consolidated before is that such an
action would be in violation of the anti-
trust law. It is also claimed that the
roads are operated in the same man-
ner as though they had been consoli-
dated.

Veterans to Reorganize.

Springfield, O., Jan. 7.—Gen. James
Butchinson, of New York city, has
issued a call for a convention of old sol-
diers to be held here the first week
in February to reorganize the Nation-
al Union Veterans' Union, under the
old constitution and bylaws adopted
by the veterans when they started the
national body 10 years ago. Spring-
field was selected as the place of meet-
ing, as it is a central point, and the
brigadier general, J. W. Nelson, lives
here.

Millionaire Charged With Fraud.

Wheeling, W. Va., Jan. 7.—Colonel
Henry Schmulbach, millionaire brew-
er and candidate for the United States
senate, is made the principal defend-
ant in a suit brought by Edward L.
Ward, of Baltimore, against the Na-
tional Telephone company and others,
in which Schmulbach is charged with
fraudulently obtaining possession of
the stock of the plaintiff.

Lack of Fuel Closes Church.

Chicago, Jan. 7.—The sanctuary is
not spared by the coal ring. Owing
to the inability to get coal St. Chrysos-
tom's church has been forced to let
the furnace fires die out and to close
the main edifice on week days, al-
though this is the epiphany season
and services were to be held in the
church several times during the week.

we may be matched. I am willing to
meet Marvin Hart, Gus Ruhlin, Shar-
key, Corbett, 'Australian Jimmy' Ryan,
Joe Choynski, Jack Root, 'Kid' Carter,
or any other good man.

"While I was at French Lick I met
'Australian Jimmy' Ryan, and he is
anxious to get on a match with me.
He may be one of the first I will take
on unless I get on a match with Mun-
roe. I am still in the fighting game,
and will devote my time to it and noth-
ing else for the next year or two at
least.

Great Stakes Added.

Chicago's enterprising turf organ-
ization, the Washington Park club, is
out with an impressive list of stakes
to close on January 15. To seventeen
events the club adds the munificent
amount of \$75,500, from the \$25,000
American Derby, \$7,500 Wheeler Hand-
icap and \$7,500 Hyde Park stakes,
down to events of lesser magnitude,
the list almost constituting a record
among western offerings of late years.

Duty on Imported Horses.

Grand Appraiser De Vries, of the
Board of United States Appraisers of
New York city, has rendered a deci-
sion that on and after the 20th of this
month all thoroughbred horses import-
ed into this country for sale purposes
must pay a duty of 25 per cent. If
such stock are sworn to as imported
for breeding purposes only, they will
still receive the benefit of the pre-
vailing free duty. But if for sale, the
25 per cent. duty must be imposed.

Cyclists Going Abroad.

In another month practically all the
fastest cycle racers, sprinters and
pace followers will start for Europe
to compete with the principal tracks
in international events. Frank Kramer
will be among the tourists, and
foreigners will for the first time, have
a chance to judge between one pres-
ent American champion and "Major"
Taylor, who is also going abroad. The
two tracks in Paris will be the scene
of the most important races.

Peace Conference Friday.

The deferred baseball peace confer-
ence will be held Friday in Cincinnati.
This announcement is given out in
Chicago but not officially. There will
be no amalgamation and contract
jumpers will be blacklisted, if peace
is established.

SPORTING MISCELLANY.

It is said that a prominent eastern
college is after Yost, the famous foot-
ball coach of the University of Michi-
gan.

Willie Keeler has returned to New
York from his California trip and an-
nounces that he will be a member of
the American league team to be placed
in the metropolis next season.

Tommy Ryan, the middle weight
champion, is said to be worth \$100,000.
His earnings in the prize ring have
been invested judiciously in real estate
and the returns have been surprisingly
large.

Dal Hawkins, the California pugilist,
will sail for England this week to pre-
pare for his battle in London with Ja-
bez White, one of the best feather-
weight pugilists of Great Britain. Ike
White, the American, will meet one of
the cleverest boxers ever developed.

NEARING COMPLETION

The Panhandle Traction Company's
Bridge Near Wellsburg Now
Almost Finished.

Wellsburg, W. Va., January 6.—The
pier on the Panhandle traction line at
the north side of Buffalo creek is rap-
idly nearing completion, lacking only
about six courses yet of stone. Part of
the structural iron for the bridge is al-
ready on hand.

The big fills approaching the bridge

Every mother possesses information of vital value to her young
daughter. That daughter is a precious legacy, and the responsibility
for her future is largely in the hands of the mother. The mysterious
change that develops the thoughtless girl into the thoughtful woman
should find the mother on the watch day and night. As she cares for
the physical well-being of her daughter, so will the woman be, and her
children also.

When a young girl's thoughts become sluggish, when she experi-
ences headaches, dizziness, faintness, and exhibits an abnormal disposi-
tion to sleep, pains in the back and lower limbs, eyes dim, desire for
solitude, and a dislike for the society of other girls, when she is a mys-
tery to herself and friends, then the mother should go to her aid promptly.
At such a time the greatest aid to nature is **Lydia E. Pinkham's
Vegetable Compound**. It prepares the young system for the coming
change, and is the surest reliance in this hour of trial.

Case of a New York Girl of Interest to Every Mother and Daughter in the Land.

"DEAR MRS. PINKHAM:—I hope you will publish this letter, for I want all
mothers to know how much good your medicine did my young daughter. Her
health broke down about six months ago, and although she is large for her
age, I did not understand what was wrong with her; the doctor did not, either,
for he treated her for her heart, which pained her a good deal; but he did not
do her any good, and we were afraid heart trouble would carry her off. Every
day she kept getting whiter and thinner. She had no appetite, and she sat
around without any ambition, and was always too tired to do anything. All
night long she would moan in her sleep, as though in terrible pain.

"I felt terribly discouraged; I was spending money for doctor's bills
right along, but she was receiving no help. At that time I was taking **Lydia
E. Pinkham's Vegetable Compound**, and I read in one of your books
about young girls. I decided to drop the doctor, and give her your medicine.
I wish you could see the change in her, and the pink cheeks **Lydia E. Pink-
ham's Vegetable Compound** has given her. She had taken but half a
bottle when menstruation started again and her heart trouble went away like
magic. I had her continue the medicine, and now she is fat, rosy, and per-
fectly healthy. Menstruation is regular and painless, and I owe my thanks
to you and to your wonderful medicine for her good health."—MRS. MARGARET
PHELAN, 673 Tenth Avenue, New York City.

SPECIAL ADVICE TO YOUNG WOMEN FREE.

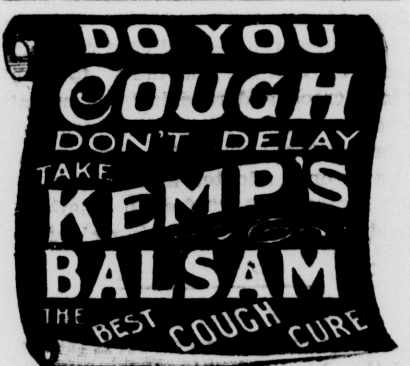

From her vast experience in treating female ills, extending
over 20 years, Mrs. Pinkham has gained a knowledge which is of
untold value to every ailing young woman. Her advice never fails
to help. If you need such help write her. Address Lynn, Mass.

A medicine that has restored so many women to health and can
produce proof of the fact must be regarded with respect. This is the
record of **Lydia E. Pinkham's Vegetable Compound**, which cannot
be equalled by any other medicine the world has ever produced.

It is well to remember these facts when some druggist tries to get
you to buy something which he says is "just as good." That is impos-
sible, as no other medicine has such a record of cures as **Lydia E.
Pinkham's Vegetable Compound**; so do not experiment with untried
medicines, but insist upon the one you know is best.

\$5000 FORFEIT if we cannot forthwith produce the original letter and signature of
above testimonial, which will prove its absolute genuineness.
Lydia E. Pinkham Medicine Co., Lynn, Mass.

are growing rapidly, but some delay
will be experienced before the track
is finished above the bridge as the em-
bankment for about 200 yards is being
dug away for the roadway, and will no
be finished for some time.

It Cures Colds, Coughs, Sore Throat, Croup, Influenza, Whooping Cough, Bronchitis and Asthma. A certain cure for Consumption in first stages, and a sure relief in advanced stages. Use at once. You will see the excellent effect after taking the first dose. Sold by dealers everywhere. Large bottles 25 cents and 50 cents.

Pittsburg, Pa.

LEGAL.

ORDINANCE 739.

Granting to the Youngstown & South-
ern Railroad Company the right to
construct, maintain and operate
lines of railway upon the following
streets, to wit: Trentvale street
from corporate limits to south side
of Sheridan avenue.

Whereas, the Council of said City of
East Liverpool, Ohio, has, upon care-
ful examination, found that said rail-
road company has complied with all
the conditions and prerequisites by
law or ordinance necessary for the
granting of the rights hereinbefore con-
tained, therefore, be it ordained by
the Council of the City of East Liver-
pool, Columbiana County, Ohio,

Section 1. That the right is hereby
granted for the period of twenty five
years from and after the date of this
ordinance, to the Youngstown & South-
ern Railroad Company, to construct,
maintain and operate a line of rail-
way over and upon the following
streets and public highways in said
City of East Liverpool, Ohio, com-
mencing as follows: Beginning at the
north city line on Trentvale street
running thence South to Sheridan
avenue and West Market Street.

The number of tracks on each of
said streets shall be one, with all
necessary turn tables, turn-outs, sid-
ings and switches, with the right here-
after when the operations of said com-
pany shall require it, to construct a
double track along said streets, and
said company shall have the right to
construct and maintain poles, wires,
fixtures and conduits, with all the
appliances necessary for the operation
of said lines by electricity or other
motive power, other than animal.

Section 2. The gauge of said track
shall be four feet, eight and one-half
inches (4ft. 8½ in.), with rails weigh-
ing eighty pounds per yard. The cars,
upon said railway shall be propelled
by electricity or such other motive
power other than animal as the com-

pany may desire. If said company
shall lay a single track, the same shall
be laid under the direction of the
city engineer and board of public
service. The turn-tables, turn-outs,
sidings and switches shall be so located
as to accommodate public travel as
little as is reasonably proper. Iron
or wooden poles may be used, which
shall be kept well painted. The poles
and wires shall be so constructed and
maintained as to prevent any interfer-
ence with, or damage to, existing tele-
phone and telegraph wires, or to any
fire alarm or police patrol wires of the
city, and shall not be less than twenty-
one feet in height above the track.
But, said company shall have the right
to use in place of said wires, and poles
and overhead construction, the "third
rail" construction, provided the same
can be secured so as to prevent danger
and damage to the public use of said
streets.

Section 3. The tracks and space be-
tween the rails, and for two feet on the
outside of each rail, shall be kept in
thorough repair and free from ob-
struction, to the satisfaction of the
board of public service, and where
the streets are now paved or may
hereafter be paved the said Youngs-
town & Southern Railroad Com-
pany, its successors and as-
signs, shall at its own cost
and expense construct and main-
tain and keep in good repair the en-
tire space between the outer rails of
said tracks and for two feet on either
side thereof, a good, smooth, firm and
durable pavement of hard burned brick
or vitrified block or other substance
suitable and acceptable to the board
of public service, and whenever said
City of East Liverpool shall hereafter
pave or macadamize any part of any
street named herein, the said company,
or its successors and assigns, shall,
at the same time, upon the parts of
the street so paved, or macadamized,
pave or macadamize the space between
the rails and said two foot strip on
either side of said track with the same
materials used by said city, in such
paving or macadamizing, or upon its
failure to do so shall pay to said City
of East Liverpool, the costs of the
same.) The company agrees when
said street is to be paved or macadam-
ized, to place rails thereon at least
ten (10 in.) inches in height to en-
able the proper bed to be placed under
the brick or macadam to support the
same.

Section 4. Said company shall at
all times defend, keep harmless and
indemnify said City of East Liverpool
from all damages, claims and demands
for injury to persons or property, to-
gether with any costs and expenses to
which said City of East Liverpool may
be legally subjected, or made liable
in any proceeding at law or in equity,
growing out of the exercise or opera-
tion of the privileges granted in this
ordinance, provided, however, that
said company shall have reasonable
notice of the pendency of said action,
and permission and opportunity to
assume the defense of the same.

Section 5. The City of East Liver-
pool reserves to itself the right to
grant to any other corporation operat-
ing a line of railway the right to cross
said company's tracks at grade, at any
public street crossing, and upon such
terms and conditions as to the occupa-
tion and compensation as said council
may deem just and reasonable, if such
companies shall fail to agree thereon
between themselves.

Section 6. The running of cars upon
any part of said line may be suspend-
ed by council without cost to the City
for such reasonable period as may, at
any time, be necessary on account of
the construction or repair of streets,
bridges, sewers, or other public im-
provements, and whenever, for that
purpose, it may be necessary to have
any tracks taken up, or poles or wires
removed, the same shall be taken up
and removed and replaced at the ex-
pense of said company.

Section 7. The ordinance shall be
and remain in force for the period of
twenty-five years from and after the
date of its passage, and shall convey
the rights herein granted to the
Youngstown & Southern Railroad
Company, its successors and assigns,
who shall have the right to maintain
and operate said railway, during said
whole term or period.

Section 8. If said Youngstown &
Southern Railroad Company fails to
complete said road on or before July
1st, 1904, then this ordinance shall be
come null and void and all rights here-
in granted shall have no further bind-
ing effect on either the City or the
Railroad Company.

Section 9. Said grantee shall in
writing, within thirty days after the
passage of this ordinance, accept the
rights and privileges herein granted,
and agree to comply with the condi-
tions thereof, and shall pay the neces-
sary cost of advertising this ordinance,
and for all other advertising hereinaf-
ter incurred in connection herewith,
or this grant shall become void at
the expiration of said thirty days.

Section 10. The said Youngstown
& Southern Railroad Company, its suc-
cessors and assigns shall carry the
members of the Police force, Sanitary
Police, the members of the Fire de-
partment, of the City of East Liver-
pool, Ohio, and the Mail carriers in
said City free of charge while in uni-

form, and that the Mayor, mem-
bers of City Council, City Clerk, City
Engineer and members of the board of
Public Service and Police and Fire
Safety shall be provided with con-
suous free passes over the line im-
mediately upon its completion of
line.

Section 11. The said Youngstown
Southern Railroad Company shall pro-
vide a fifty candle power incan-
descent light on every third pole, with
the corporate limits and shall pro-
vide said lights burning each night
from six o'clock p. m., to six o'clock a.
m.

Section 12. The said Youngstown
Southern Railroad Company shall
charge a fare in excess of five cents
on its lines within the city limits.

Section 13. The Youngstown
Southern Railroad Company shall
begin the construction of its said
road on or before July 1st, 1903, and
give bond to the City of East Liver-
pool in the sum of \$5,000, said bond
shall be forfeited if the requirements
of this section are not complied with.

Section 14. This ordinance shall
take effect and be in force from
after its passage and legal publication.
Passed December 23, 1902.

O. D. NICE,
President of City of East Liverpool.

Attest:
WILLIS DAVIDSON,
City Clerk.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant condition is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy, the mild and the immediate effect of Swamp-Root is soon realized. It is sold in fifty-cent and one-dollar bottles by mail. You may have a free pamphlet telling the Home of Swamp-Root, 381 Madison Ave., New York City, of all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Official Notice Given.

Cleveland, Jan. 7.—Official notice is being sent to each member of the local coal dealers' association yesterday by County Prosecutor Keeler, stating that charges had been filed to the effect that the association is operating in violation of the Valentine anti-trust law, and that the maintenance of a price agreement among the dealers must be at once abolished. The Valentine law provides that parties to the trust must be so notified as to their prosecution, when charged with its violation.

Good News.

It will be good news to the mothers of small children to learn that croup is prevented. The first sign of croup is hoarseness. A day or two before the attack the child becomes hoarse. This is soon followed by a peculiar rough cough. Give Chamberlain's Cough Remedy freely as soon as the child becomes hoarse, or even as the rough cough appears, and it will dispel all symptoms of croup. This way all danger and anxiety will be avoided. This remedy is used by many thousands of mothers and has never been known to fail. In fact, the only remedy that can be depended upon that is pleasant and safe to take. For sale Alvin H. Bulger, druggist.

On account of the great expense of selling many cannot go abroad to themselves of the Traubenkur plant for stomach trouble, constipation, etc., established along the Rhine, in Germany, but with the Grape Tonic at a nominal cost of 50 cents per bottle, you have a Traubenkur at your door, at Hodson's Store.

The Plague at Mazatlan.

Mazatlan, Mexico, Jan. 7.—An average of more than 10 deaths daily from the plague is recorded and the lazaretto is full of patients. A general quarantine has been placed on this community and business is at a standstill.

WEATHER FORECAST.

Ohio—Fair and warmer today. Tomorrow, fair, except snow or rain in the lake; colder; brisk to high winds, becoming west.

Western Pennsylvania and West Virginia—Fair and warmer today. Tomorrow, probably rain or snow and brisk to high south winds, becoming west.

NERVOUS EXHAUSTION

Every Day History.—High Strung—Nervous—Excitable—Constant Headaches—No Rest at Night—Weak—Appetite Poor—Loss of Weight—Strength All Gone.

The following:

C. L. Yeager, of No. 152 Broad-City, Ohio, says: "Dr. Chase's Nerve Pills are all good. Experience with them led me to the Doctors' Nerve Pills. I got at Larkin's Drug Store, and I was run down, felt miserable, the heart action was weak, regular, and my nerves steady. The action regular and strong and after a different person as I feel and hearty again."

A. W. Chase's Nerve Pills are sold at a box at dealers, or Dr. Chase Medicine Co., Buffalo, N. Y., that portrait and signature of Chase, M. D., are on every pack-

SOME OF THE WOES OF THE SHIPPERS

A Car Shipped From East Liverpool Was Forty Days in Reaching Wheeling.

4,400 CARS AT CONWAY

Cabbages Shipped in July Not Yet at Their Destination—Had to Be Destroyed Because They Had Spoiled. Other Difficulties.

Wheeling, January 7.—Very few people not actually interested know the difficulty big shippers are having as a result of the congestion of freight on the railroads. Goods are on the road in some instances four or five times as long as they should be. Shipments that ought to reach their destination in two or three days have been known to be on the road a month. One big shipment to this city from East Liverpool was on the road 40 days. The American Tin Plate company shipped four carloads of material over the Pittsburgh & Lake Erie and Wheeling & Lake Erie from New Castle to Martin's Ferry five weeks ago, and it has not reached its destination yet.

Naturally it ought to take about three or four days to get freight over that route. The officials of the American Tin Plate company have written to nearly every agent of the P. & L. E. from Cleveland to Buffalo in their effort to find the missing freight, but without success. The Laughlin has other carloads of freight on the road from New Castle for 30 days. Other manufacturing establishments in this vicinity are in the same fix.

It is almost impossible to get box cars. The Pennsylvania and W. & L. E. are unable to furnish any scarcely and the B. & O. has but very few available. This feature of the congestion is a serious drawback to the shipping. It is all the result of the congested conditions, for all the roads are well supplied if they could only get things to moving right.

A Pennsylvania freight official here a few days ago said his company had over 4,400 cars in the Conway yards of the C. & P. alone. Conway is about 20 miles out of Pittsburgh, and the yards are not intended to hold more than 2,500 cars. A week or so ago the company had to destroy seven carloads of cabbage because they could not get them delivered. They were shipped in July, but got caught in the freight blockade at Conway, and were not found till all were spoiled.

A novel method of hurrying freight through has been adopted by big manufacturing concerns who are in a hurry for material. If they are particularly anxious for the material a trusted man with plenty of money is sent to the shipment. By the liberal use of money to the trainmen and persistent efforts the man will get the freight through in comparatively good time.

It is necessary for the agent to stay right on the train and most of the time he is on the car or cars with his freight. Even with the money and the special agent nothing short of eternal vigilance prevails. Sometimes by this method it costs \$5 extra, or it has cost some local firms as high as \$200 per car to get a car through.

AZELDA

Azelda, January 7.—Miss Tillie Sem-bower returned to Pittsburgh Tuesday.

Ed Mackel and wife, of Achor, visited here recently.

Mrs. Baxter and son, of East Liverpool, called on Mrs. Lucy Cope Monday.

Mr. and Mrs. J. A. Wilson returned home Saturday from a week's visit with relatives in Pittsburgh.

Mr. and Mrs. Laurin B. Tullis, of Beaver Falls, visited Mr. Tullis' uncle, R. B. Tullis, Sunday.

William and Alex Wilson have gone to Salem to spend a few days with relatives.

Mrs. Prudence Lyder and daughter, Zora, of Signal, called on Mrs. L. Cope Saturday.

Curtis Warrick and family, of Ohio-ville, are spending a few days at the home of A. C. Rinney.

PARK

Park, January 7.—W. H. Ratsford, of Park, has returned from a two weeks' visit with relatives and friends in Indiana.

Attorney W. F. Lones, of Wells-ville, visited the home of his parents, Mr. and Mrs. William Lones, lately.

CURING CONSUMPTION.

When Scott's Emulsion makes the consumptive gain flesh it is curing his consumption.

Exactly what goes on inside to make the consumptive gain weight when taking Scott's Emulsion is still a mystery.

Scott's Emulsion does something to the lungs too that reduces the cough. More weight and less cough always mean that consumption is losing its influence over the system.

Scott's Emulsion is a reliable help.

Send for Free Sample.
SCOTT & BOWNE, Chemists, 400 Pearl St., N. Y.

Harry Pepin and wife, of East Liverpool, visited the home of Mrs. Pepin's parents, Mr. and Mrs. William Crawford, recently.

Prof. G. W. Finch and mother, of Sebring, who have been spending their vacation at the home of Mr. and Mrs. Frank Conkle, near the Bell school, have returned to their home in Sebring, where Mr. Finch will assume his work as superintendent of the public school.

Miss Nannie Hamilton, who spent the last month in Pittsburgh, has returned to her home.

Miss Helen Conkle, after spending the holiday vacation with her parents, has returned to East Liverpool, where she is attending the public schools.

Misses Ola and Bertha Axell, near Bell school house, have gone to East Liverpool to attend school.

Mrs. Nuoda Henry has returned to her home from a brief visit with Salineville friends.

IF YOU HAVE PAIN IN YOUR BACK

Do Not Be Deceived. You have Kidney Trouble, and You Do Not Need a Physician to Tell You So.

Pain in the back is an almost infallible sign of kidney disease; a surer sign is the condition of your urine. If you have a pain in the back, then look to the condition of your urine. It is easily done. Take a glass or tumbler and fill it with urine; after it has stood 24 hours, if it has a sediment, if it is milky or cloudy, if it is pale or discolored, stringy orropy, your kidneys and bladder are in a dangerous condition and need immediate attention, or the consequences may prove fatal. Dr. David Kennedy's Favorite Remedy is the one medicine that really cures all diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation, and it will take you but a short trial to convince yourself of its wonderful curative power.

G. F. Sammer of No. 409 Tioga street, Syracuse, N. Y., in a recent letter says:

"I was afflicted for years with severe pains in my back and kidneys. I tried many doctors and many medicines, but got no relief. I bought a bottle of Dr. David Kennedy's Favorite Remedy and it has entirely cured me."

It is for sale by all druggists in the New 50 Cent Size and the regular \$1.00 size bottles—less than a cent a dose.

Sample bottle—enough for trial, free by mail.
Dr. David Kennedy Corporation, Rondout, N. Y.

Dr. David Kennedy's Cherry Balsam best for Colds, Coughs, Consumption. 25c, 50c, \$1.00.

CARNEGIE'S LIBERAL OFFER.

Tenders to the City of Philadelphia \$1,500,000 Toward Extension of Free Library System.

Philadelphia, Jan. 7.—Andrew Carnegie has offered to give the city of Philadelphia a million and a half dollars toward the extension of its free library system. Under the conditions of his offer this sum is to be applied only to the erection of 20 buildings, which are to be used as branches of the main library. The city is required to furnish the sites for the buildings and is to equip the libraries and afterwards maintain them at a yearly cost of at least \$5,000 per building. The main library is not included in Mr. Carnegie's offer, the city having already appropriated \$1,000,000 for the purpose.

John Thompson, librarian of the Philadelphia free library, had an interview with Mr. Carnegie last Saturday, when details of the offer were arranged. Mr. Thompson yesterday presented the proposition to Mayor Ashbridge, who expressed his pleasure at Mr. Carnegie's offer.

It is not known as yet whether the city will accept the offer. The subject must first be considered by city council.

Coal Prices Advanced.

Indianapolis, Jan. 7.—Anthracite coal was offered at \$12 a ton in this city yesterday. All other coals were advanced from 25 to 50 cents a ton at the meeting of the coal exchange. Anthracite Monday was selling at \$9 a ton. The famine in steam coal continues and all the factories are running close. The attorney general has promised to investigate the shortage. The dealers say the conditions at the mines are improving, and shipments will be increased.

ATTITUDE ON TRUSTS

Abstract of Attorney General Knox's Recommendations Regarding Combinations.

GIVEN OUT AT WHITE HOUSE.

Represents the General Position Assumed by the Administration on This Subject and Was Authorized by President Roosevelt.

Washington, Jan. 7.—The following abstract of the attorney general's recommendations regarding trusts and combinations, which were made public at some length yesterday, was given out at the White House last night. It represents the general attitude of the administration on this subject and was authorized by the president:

Preliminary.

The people of the country do not desire the business of the country to be interfered with beyond the regulation necessary to control combinations where they act improperly and to correct any tendency toward monopoly. In this country, where money is cheap and abundant and within the reach of keen and capable men, monopoly will be impossible if competition is kept free.

Small enterprises have certain advantages over large combinations, and will live and thrive if assured of an open and fair field. Rebates and discriminatory rates constitute one of the chief restrictions on competition. They unjustly swell the earnings of favored concerns and supporting a vast volume of capital stock which represents nothing but unfair advantage over rivals, contribute largely to the upbuilding of monopoly.

The situation respecting transportation discrimination and the entry of independent capital into new industries has lately been improved. It is known that the amount of capital embarked in independent enterprises in the past two years at least equals the total capital of the great combinations formed within the previous 12 years. With assurance against predatory competition this improvement will continue. Individual industrial experience in the certainty of secure employment of capital may be trusted to compete effectively with such selfish combinations as are not formed for sound economic reasons but merely in order to capitalize the country's prosperity for the benefit of their promoters. The existence of most of these combinations has not increased the productive capacity of the country; they have merely acquired the ownership of pre-existing industries.

Recommendations.

Recommendations for immediate legislation:

That all discriminatory practices affecting interstate trade be made offenses to be enjoined and punished.

Such legislation to be directed alike against those who give and those who receive illegal advantages, and to cover discrimination in prices as against competitors in particular localities resorted to for the purpose of destroying competition.

In order to reach producers guilty of these offenses, who are as producers merely beyond national control, a penalty should be imposed upon interstate and foreign transportation of goods produced by them and federal courts should be given power to restrain such transportation at the government's suit.

Such legislation is necessary because the existing interstate commerce law does not give an effective remedy in this class of cases against either shipper or carrier. The cause of the interstate commerce act should now be supplied by imposing a penalty upon carrier and beneficiary alike, and by giving to the courts the right to restrain all such infractions of the law.

The prohibition against carriers should be limited to those subject to the act to regulate commerce. Only carriers operating a line of railroad or a rail and water line are required to observe the act. It is impracticable to control lines operating wholly by water. Rates of water transportation are necessarily open to freest competition, are invariably low by comparison, and thus naturally furnish the standard of reasonableness without express regulation.

It should be made unlawful to transport traffic by carriers subject to the interstate commerce act at a less rate than the published rate, and all who participate in violating the law should be punished.

Concerns Which Fatten on Rebates.

Provision should also be made to reach corporations and combinations which produce wholly within a state, but whose products enter interstate commerce. This provision should relate, first, to concerns which fatten on rebates; second, to concerns which receive rebates in order to obtain general price in particular localities or in any other way in particular localities seek to destroy competition.

There should be a comprehensive plan to enable the government to get at all the facts bearing upon the organization and practices of concerns engaged in interstate commerce, not with a view to hampering any legitimate business, but to enable them, but in order to be in position to take action if necessary.

To this end a commission or special bureau in the proposed department of commerce should be created, whose duty it should be to investigate the operations of concerns engaged in interstate or foreign commerce, to gather information and data enabling it to make recommendations for additional legislation to report to the president. This would be a first step in securing proper publicity. This commission should have authority to inquire into the management of any concern doing an interstate business whenever it becomes necessary or desirable; it should have the authority to call for reports from them, to compel testimony from all witnesses, and by the production of books, papers, etc.

These recommendations are based on the central thought that the first step should be taken by a law aimed at what is commonly known to be unreasonable practices directly restrictive of freedom of commerce and by a law securing some governmental supervision as outlined above. A special act should be passed at once to speed the final disposition of cases pending or to be raised under the present antitrust law, providing for the hearing of such cases by a full bench of circuit judges, and for direct appeals from the circuit courts to the supreme court of the United States.

Younger Wants Full Pardon.

St. Paul, Jan. 7.—Cole Younger applied to the state board of pardons yesterday for a full pardon. He has been on parole from the state prison for a year and a half. The terms of the parole forbid him to leave the state or to exercise many other rights of citizenship. In fact, on parole, he is civilly dead, as much as if within the walls of the prison. The purpose of his application, of course, is to enable Younger to return to his old home, Missouri.

Were No Grounds.

Wilkes-Barre, Pa., Jan. 7.—The Luzerne county court yesterday decided that there were no grounds for a contest between B. J. Ferry, Democrat, and James H. Harvey, Republican, as to who should represent the Fourth district in the legislature. Ferry was returned as elected by a few votes and Harvey asked the court for permission to start a contest.

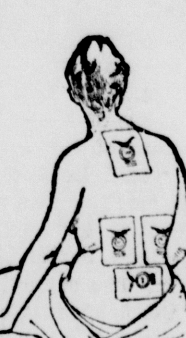

EST. 1847.

Alcock's

POROUS PLASTERS

Are a universal remedy for Pains in the Back (so frequent in the case of women). They give instantaneous relief. Wherever there is a pain apply a Plaster.

DIRECTIONS FOR USE

For pains in the region of the kidneys, or for a Weak Back, the plaster should be applied as shown above. Wherever there is a pain apply Alcock's Plaster.

For Rheumatism or Pains in Shoulders, Elbows, Clavicle, or for Sprains, Stiffness, etc., and for Aching Feet, cut plaster size and shape required and apply to part affected as shown above.

For Sore Throat, Coughs, Bronchitis, for Weak Lungs and for painful and sensitive parts of the Throat, apply as indicated.

Rheumatism, Colds, Coughs Weak Chest, Weak Back Lumbago, Sciatica, &c., &c.

If you want the best results, the quickest and cleanest cure, use Alcock's Plasters. They are far superior to belladonna, which is the extract of deadly night shade, a virulent poison, and never should be used except by direction of a physician. Alcock's Plasters contain no poisons. They cure by absorption. Absolutely curative, perfectly harmless.

Read letter from Prof. Henry A. Mott, the eminent chemist.

"My investigation of Alcock's Porous Plaster shows it to contain valuable and essential ingredients not found in any other plaster, and I find it superior to and more efficient than any other plaster."

F. F. EDWARDS, PROPRIETOR OF THE HOTEL EDWARDS OF EAST LIVERPOOL, O., RECOMMENDS

LIFE PLANT

FOR KIDNEY TROUBLE

—READ WHAT HE SAYS—

East Liverpool, Ohio, Nov. 19th, 1902.

The Life Plant Co.,
Canton, Ohio.

Gentlemen:—I have used nearly two bottles of LIFE PLANT and must say it is a fine medicine for the kidneys. It is the best medicine I have ever taken and I recommend it to all who are suffering from kidney diseases.

F. F. EDWARDS, 136 Third St.

Kidney diseases are very common and very dangerous. They cause more deaths than any other affliction, and yet they can be cured, quickly and easily by taking LIFE PLANT. An improper treatment is worse than none. It excites the kidneys to unusual action for a time, causing a seeming benefit, but the result is increased weakness.

LIFE PLANT leaves you permanently cured or your money is refunded. Whatever the stage of your trouble, your druggist will warrant that LIFE PLANT will succeed with you.

The fearful fatality caused by kidney diseases is the result of neglect and wrong treatment. Commence now by using the only guaranteed treatment, LIFE PLANT. It's a wonder.

FOR SALE BY ALL DRUGGISTS.

THE LIFE PLANT CO., CANTON, OHIO.

FOR SALE BY WILL REED, CHAS. CRAIG AND W. L. WILSON.

OPEN SATURDAY EVENINGS

Frick Building Pittsburgh

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, dis-
courage and lessens ambition; beauty, vigor
and cheerfulness soon
disappear when the kid-
neys are out of order
or diseased.

Kidney trouble has
become so prevalent
that it is not uncommon
for a child to be born
afflicted with weak kid-
neys. If the child urina-
tes too often, if the
urine scalds the flesh or if, when the child
reaches an age when it should be able to
control the passage, it is yet afflicted with
bedwetting, depend upon it, the cause of
the difficulty is kidney trouble, and the first
step should be towards the treatment of
these important organs. This unpleasant
condition is due to a diseased condition of the
kidneys and bladder and not to a habit as
most people suppose.

Women as well as men are made mis-
erable with kidney and bladder trouble,
and both need the same great remedy,
the mild and the immediate effect of
Swamp-Root is soon realized. It is sold
in fifty-cent and one dollar
bottles. You may have a
sample bottle by mail
on all pamphlets tell-
ing all about it, including many of the
hundreds of testimonials received
from sufferers cured. In writing Dr. Kilmer
& Co., Binghamton, N. Y., be sure and
mention this paper.

Don't make any mistake, but re-
member the name Swamp-Root, Dr.
Kilmer's Swamp-Root, and the address,
Binghamton, N. Y., on every bottle.

Official Notice Given.
Cleveland, Jan. 7.—Official notice is
being sent to each member of
the local coal dealers' association yes-
terday by County Prosecutor Keeler,
stating that charges had been filed to
the effect that the association is op-
erating in violation of the Valentine
antitrust law, and that the mainte-
nance of a price agreement among the
dealers must be at once abolished.
The Valentine law provides that per-
sons to the trust must be so notified
prior to their prosecution, when
charged with its violation.

Good News.
It will be good news to the mothers
of small children to learn that croup
can be prevented. The first sign
of croup is hoarseness. A day or two
before the attack the child becomes
hoarse. This is soon followed by a
hoarse cough. Give Cham-
berlain's Cough Remedy freely as soon
as the child becomes hoarse, or even
before the cough appears, and
it will dispel all symptoms of croup.
This way all danger and anxiety
can be avoided. This remedy is
used by many thousands of mothers
and has never been known to fail. In
fact, the only remedy that can
be depended upon and that
is pleasant and safe to take. For sale
everywhere. Alvin H. Bulger, druggist.

in account of the great expense of
travel, many cannot go abroad to
themselves of the Traubenkur
treatment for stomach trouble, con-
stipation, etc. established along the
Rhine, in Germany, but with
the Grape Tonic at a nominal cost
of 50 cents per bottle, you have a
Traubenkur at your door, at Hodson's
Store.

The Plague at Mazatlan.
Mazatlan, Mexico, Jan. 7.—An aver-
age of more than 10 deaths daily from
the plague is recorded and the laz-
aretto are full of patients. A general
lockdown has been ordered in this community
and business is at a standstill.

WEATHER FORECAST.
To-day—Fair and warmer today. To-
morrow—Fair, except snow or rain
in the lake; colder; brisk to high
winds, becoming west.
Eastern Pennsylvania and West
Virginia—Fair and warmer today. To-
morrow—Probably rain or snow and
brisk to high south winds, be-
coming west.

NERVOUS EXHAUSTION

Every Day History—High Strung—
Nervous—Excitable—Constant
Annoyances—No Rest at Night—
Faint Weak—Appetite Poor—Loss
of Weight—Strength all Gone.

The following:
C. L. Yeager, of No. 152 Broad-
way, Liverpool, Ohio, says: "Dr.
Chase's Nerve Pills are all good.
Experience with them led me to
Dr. Chase's Nerve Pills. I got
at Larkin's Drug Store, and I
improved, run down, felt miser-
able, the heart action was weak
and irregular. The medicine made me
and my nerves steady. The
action regular and strong and
a different person as I feel
and hearty again."

Dr. W. Chase's Nerve Pills are
sold at a box at dealers, or Dr.
Chase Medicine Co., Buffalo, N. Y.,
that portrait and signature of
Chase, M. D., are on every pack-

SOME OF THE WOES OF THE SHIPPERS

**A Car Shipped From East Liver-
pool Was Forty Days in
Reaching Wheeling.**

4,400 CARS AT CONWAY

**Cabbages Shipped in July Not Yet at
Their Destination—Had to Be De-
stroyed Because They Had Spoiled.
Other Difficulties.**

Wheeling, January 7.—Very few peo-
ple not actually interested know the
difficulty big shippers are having as a
result of the congestion of freight on
the railroads. Goods are on the road
in some instances four or five times
as long as they should be. Shippers
that ought to reach their destination
in two or three days have been
known to be on the road a month. One
big shipment to this city from East
Liverpool was on the road 40 days. The
American Tin Plate company shipped
four carloads of material over the
Pittsburg & Lake Erie and Wheeling
& Lake Erie from New Castle to Mar-
tin's Ferry five weeks ago, and it has
not reached its destination yet.

Naturally it ought to take about
three or four days to get freight over
that route. The officials of the Ameri-
can Tin Plate company have written to
nearly every agent of the P. & L. E.
from Cleveland to Buffalo in their ef-
fort to find the missing freight, but
without success. The Laughlin has
other carloads of freight on the road
from New Castle for 30 days. Other
manufacturing establishments in this
vicinity are in the same fix.

It is almost impossible to get box
cars. The Pennsylvania and W. & L.
E. are unable to furnish any scarcely
and the B. & O. has but very few avail-
able. This feature of the congestion
is a serious drawback to the shipping.
It is all the result of the congested
conditions, for all the roads are well
supplied if they could only get things
to moving right.

A Pennsylvania freight official here
a few days ago said his company had
over 4,400 cars in the Conway yards
of the C. & P. alone. Conway is about
29 miles out of Pittsburg, and the
yards are not intended to hold more
than 2,500 cars. A week or so ago the
company had to destroy seven carloads
of cabbage because they could not get
them delivered. They were shipped in
July, but got caught in the freight
blockade at Conway, and were not
found till all were spoiled.

A novel method of hurrying freight
through has been adopted by big man-
ufacturing concerns who are in a hurry
for material. If they are particularly
anxious for the material a trusted
man with plenty of money is sent to
the shipment. By the liberal use of
money to the trainmen and persistent
efforts the man will get the freight
through in comparatively good time.

It is necessary for the agent to stay
right on the train and most of the
time he is on the car or cars with his
freight. Even with the money and the
special agent nothing short of eternal
vigilance prevails. Sometimes by this
method it costs \$5 extra, or it has cost
some local firms as high as \$200 per
car to get a car through.

AZELDA

Azelda, January 7.—Miss Tillie Sem-
brower returned to Pittsburg Tuesday.
Ed Mackel and wife, of Achor, visit-
ed here recently.

Mrs. Baxter and son, of East Liver-
pool, called on Mrs. Lucy Cope Mon-
day.

Mr. and Mrs. J. A. Wilson returned
home Saturday from a week's visit
with relatives in Pittsburg.

Mr. and Mrs. Laurin B. Tullis, of
Beaver Falls, visited Mr. Tullis' uncle
R. B. Tullis, Sunday.

William and Alex Wilson have gone
to Salem to spend a few days with
relatives.

Mrs. Prudence Lyder and daughter
Zora, of Signal, called on Mrs. L. Cope
Saturday.

Curtis Warrick and family, of Ohio-
ville, are spending a few days at the
home of A. C. Riney.

PARK

Park, January 7.—W. H. Ratsford,
of Park, has returned from a two
weeks' visit with relatives and friends
in Indiana.

Attorney W. F. Lones, of Wells-
ville, visited the home of his parents,
Mr. and Mrs. William Lones, lately.

CURING CONSUMPTION.

When Scott's Emulsion
makes the consumptive gain
flesh it is curing his consump-
tion.

Exactly what goes on inside
to make the consumptive gain
weight when taking Scott's
Emulsion is still a mystery.

Scott's Emulsion does some-
thing to the lungs too that re-
duces the cough. More weight
and less cough always mean
that consumption is losing its
influence over the system.

Scott's Emulsion is a relia-
ble help.

Send for Free Sample.
SCOTT & BOWNE, Chemists, 409 Pearl St., N. Y.

Harry Pepin and wife, of East Liver-
pool, visited the home of Mrs. Pepin's
parents, Mr. and Mrs. William
Crawford, recently.

Prof. G. W. Finch and mother, of
Sebring, who have been spending
their vacation at the home of Mr. and
Mrs. Frank Conkle, near the Bell
school, have returned to their home
in Sebring, where Mr. Finch will as-
sume his work as superintendent of the
public school.

Miss Nannie Hamilton, who spent
the last month in Pittsburg, has re-
turned to her home.

Miss Helen Conkle, after spending
the holiday vacation with her parents,
has returned to East Liverpool, where
she is attending the public schools.

Misses Ola and Bertha Axell, near
Bell school house, have gone to East
Liverpool to attend school.

Mrs. Nuoda Henry has returned to
her home from a brief visit with Sa-
lineville friends.

IF YOU HAVE PAIN IN YOUR BACK

**Do Not Be Deceived. You have
Kidney Trouble, and You Do
Not Need a Physician to
Tell You So.**

Pain in the back is an almost infallible
sign of kidney disease; a surer sign is
the condition of your urine. If you have
a pain in the back, then look to the con-
dition of your urine. It is easily done.
Take a glass or tumbler and fill it with
urine; after it has stood 24 hours, if it
has a sediment, if it is milky or cloudy,
if it is pale or discolored, stringy orropy,
your kidneys and bladder are in a dan-
gerous condition and need immediate at-
tention, or the consequences may prove
fatal. Dr. David Kennedy's Favorite
Remedy is the one medicine that really
cures all diseases of the kidneys, liver,
bladder and blood, rheumatism, dyspep-
sia and chronic constipation, and it will
take you but a short trial to convince
yourself of its wonderful curative power.

G. F. Sammer of No. 409 Tioga street,
Syracuse, N. Y., in a recent letter says:
"I was afflicted for years with
severe pains in my back and kid-
neys. I tried many doctors and
many medicines, but got no relief.
I bought a bottle of Dr. David Ken-
nedy's Favorite Remedy and it has
entirely cured me."

It is for sale by all druggists in the
New 50 Cent Size and the regular
\$1.00 size bottles—less than a cent a dose.
Sample bottle—enough for trial, free by mail.
Dr. David Kennedy Corporation, Rondout, N. Y.

Dr. David Kennedy's Cherry Balm best for
Colds, Coughs, Consumption. 2c, 5c, \$1.00.

CARNEGIE'S LIBERAL OFFER.

**Tenders to the City of Philadelphia
\$1,500,000 Toward Extension of
Free Library System.**

Philadelphia, Jan. 7.—Andrew Carneg-
ie has offered to give the city of
Philadelphia a million and a half dol-
lars toward the extension of its free
library system. Under the conditions
of his offer this sum is to be applied
only to the erection of 20 buildings,
which are to be used as branches of
the main library. The city is re-
quired to furnish the sites for the
buildings and is to equip the libraries
and afterwards maintain them at a
yearly cost of at least \$5,000 per build-
ing. The main library is not included
in Mr. Carnegie's offer, the city hav-
ing already appropriated \$1,000,000 for
the purpose.

John Thompson librarian of the
Philadelphia free library, had an in-
terview with Mr. Carnegie last Satur-
day, when details of the offer were
arranged. Mr. Thompson yesterday
presented the proposition to Mayor
Ashbridge, who expressed his pleas-
ure at Mr. Carnegie's offer.

It is not known as yet whether the
city will accept the offer. The sub-
ject must first be considered by city
councils.

Coal Prices Advanced.

Indianapolis, Jan. 7.—Anthracite
coal was offered at \$12 a ton in this
city yesterday. All other coals were
advanced from 25 to 50 cents a ton
at the meeting of the coal exchange.
Anthracite Monday was selling at \$9
a ton. The famine in steam coal con-
tinues and all the factories are run-
ning close. The attorney general has
promised to investigate the shortage.
The dealers say the conditions at the
mine are improving and shipments
will be increased.

ATTITUDE ON TRUSTS

**Abstract of Attorney General
Knox's Recommendations Re-
garding Combinations.**

GIVEN OUT AT WHITE HOUSE.

Represents the General Position As-
sumed by the Administration on
This Subject and Was Authorized
by President Roosevelt.

Washington, Jan. 7.—The following
abstract of the attorney general's
recommendations regarding trusts and
combinations, which were made pub-
lic at some length yesterday, was
given out at the White House last
night. It represents the general atti-
tude of the administration on this sub-
ject and was authorized by the presi-
dent:

Preliminary.

The people of the country do not desire
the business of the country to be in-
terfered with beyond the regulation neces-
sary to control combinations where they
are inimical to and to correct any ten-
dency toward monopoly. In this country,
where money is cheap and abundant and
within the reach of keen and capable men,
monopoly will be impossible if competition
is kept free.

Small enterprises have certain advan-
tages over large combinations, and will
live and thrive assured of an open and
fair field. Robust and discriminatory
rates constitute one of the chief restric-
tions on competition. They unjustly swell
the earnings of favored combinations and
perpetuate a vast volume of capital stock
which represents nothing but unfair ad-
vantage over rivals, contribute largely to
the upbuilding of monopoly.

The situation respecting transportation
discrimination and the entry of independ-
ent capital into new industries has lately
been improved. It is not known that the
policy of capital embarked in independ-
ent enterprises in the past two years at
least equals the total capital of the great
combinations formed within the previous
years. With assurance against predat-
ory competition this improvement will
continue. Individual industrial experience
with the certainty of secure employment
in capital may be tried to compete ef-
fectively with such selfish combinations as
are not formed for sound economic rea-
sons, but merely in order to capitalize the
country's prosperity for the benefit of
their promoters. The existence of most
of these combinations has not increased
the productive capacity of the country;
they have merely acquired the ownership
of pre-existing industries.

Recommendations.

Recommendations for immediate legisla-
tion: That all discriminatory practices affect-
ing interstate trade be made offenses to be
enjoined and punished.

Such legislation to be directed alike
against those who give and those who re-
ceive illegal advantages, and to cover dis-
crimination in prices as against competi-
tors in particular localities resorted to for
the purpose of destroying competition.
In order to reach producers guilty of
these offenses, who are as producers
merely beyond national control, a penalty
should be imposed upon interstate and
foreign transportation of goods produced
by them, and federal courts should be
given power to restrain such transportation
at the government's suit.

Such legislation is necessary because the
existing interstate commerce law does not
give an effective remedy in this class of
cases against either shipper or carrier.
The existing law in the interstate com-
merce act should now be supplied by im-
posing a penalty upon carrier and bene-
ficiary alike, and by giving to the courts
the right to restrain all such infractions
of the law.

The prohibition against carriers should
be limited to those subject to the act to
regulate commerce. Only carriers operat-
ing a line of commerce, or a rail and water
line as one line are required to publish
their rates and adhere to them. It is
impracticable to control lines operating
by water. Rates of water trans-
portation are necessarily open to the
freest competition, are invariably low by
comparison, and thus naturally furnish
the standard of reasonableness without ex-
press regulation.

It should be made unlawful to transport
traffic by carriers subject to the inter-
state commerce act at a less rate than the
published rate, and all who participate in
violating the law should be punished.

Concerns Which Fatten on Rebates.

Provision should also be made to reach
corporations and combinations which pro-
duce wholly within a state, but whose
products enter interstate commerce. This
provision should relate, first, to concerns
which fatten on rebates; second, to con-
cerns which sell commodities below the
general price in particular localities or in
any other way in particular localities seek
to destroy competition.

There should be a comprehensive plan
to enable the government to get at all
the concerns having monopoly in the
management of concerns engaged in inter-
state commerce, not with a view to hamper-
ing any legitimate business of such con-
cerns, but in order to be in position to take
action if necessary.

To this end a commission or special bu-
reau in the proposed department of com-
merce should be created, whose duty it
should be to investigate the operations of
concerns engaged in interstate or foreign
commerce, to gather information and data
regarding it, to make recommendations for
additional legislation, to report to the
president. This would be a first step in
securing proper publicity. This com-
mission should have authority to require
the management of any concern doing
an interstate business whenever it be-
comes necessary or desirable. It should
have the authority to call for reports from
them, to compel testimony from all wit-
nesses, and by the production of books,
papers, etc.

These recommendations are based on
the central thought that the first step
should be taken by a law aimed at what
are certainly known to be unreasonable
practices, direct restriction of freedom
of commerce and by a law securing some
governmental supervision as outlined
above. A special act should be passed at
once to speed the final decision of cases
pending or to be raised under the present
antitrust law, providing for the hearing
of such cases by a full bench of circuit
judges, and for a direct appeal from the
circuit courts to the supreme court of the
United States.

Younger Wants Full Pardon.

St. Paul, Jan. 7.—Cole Younger ap-
plied to the state board of pardons
yesterday for a full pardon. He has
been on parole from the state prison
for a year and a half. The terms of
the parole forbid him to leave the
state or to exercise many other rights
of citizenship. In fact, on parole, he
is civilly dead, as much as if within
the walls of the prison. The purpose
of his application, of course, is to en-
able Younger to return to his old
home, Missouri.

Were No Grounds.

Wilkesbarre, Pa., Jan. 7.—The Lu-
zerne county court yesterday decided
that there were no grounds for a con-
test between B. J. Ferry, Democrat,
and James H. Harvey, Republican, as
to who should represent the Fourth
district in the legislature. Ferry was
returned as elected by a few votes
and Harvey asked the court for per-
mission to start a contest.

LIFE PLANT

FOR KIDNEY TROUBLE

—READ WHAT HE SAYS—

East Liverpool, Ohio, Nov. 19th, 1902.

The Life Plant Co.,
Canton, Ohio.

Gentlemen:—I have used nearly two bottles of LIFE PLANT and must say it is a fine medicine for the kidneys. It is the best medicine I have ever taken and I recommend it to all who are suffering from kidney diseases.

F. F. EDWARDS, 136 Third St.

Kidney diseases are very common and very dangerous. They cause more deaths than any other affliction, and yet they can be cured, quickly and easily by taking LIFE PLANT. An improper treatment is worse than none. It excites the kidneys to unusual action for a time, causing a seeming benefit, but the result is increased weakness.

LIFE PLANT leaves you permanently cured or your money is refunded. Whatever the stage of your trouble, your druggist will warrant that LIFE PLANT will succeed with you.

The fearful fatality caused by kidney diseases is the result of neglect and wrong treatment. Commence now by using the only guaranteed treatment, LIFE PLANT. It's a wonder.

FOR SALE BY ALL DRUGGISTS.

REPORT EXPECTED ON STORE PROJECT

Trades Council Tonight Will Hear of Progress Made by Co-Operative Company.

AMOUNT IS SUBSCRIBED

And a Meeting of Those Interested Will Be Held Monday Night to Effect a Permanent Organization. Car Vestibules Under Consideration.

The meeting of Trades Council to be held tonight will be a most important one. The men in whose hands the soliciting for the co-operative store was placed about a month ago are expected to make a report. This committee has done excellent work and succeeded in interesting a sufficient number of workers in the movement to make up the necessary amount which it was decided to start with—\$5,000. The report will be lengthy and interesting, and will include a detailed account of the progress of the work since it was placed in charge of the committee. The temporary officers elected recently have issued the following:

"East Liverpool, Jan. 6, 1933.
"Dear Sir—There will be a stock holders' meeting of the East Liverpool Co-Operative Store company on Monday evening, January 12, 1933, at 7:30 o'clock, in Red Men's hall, West Market street. At this meeting stock subscriptions will be due and may be paid in full or in part; permanent directors and officers elected; constitution and by-laws adopted and the formal taking up of the stock by the subscribers.

"It is important that you be present and do not allow anything to interfere with your coming.

"Fraternal yours,

"U. G. KING,

"President

"FRED W. PENNINGTON,

"Secretary."

There has been no meeting of the council since Prosecuting Attorney J. H. Brookes was conferred with respect to the placing of doors upon certain cars on the East Liverpool railway and this matter will be up for consideration tonight. It will be remembered that the prosecutor advised Trades Council's representatives who called upon him to see Manager Healy before taking further action, and this was done without delay. No satisfactory agreement could be reached with that official, and the matter stands in that shape at the present time.

The law is very plain upon the subject, and it is the opinion of both the street railway men and the members of the council that it can be enforced. The question has been raised that where the law states the motorman driver or gripman shall be fully and completely protected from the elements, there may be found a loophole. This will depend entirely upon the judgment of the court as to whether the cars in their present condition afford the protection to the employee that the law had intended. It is probable authority will be given the officers of the council to proceed with the prosecution of the case.

A large number of other important matters will be discussed at the meeting tonight.

Y. M. C. A. HAS HAD A PROSPEROUS YEAR

BURDENSOME DEBT PRACTICALLY WIPED OUT.

A Vigorous Campaign to Be Inaugurated to Secure More Commodious Quarters.

The first meeting of the board of directors of the Y. M. C. A. in the new year was held yesterday afternoon at the home of the association on Fifth street. The expectation held by the directors and many of those interested in the welfare of the association that the debt would have been cancelled by this meeting was not realized. Money enough for this purpose has been subscribed, but all had not yet been paid in. The committee having in charge the finances is confident that the necessary amount to place the organization free from all indebtedness can be secured during the present month.

Secretary M. C. Wright submitted his report and it was well received. It shows the association to be in a most prosperous condition. The membership continues satisfactory and now numbers 475.

It is now realized that the present quarters are too small to carry out the work as it should be and is done in other cities, and now that the debt is practically wiped out more commodious quarters will be sought. It is the intention to soon begin a determined campaign to secure a building that will afford ample room for athletics and games for a membership more than double what it is at present. It is believed that hundreds of new members can be secured if quarters large enough to accommodate them can be had. With the large membership and the co-operation of the public new quarters can no doubt be secured.

STARTLING STORY TOLD BY A BOY

SAYS HE WAS ONE OF A GANG HIRED TO STEAL.

Youthful Prisoner's Charges Against the Junk Dealer Recently Fined.

Lisbon, January 7.—(Special)—Ernest Seal and Owen Roberts, both of Wellsville, were arraigned before Judge Boone in probate court this morning charged with stealing railroad iron from the Pennsylvania company. Seal was fined \$5 and costs. Special action will be taken in the case of Roberts on account of his youth, he being only 12 years old.

Roberts is represented as being a pupil of Sheekler, the junk dealer, who was fined heavily last week for buying stolen metals. Roberts' story concerning his transactions with Sheekler seems to bear out the theory that Sheekler had a number of small boys in his employ whom he encouraged to theft by purchasing from them and that he even directed their movements.

Roberts says that Sheekler told him of a pile of iron at a certain place in the city which he instructed him to get and lent him a flat on which to convey it up the river. Seal said he met Roberts and simply assisted him in rowing the flat up the river and had no other part in the transaction.

SOCIAL EVENTS

IN MRS. KERR'S HONOR

Mrs. Grosshans Gave a Dinner to Past Officers of the W. R. C.

Mrs. George Grosshans gave a pleasant entertainment at her home on Lincoln avenue yesterday afternoon. Guests to the number of 12 were present, who enjoyed an elaborate 1 o'clock dinner. To each guest was given as a favor a pretty original pen sketch.

Mrs. Grosshans gave the dinner to the past officers of the Women's Relief Corps and also in honor of Mrs. Mary D. Kerr.

To Wed at Salem.

W. R. Dawson, a member of the cooperative firm of Dawson & Son, and one of the most popular young men of the city, left this morning for Salem accompanied by Miss Laura Farrell, to whom he was married there today. The ceremony was performed by Rev. Walter Mansell, pastor of the Christian church, of that city, who was formerly in charge of that congregation in East Liverpool.

Auxiliary Meeting.

There was a well attended meeting of the Ladies' auxiliary in the Y. M. C. A. hall last evening. The time was occupied by the regular business of the auxiliary.

Tuesday Evening Club.

The Tuesday evening club held a meeting last evening at the home of Miss Cora Allen. The evening was one of pleasure to those present.

POLICE COURT QUIET

Not One Arrest Made Last Night. Prisoners Fined And Released.

Police court was again quiet today, not a single arrest having been made last night. Will Jackson, who was arrested by Officer Morris yesterday for being drunk, was fined \$5.60 by the mayor last night and was released.

Prof. Pfankuch, who was also behind the bars on a similar charge, was released on giving security for his fine.

James Spencer, the man who was arrested in the raid on the house in the rear of the Mears' saloon Sunday night, pleaded guilty and was fined \$9.60 for his part in the affair.

All of the information desired by Attorney Wilson in Baltimore in connection with the Smith bigamy case was forwarded by Mayor Davidson yesterday.

Rehabites Installation.

The installation of officers of Favorite tent, No. 175, Rehabites, was held at the last meeting. The officers are: Chaplain, Thomas Hall; shepherd, John McVay; chief ruler, William Foden; R. S. Frank Robinson, Sr.; E. S. William Grice; treasurer, M. S. Dunlap; levite, O. P. Barker; E. G. C. C. Menough; O. G. C. R. Sayre; trustees, Isaac Shamp, E. P. Williams, Frank Robinson, Sr.

Reached the Age of 90.

East Palestine, January 7.—James Rogers, who resides about four miles south of town, celebrated his ninetieth birthday lately, and his wife served the dinner without any help whatever. She will celebrate her seventy-fifth birthday in a short time.

Public Installation.

Lisbon, January 7.—(Special)—Brown's lodge No. 130, K. of P., of Lisbon, will have a public installation of officers this evening. D. A. Davidson, installing officer, officiating.

Costly Blaze at Salem.

Salem, January 7.—Fire, which broke out in the copper shop at the nail mill did about \$6,500 damage before it was extinguished. The origin of the fire is not known.

HOME AFFAIRS.

Brief Notes of a Personal Nature And of Matters About Town.

Jury Disagreed—The jury disagreed in the Given-Myers colt trial tried before Justice Moore at Calcutta yesterday.

Got a Bad Fall—J. M. Arbuthnot, the plumber, while at work in the Crook furniture store, fell from a step ladder yesterday and was badly shaken and bruised. No bones were broken.

Struck By a Team—While walking on Market street yesterday afternoon Frederick Wilson was run down by a team driven by a farmer. Fortunately the horses were not going fast and Mr. Wilson was not seriously hurt.

The Wrong Box—The fire department was called out on a false alarm yesterday afternoon about 5 o'clock to the corner of Fifth and Market streets. The alarm was turned in by a lady who mistook a fire alarm box for a mail box. She wished to mail a letter and in trying to get the letter in the box called out the department.

Clerks Add Members—Clerks' local No. 292 held its regular meeting last night and transacted considerable business. Seven new members were initiated. The first application of a lady clerk was received and voted upon. She may be taken into this local and attend the meetings of the local at Wellsville, where both gentlemen and ladies are members.

INSURANCE UNION

Elects Officers Which Will Be Installed at a Meeting Friday Evening.

The election of officers of the American Insurance union to serve for the ensuing year resulted as follows:

President—Elmer A. Smith.
Vice President—Henry Weible.
Secretary-Treasurer—James McDole.
Editor—E. W. Hill.
Chaplain—Ida Garner.
Marshal—Mrs. J. Brown.
Custodian—J. Brown.
Collector—C. W. Powell.
Warden—Leon Rich.
Argus—William Jennings.

H. P. McCarron was elected a trustee to serve for three years. The report of the treasurer showed the order to be in a most prosperous condition and the membership is rapidly increasing. The recently-elected officers will be installed in their hall in the Fowler building next Friday evening.

Arranging For Rural Routes.

Salineville, January 7.—(Special)—George Casey having resigned as rural mail carrier, an examination was held for his successor. Joseph McSwiggen, George Troupe, and John Manning took the examination. As the time draws near for the inauguration of the two routes from this office the farmers are more and more showing a deep interest in the matter.

The River Still Falling.

The three rivers are receding again, the cold weather being partly responsible for it. There is still a good coal boat stage from Pittsburg to the southern markets. The Ohio continues free from ice. The Queen City is due down tonight at 8 o'clock. The Ben Hur is due up at 9 o'clock from Parkersburg.

Salineville Barbers Raise Prices.

Salineville, January 7.—(Special)—The local barbers' union held a meeting recently in Salineville and decided to charge 5 cents for a neck shave. The price of haircutting has been raised from 20c to 25c. Thus a few extra nickels will roll into the barbers' pockets.

TO THE PUBLIC.

The Bridgewater Supply Co., 129 E. Third street, (one square from bridge), is our sole agent in the city of East Liverpool. They will redeem all checks issued by our company and will keep in stock our Baking Powder, Teas, Coffees, Spices, Extracts, etc. THE GREAT ATLANTIC & PACIFIC TEA CO.

Advertise in the Evening News Review when you are prepared for a rush of business.

THE VENEZUELAN SITUATION.

Replies of Great Britain and Germany Have Been Received and Forwarded to Castro.

Berlin, Jan. 7.—The joint reply of the powers to President Castro's qualified acceptance of arbitration was handed to the United States ambassadors at Berlin and London yesterday. The note aims to further smooth the way for a settlement, which may possibly be reached without arbitration. The powers, however, do not abandon any of the reservations contained in their original proposal.

The question of raising the blockade will only be opened after President Castro's complete acceptance of the powers' reservations. The state of war is not modified by yesterday's note.

Washington, Jan. 7.—Secretary Hay has received the British answer to President Castro's last proposal relative to arbitration. It is assumed that the British note reflects the views of the German government, as the allies have been acting in harmony so far.

Later in the day a separate response to President Castro's last proposal came from Germany. In many respects it was similar to that from Great Britain, and like that, it named certain conditions regarding the matters under consideration on which an understanding will have to be reached before the case is submitted to arbitration. Germany's answer, like that of Great Britain, has been sent to President Castro through the intermediary of United States Minister Bowen, at Caracas. If the latter conditions suggested by the two allies are accepted by Castro, and the hope among officials here is that they may be, it is expected that a meeting will be held in Washington between Minister Bowen, representing the government of Venezuela, and the ambassadors of Great Britain, Germany and others of the allies to prepare a basis on which the arbitration of the issues between the interested parties shall proceed.

Entire Family Asphyxiated.

Chicago, Jan. 7.—An entire family was wiped out by asphyxiation Monday night, and the bodies were discovered on a on yesterday. The victims are: Albert Finkelstein, aged 50 years; Etta Finkelstein, aged 50, his wife; Jesse Finkelstein, aged 7, a grandson, and Annie Finkelstein, an 18-year-old daughter. The tip of a gas jet was found lying on the floor and the gas was turned on.

Loss Estimated at \$150,000.

Buffalo, Jan. 7.—The entire stock of Knowles & Garner's department store was destroyed by fire last night and the building on Main street was badly damaged. One fireman was seriously injured. The elevator shaft in the building acted as a flue and the entire interior of the building was in flames before the firemen arrived. The loss is estimated at \$150,000.

Brief Notes of a Personal Nature And
of Matters About
Town.

Jury Disagreed—The jury disagreed in the Given-Myers colt trial tried before Justice Moore at Calcutta yesterday.

Got a Bad Fall—J. M. Arbutnot, the plumber, while at work in the Crook furniture store, fell from a step ladder yesterday and was badly shaken and bruised. No bones were broken.

Struck By a Team—While walking on Market street yesterday afternoon Frederick Wilson was run down by a team driven by a farmer. Fortunately the horses were not going fast and Mr. Wilson was not seriously hurt.

The Wrong Box—The fire department was called out on a false alarm yesterday afternoon about 5 o'clock to the corner of Fifth and Market streets. The alarm was turned in by a lady who mistook a fire alarm box for a mail box. She wished to mail a letter and in trying to get the letter in the box called out the department.

Clerks Add Members—Clerks' local No. 292 held its regular meeting last night and transacted considerable business. Seven new members were initiated. The first application of a lady clerk was received and voted upon. She may be taken into this local and attend the meetings of the local at Wellsville, where both gentlemen and ladies are members.

INSURANCE UNION

Elects Officers Which Will Be Installed
at a Meeting Friday
Evening.

The election of officers of the American Insurance union to serve for the ensuing year resulted as follows:

President—Elmer A. Smith.
Vice President—Henry Weible.
Secretary—James McDole.
Editor—E. W. Hill.
Chaplain—Ida Garner.
Marshal—Mrs. J. Brown.
Custodian—J. Brown.
Collector—C. W. Powell.
Warden—Leon Rich.
Argus—William Jennings.

H. P. McCarron was elected a trustee to serve for three years. The report of the treasurer showed the order to be in a most prosperous condition and the membership is rapidly increasing. The recently-elected officers will be installed in their hall in the Fowler building next Friday evening.

Arranging For Rural Routes.

Salineville, January 7.—(Special)—George Casey having resigned as rural mail carrier, an examination was held for his successor. Joseph McSwiggen, George Troupe, and John Manning took the examination. As the time draws near for the inauguration of the two routes from this office the farmers are more and more showing a deep interest in the matter.

The River Still Falling.

The three rivers are receding again, the cold weather being partly responsible for it. There is still a good coal boat stage from Pittsburgh to the southern markets. The Ohio continues free from ice. The Queen City is due down tonight at 8 o'clock. The Ben Hur is due up at 9 o'clock from Parkersburg.

Salineville Barbers Raise Prices.

Salineville, January 7.—(Special)—The local barbers' union held a meeting recently in Salineville and decided to charge 5 cents for a neck shave. The price of haircutting has been raised from 20c to 25c. Thus a few extra nickels will roll into the barbers' pockets.

TO THE PUBLIC.

The Bridgewater Supply Co., 129 E. Third street, (one square from bridge), is our sole agent in the city of East Liverpool. They will redeem all checks issued by our company and will keep in stock our Baking Powder, Teas, Coffees, Spices, Extracts, etc. THE GREAT ATLANTIC & PACIFIC TEA CO.

Advertise in the Evening News Review when you are prepared for a rush of business.

THE VENEZUELAN SITUATION.

Replies of Great Britain and Germany
Have Been Received and Forwarded
to Castro.

Berlin, Jan. 7.—The joint reply of the powers to President Castro's qualified acceptance of arbitration was handed to the United States ambassadors at Berlin and London yesterday. The note aims to further smooth the way for a settlement, which may possibly be reached without arbitration. The powers, however, do not abandon any of the reservations contained in their original proposal.

The question of raising the blockade will only be opened after President Castro's complete acceptance of the powers' reservations. The state of war is not modified by yesterday's note.

Washington, Jan. 7.—Secretary Hay has received the British answer to President Castro's last proposal relative to arbitration. It is assumed that the British note reflects the views of the German government, as the allies have been acting in harmony so far.

Later in the day a separate response to President Castro's last proposal came from Germany. In many respects it was similar to that from Great Britain, and like that, it named certain conditions regarding the matters under consideration on which an understanding will have to be reached before the case is submitted to arbitration. Germany's answer, like that of Great Britain, has been sent to President Castro through the intermediary of United States Minister Bowen, at Caracas. If the latter conditions suggested by the two allies are accepted by Castro, and the hope among officials here is that they may be, it is expected that a meeting will be held in Washington between Minister Bowen, representing the government of Venezuela, and the ambassadors of Great Britain, Germany and others of the allies to prepare a basis on which the arbitration of the issues between the interested parties shall proceed.

Entire Family Asphyxiated.

Chicago, Jan. 7.—An entire family was wiped out by asphyxiation Monday night, and the bodies were discovered at noon yesterday. The victims are: Albert Finkelstein, aged 50 years; Etta Finkelstein, aged 50, his wife; Jesse Finkelstein, aged 7, a grandson, and Annie Finkelstein, an 18-year-old daughter. The tip of a gas jet was found lying on the floor and the gas was turned on.

Loss Estimated at \$150,000.

Buffalo, Jan. 7.—The entire stock of Knowles & Garner's department store was destroyed by fire last night and the building on Main street was badly damaged. One fireman was seriously injured. The elevator shaft in the building acted as a flue and the entire interior of the building was in flames before the firemen arrived. The loss is estimated at \$150,000.

REPORT EXPECTED ON STORE PROJECT

Trades Council Tonight Will Hear
of Progress Made by Co-Operative Company.

AMOUNT IS SUBSCRIBED

And a Meeting of Those Interested
Will Be Held Monday Night to Effect
a Permanent Organization.
Car Vestibules Under Consideration.

The meeting of Trades Council to be held tonight will be a most important one. The men in whose hands the soliciting for the co-operative store was placed about a month ago are expected to make a report. This committee has done excellent work and succeeded in interesting a sufficient number of workers in the movement to make up the necessary amount which it was decided to start with—\$5,000. The report will be lengthy and interesting, and will include a detailed account of the progress of the work since it was placed in charge of the committee. The temporary officers elected recently have issued the following:

"East Liverpool, Jan. 6, 1903.
"Dear Sir—There will be a stockholders' meeting of the East Liverpool Co-Operative Store company on Monday evening, January 12, 1903, at 7:30 o'clock, in Red Men's hall, West Market street. At this meeting stock subscriptions will be due and may be paid in full or in part; permanent directors and officers elected; constitution and by-laws adopted and the formal taking up of the stock by the subscribers.
"It is important that you be present and do not allow anything to interfere with your coming.
"Fraternally yours,
"U. G. KING,
"president.
"FRED W. PENNINGTON,
"Secretary."

There has been no meeting of the council since Prosecuting Attorney J. H. Brooks was conferred with respecting the placing of doors upon certain cars on the East Liverpool railway, and this matter will be up for consideration tonight. It will be remembered that the prosecutor advised Trades Council's representatives who called upon him to see Manager Healy before taking further action, and this was done without delay. No satisfactory agreement could be reached with that official, and the matter stands in that shape at the present time.

The law is very plain upon the subject, and it is the opinion of both the street railway men and the members of the council that it can be enforced. The question has been raised that where the law states the motorman driver or gripman shall be fully and completely protected from the elements, there may be found a loophole. This will depend entirely upon the judgment of the court as to whether the cars in their present condition afford the protection to the employee that the law had intended. It is probable authority will be given the officers of the council to proceed with the prosecution of the case.

A large number of other important matters will be discussed at the meeting tonight.

Fifth street, (Hard's Old Stand.)
"No Clothing Fits 'Ours."

Y. M. C. A. HAS HAD A PROSPEROUS YEAR

BURDENSOME DEBT PRACTICALLY
WIPE OUT.

A Vigorous Campaign to Be Inaugurated
to Secure More Commodious Quarters.

The first meeting of the board of directors of the Y. M. C. A. in the new year was held yesterday afternoon at the home of the association on Fifth street. The expectation held by the directors and many of those interested in the welfare of the association that the debt would have been cancelled by this meeting was not realized. Money enough for this purpose has been subscribed, but all had not yet been paid in. The committee having in charge the finances is confident that the necessary amount to place the organization free from all indebtedness can be secured during the present month.

Secretary M. C. Wright submitted his report and it was well received. It shows the association to be in a most prosperous condition. The membership continues satisfactory and now numbers 475.

It is now realized that the present quarters are too small to carry out the work as it should be and is done in other cities, and now that the debt is practically wiped out more commodious quarters will be sought. It is the intention to soon begin a determined campaign to secure a building that will afford ample room for athletics and games for a membership more than double what it is at present. It is believed that hundreds of new members can be secured if quarters large enough to accommodate them can be had. With the large membership and the co-operation of the public new quarters can no doubt be secured.

STARTLING STORY TOLD BY A BOY

SAYS HE WAS ONE OF A GANG
HIRED TO STEAL.

Youthful Prisoner's Charges Against
the Junk Dealer Recently Fined.

Lisbon, January 7.—(Special)—Ernest Seal and Owen Roberts, both of Wellsview, were arraigned before Judge Boone in probate court this morning charged with stealing railroad iron from the Pennsylvania company. Seal was fined \$5 and costs. Special action will be taken in the case of Roberts on account of his youth, he being only 12 years old.

Roberts is represented as being a pupil of Sheckler, the junk dealer, who was fined heavily last week for buying stolen metals. Roberts' story concerning his transactions with Sheckler seems to bear out the theory that Sheckler had a number of small boys in his employ whom he encouraged to theft by purchasing from them and that he even directed their movements.

Roberts says that Sheckler told him of a pile of iron at a certain place in the city which he instructed him to get and lent him a flat on which to convey it up the river. Seal said he met Roberts and simply assisted him in rowing the flat up the river and had no other part in the transaction.

SOCIAL EVENTS IN MRS. KERR'S HONOR

Mrs. Grosshans Gave a Dinner to Past
Officers of the
W. R. C.

Mrs. George Grosshans gave a pleasant entertainment at her home on Lincoln avenue yesterday afternoon. Guests to the number of 12 were present, who enjoyed an elaborate 1 o'clock dinner. To each guest was given as a favor a pretty original pen sketch.

Mrs. Grosshans gave the dinner to the past officers of the Women's Relief Corps and also in honor of Mrs. Mary D. Kerr.

To Wed at Salem.

W. R. Dawson, a member of the cooperative firm of Dawson & Son, and one of the most popular young men of the city, left this morning for Salem accompanied by Miss Laura Farrell, to whom he was married there today. The ceremony was performed by Rev. Walter Mansell, pastor of the Christian church, of that city, who was formerly in charge of that congregation in East Liverpool.

Auxiliary Meeting.

There was a well attended meeting of the Ladys' auxiliary in the Y. M. C. A. hall last evening. The time was occupied by the regular business of the auxiliary.

Tuesday Evening Club.

The Tuesday evening club held a meeting last evening at the home of Miss Cora Allen. The evening was one of pleasure to those present.

POLICE COURT QUIET

Not One Arrest Made Last Night.
Prisoners Fined And Released.

Police court was again quiet today, not a single arrest having been made last night. Will Jackson, who was arrested by Officer Morris yesterday for being drunk, was fined \$5.00 by the mayor last night and was released.

Prof. Pfankuch, who was also behind the bars on a similar charge, was released on giving security for his fine.

James Spencer, the man who was arrested in the raid on the house in the rear of the Mears' saloon Sunday night, pleaded guilty and was fined \$9.00 for his part in the affair.

All of the information desired by Attorney Wilson in Baltimore in connection with the Smith bigamy case was forwarded by Mayor Davidson yesterday.

Rehabites Installation.

The installation of officers of Favorite tent, No. 175, Rechabites, was held at the last meeting. The officers are: Chaplain, Thomas Hall; shepherd, John McVay; chief ruler, William Foden; R. S., Frank Robinson, Sr.; F. S., William Grice; treasurer, M. S. Dunlap; levite, O. P. Barker; F. G., C. C. Menough; O. G., C. R. Sayre; trustees, Isaac Shamp, E. P. Williams, Frank Robinson, Sr.

Reached the Age of 90.

East Palestine, January 7.—James Rogers, who resides about four miles south of town, celebrated his ninetieth birthday lately, and his wife served the dinner without any help whatever. She will celebrate her seventy-fifth birthday in a short time.

Public Installation.

Lisbon, January 7.—(Special)—Brown's lodge No. 130, K. of P., of Lisbon, will have a public installation of officers this evening. D. A. Davidson, installing officer, officiating.

Costly Blaze at Salem.

Salem, January 7.—Fire, which broke out in the copper shop at the mill did about \$6,500 damage before it was extinguished. The origin of the fire is not known.

COMMISSIONERS WILL ACT ON WELLSVILLE COMPLAINTS ABOUT STREET CAR SERVICE

Propose to Visit That City and Look Into Matters.
Manager Healy Meets Wellsville
Committee.

Lisbon, January 7.—(Special)—Wellsville citizens have expressed dissatisfaction with the service inaugurated by the United Power company in that city, and the county commissioners will go to Wellsville tomorrow to make a personal investigation. It is the opinion of the commissioners that they have no immediate jurisdiction in the case, as there is no complaint from that part of the line which is constructed on the county franchise. Wellsville is the seat of the trouble, and within the corporate limits the traction company is held to be amenable to the city government. In conversation with the county commissioners over the telephone yesterday Solicitor Charles Boyd, of Wellsville, threatened mandamus proceedings against them if something were not done. The commissioners will satisfy themselves tomorrow in regard to their authority and duty in the matter.

Shoub comprised a committee of Wellsville council who held a meeting yesterday afternoon at the Wellsville city hall with Manager L. W. Healy, of the East Liverpool Railway company. The councilmen came to the city building to accommodate Mr. Healy who wished to compromise matters relative to the actions taken against him by the council Monday evening.

Mr. Healy stated that he would give the city the regular 12 minute schedule between Wellsville and East Liverpool after the first of next March and asked that the city allow the matter drop for the present. Mr. Healy stated that he wished to avoid a law suit if possible. The councilmen said that they could do nothing for Mr. Healy, as council has already taken a stand against the railroad company. City Solicitor Charles Boyd stated last evening that he thought Mr. Healy's plan was to wait until the new council went into office, when he might be able to influence council to

PLAYHOUSE PLAN AGAIN REVIVED

Eastern Man Here Looking For a
Site on Which to Build
an Opera House.

NOTHING DEFINITE DONE

But Business Men Think the Rumor
Has a Substantial Basis—Matter
Said to Have Been Left in Hands
of a Prominent Firm.

The rumor that a new play house is to be erected in this city was revived again this morning and is given credence by several responsible business men, who make the statement, however, that they are in no way connected with the plan. Before noon there were several stories afloat differing as to the location and ownership of the new enterprise. One of them was to the effect that the Pottery Building and Savings company would acquire the Odd Fellows' building, which it now occupies, and that with the addition of the recent purchase, the Purinton property, would provide the site. An emphatic denial of this story was made by Secretary J. J. Purinton, of the company, who when asked concerning it by a News Review reporter this morning:

"We have not and will not, consider such a proposition," Secretary Purinton stated.

It was learned that a gentleman, representing himself to be an eastern capitalist, had been in the city recently, leaving a few days ago, making inquiries for the necessary location for such an enterprise. East Liverpool has the reputation of being one of the best show towns of its size in the country and the capitalist was attracted here by the reports of liberal patronage given out by the managers of the companies. It is reasoned that a modern play house, comfortable for patrons and large enough for all classes of attractions, would secure the lion's share of the patronage.

The visitor, it is stated, took into his confidence a local firm, which, while not dealing directly in real estate, is posted on all desirable properties here. Whether or not this firm has been instructed to negotiate for a site could not be learned. A member of the firm refused either to confirm or deny the report this morning. A residence property on the south side of Fifth street, between Washington and Monroe is given as the site favored by the capitalist, when he learned that it would be difficult, if not impossible, to purchase the property at the southwest corner of the Diamond and Sixth street. This is

not the only location under consideration, however.

One prominent citizen said to a News Review reporter: "There is more truth than fiction in the rumor this time."

The story in circulation the last few days that Sylvester J. Cripps, who recently disposed of his interest in the Grand, would build an opera house building on his property at the corner of Jackson street and Summit lane is denied by him.

TRIED TO DROWN WIFE AND DAUGHTER

RUFUS COOPER'S DESPERATE
DEED AT HUNTINGTON, W. VA.

Alleged River Pirate in Jail for Trying
to Murder Two of His
Family.

Rufus Cooper, who is well known in police circles here and whom at one time the police tried to locate on request of the prosecuting attorney of Jefferson county for alleged complicity in a shooting scrape on a boat at Stenbenville, is in serious difficulty at Huntington, W. Va.

On Monday afternoon he seized his wife, who is a frail woman, dragged her to the rear of his boat and kicked her into the icy water. He then seized his 3-year-old daughter and would have thrown her into the water had he not been prevented by the timely interference of an officer. The desperado dropped the child and seized a gun, but the officer had the drop on him. The woman was rescued during the excitement. A great crowd collected and threats of lynching were heard. Cooper was hastily removed to jail.

Mrs. Cooper says her husband has been a river pirate of the worst type; that he has stolen and robbed in almost every town between Pittsburg and Huntington.

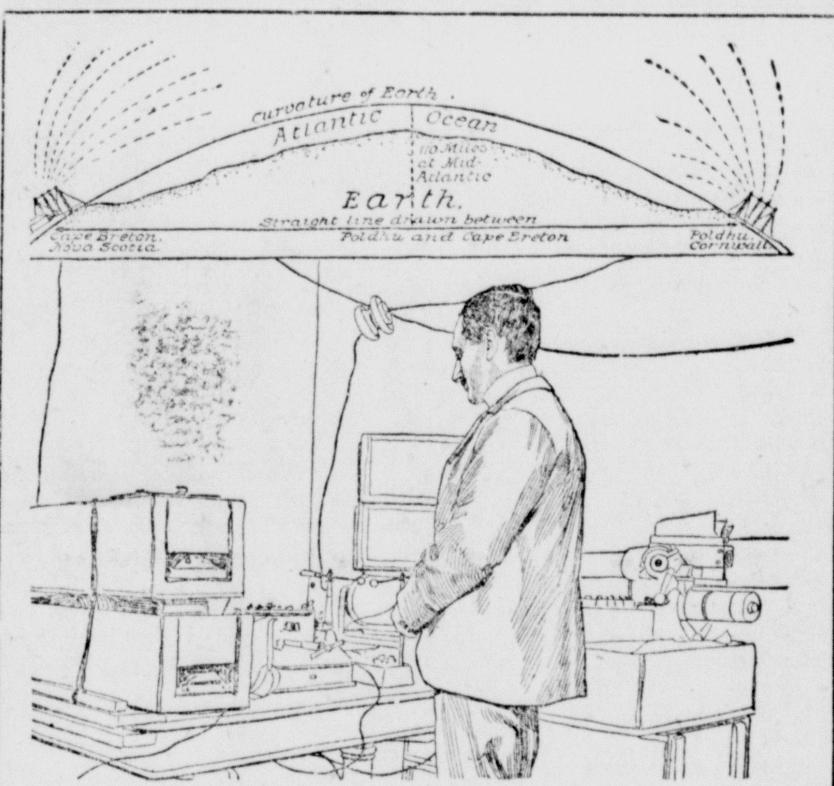

Repairs Nearly Finished.

The repairs to the Barker building, Fifth and Market streets, which was badly damaged by fire some time ago are almost completed and it will be ready for occupancy within the next few days. Only a portion of the building was damaged, but it affected almost every tenant in the building, and the work of making the repairs has been a considerable inconvenience to them.

Jurors Not Needed Next Week.
Lisbon, January 7.—(Special)—The petit jurors for the January term of court have been notified not to appear until Monday, January 19, as the first week of the term, commencing Monday, January 12, will be occupied solely with cases that will be tried by the court.

Taken to the Asylum.

Lisbon, January 7.—(Special)—Charles O'Malley, of Salem, was taken to the Massillon hospital this morning.

INVENTOR MARCONI SENDING A WIRELESS MESSAGE
ACROSS THE ATLANTIC.

Science has done so many wonderful things in the past quarter of a century that Marconi's remarkable feat of sending wireless messages across the Atlantic ocean, a distance of 2,200 miles, has not caused much of a sensation. His company expects to be able to accept regular business in the near future.

ANOTHER WANTS TO WEAR A TOGA

Dr. S. B. McGavran, of Cadiz, the
Latest Aspirant For Senatorial
Honors.

HARRISON COUNTY'S TURN

He Thinks, for the Honor of Representing the 20th-22d Joint District in the Ohio General Assembly—Candidates from Each County.

From a Staff Correspondent.

Columbus, January 7.—Dr. S. B. McGavran, of Cadiz, who was in Columbus yesterday attending a meeting of the Ohio state board of medical registration and examination, informed the representative of this paper that he was a candidate for senator in the Twentieth-Twenty-second joint district, composed of Harrison, Belmont, Jefferson and Columbiana counties. He understands that Representative Beal, of Scioto, who was talked of as a candidate, will not enter the race, but will be content to ask for another term in the lower branch of the legislature, for which place, Dr. McGavran declares, he can get the nomination on the Republican ticket by acclamation.

Dr. McGavran stated he was not prepared to begin an active canvass at once. His business is so pressing he cannot do this now. He does not know of any opposition to his candidacy in his own county—Harrison—and he is of the opinion he will be able to secure a full delegation in the county. Harrison county has not had a senator since 1860. Charles M. Hogg, of Cadiz, served the joint district in the upper branch of the legislature in the Seventy-first and Seventy-second general assemblies. His term of office expired in 1897.

The doctor thinks that by rotation Harrison should have one of the senators. He said he had been informed that each county would have candidates. He says if the other candidates go beyond their own counties for delegates he would do likewise. He said it sometimes happens little Harrison is ignored in conventions on account of the insignificance of her representation, but that at election time her Republican majority is always appreciated.

There was a faint suspicion of irony in the doctor's observation. Harrison is the smallest county in the joint district and had 26 votes in the last senatorial convention, less than one fourth of the strength of Columbiana, the largest county. Dr. McGavran was appointed to fill a three-year term on the medical board by Governor Bushnell and was re-appointed to a seven year term by Governor Nash. He has four years yet to serve. He has a son who is a physician in Columbus. He returned to Cadiz last night.

After disposing of routine business the board elected officers for the new year as follows: President, H. E. Beebe, Sidney; vice president, S. B. McGavran, Cadiz; secretary, Frank Winders, Columbus; treasurer, S. M. Sherman.

Advertise in the News Review when you are prepared for a rush of business.

CLERKS' LEAGUE IS DISRUPTED

The Meeting at Columbus Resulted
in a Split Into Two
Factions.

HARRISON COUNTY'S TURN

East Liverpool Locals Cast Their Votes With Watson And the New Organization Will Apply for a National Charter.

From a Staff Correspondent.

Columbus, January 7.—The Salem and East Liverpool locals took an active part in the factional fight which terminated in the disruption of the Ohio Retail Clerks' league in this city yesterday. Two new organizations have been formed by the warring factions. They are known as the Cavanaugh and Watson factions. The imbroglio has been on for several years and culminated in the dissolution just taken place.

The Watson faction has taken the name of the Ohio Federation of Retail Clerks and will apply for a charter from the National organization. Hamilton will be headquarters. Cavanaugh was suspended a number of years ago by the National body and as he was never re-instated it was held he could not legally serve as an officer, and this seems to have been the bone of contention. The Watson faction believes it is the only one entitled to legal existence.

The two East Liverpool locals, represented by John E. Anderson and Henry Schreiber, are with the Watson following while the Salem local, represented by O. H. Smith has cast its lot with the Cavanaugh delegation. Mr. Anderson was elected vice president of the new body with which he is allied. His local, No. 133, embraces clerks employed in the clothing, dry goods and shoe stores. The membership of local No. 292, represented by Mr. Schreiber, is confined to grocery clerks.

Mr. Anderson attended a large number of conventions and is one of the best known members of the clerks' union in the state. He always takes an active part in convention proceedings and the act of the newly organized body in selecting him as one of its vice presidents is undoubtedly a precursor of higher honors for him. Mr. Schreiber is also known as an energetic member of the organization. Yesterday afternoon they visited several state institutions and paid their respects to former Columbiana county people at the state house. They saw Willie Hicks, of East Liverpool, at the institution for the deaf and dumb, and the two boys of William Dechant, also of East Liverpool, at the institution for the blind. They will return home today.

Among the membership of the two unions here sentiment is divided, though a majority of those connected with No. 133 are opposed to the national body, and had they been present at the meeting would have lined up with the opposition.

The reasons for the stand taken by these members are said to be good ones, and date back to a period prior

BUILDERS' TRADES COUNCIL A PROJECT MUCH FAVORED BY ALL THOSE INTERESTED

It Is Now Certain That the Plan Will Be Carried
Out and Organization Effected
Soon.

Though the progress has been necessarily slow for various reasons, it is now an absolute certainty that the movement for a builders' trade council will be realized within the next few weeks.

The advantages and necessity for such an organization to the trades engaged in the several branches of building crafts is apparent. More or less trouble is experienced on nearly every job by reason of the fact that the different trades have no positive understanding in the matter of what manner or men go to make up the crews other than their own. In a majority of instances an effort is made to ascertain, but often it is overlooked, and a carpenter or plumber discovers after having been engaged upon a job for several days that he is working with an unfair workman, and perhaps an unfair crew. With an organized body governed by rules, regulations and a good constitution the annoyance and loss of time which at present can

not be avoided would be done away with.

All the building trades favor the plan, and it is probable the movement will have reached a stage within the next two weeks that a meeting can be called for the formation of a temporary organization. This accomplished the rest will be easy.

There is one question in connection with the proposed new association which those interested regret, but it cannot be avoided. The building tradesmen will be called upon to sever their connection with the local Trades and Labor Council, as the objects and purposes of the two are so similar that it would be a waste of time to devote attention to both. The present organization would lose seven or eight of its very best unions, but it is argued that the relations between the two would be of such a friendly character that neither would sacrifice any of its present prestige, as united action could be taken upon any important matter that may come before it.

PRETTY VICTIM OF MORPHINE

Pittsburg Girl of Good Family
Found Here in a Most Pitiable
Condition.

WANDERED FROM HER HOME

To This City Where a Brother And a
Sister Assisted an Officer in Searching
for Her—Found in a Boarding
House, Nearly Crazy.

Suffering, on the verge of delirium tremens, as the result of excessive use of morphine, pretty 20-year-old Mabel Schaffer left her home and friends in Pittsburg last Monday and came to this city the same day, evidently in a crazed condition. Her case is a pitiful one in the extreme. She is described as remarkably pretty, dark, of slender build and a girl that would attract more than ordinary attention. When she left her home suddenly on Monday she was dressed in a fashionably made suit, presenting an exceedingly striking appearance.

For some time, it is said, she has been addicted to the morphine habit, and when under the influence of it became delirious and on several occasions wandered away from her home, but only for a short distance and in each case was soon taken in charge by her friends. She left her home last Monday, presumably for a shopping tour, but when she did not return that evening her family became alarmed over her absence and the police were immediately asked to join in the search for the missing girl. She was traced to the depot, where it was learned that she had boarded the train for this city and the police here were notified to be on the lookout for her. Following close on the message to the police came a sister and a brother, who arrived here on one of the evening trains to assist in the search for the unfortunate young girl.

Officer McDermott was detailed on the case and for several hours last night searched the different saloons and wine rooms of the city, but no trace of her could be found.

About midnight the girl was found in a boarding house, where she had gone when she arrived here the evening before. As she had ordered her meals sent to her room but little had been seen of her by the people in the house. She seemed to be in a crazed condition. The brother and sister took her in charge and returned to their home on the 5 o'clock train this morning.

The girl is said to be a member of a prominent wealthy family in Pittsburg, and every effort is being made to keep her condition a secret.

INSURGENTS JOIN THE BROTHERHOOD

MERGER OF K. OF L. AND N. B. OF
O. P. EFFECTED AT TRENTON.

Eighty-Five Ex-Members of the
Knights Form Potters'
Local No. 40.

Trenton, N. J., January 7.—(Special)—Enterprise Assembly, Knights of Labor, will in the future be known as Jiggersmen and Dishmakers' local No. 40, National Brotherhood of Operative Potters. The transfer was accomplished last night by Vice President Frank H. Hutchins, who succeeded in merging the entire membership, numbering 85 representative followers of the insurgent cause, into the Brotherhood. The new local was given the number it held prior to its withdrawal from the national body and in the course of a week will receive a new charter from President A. S. Hughes. The jiggersmen, who were the bitterest enemies of Mr. Hughes and his uniform scale project, have buried the hatchet, and last night appointed a committee to arrange for a reception to be tendered him during his visit east next week. The Knights of Labor members were admitted to the Brotherhood as individuals and not as an organization.

A HEALTHY CITY

Good Showing Made By East Liverpool, In Vital Statistics Compiled by Dr. Ogden.

Health Officer Ogden has his annual report ready to submit to the board of health. It shows 226 deaths in the city in 1902, which is 25 more than last year.

There were 186 cases of infectious diseases, 26 of which resulted fatally. There various cases of infectious diseases were: Diphtheria, 24; membranous croup, 1; scarlet fever, 124; typhoid fever, 21; and measles, 10. Only seven deaths resulted from scarlet fever, while there were 15 from typhoid. There were 9 violent deaths.

There were 466 births reported. Dr. Ogden thinks the people may well congratulate themselves on the healthfulness of the city. There were 21 deaths from consumption, 21 from pneumonia, 17 from convulsions and 18 from heart disease.

WITH THE WORKMEN IN THE CLAY PLANTS

ROYAL BERLIN CHINA.

There is an exhibition of Royal Berlin porcelain now open to the public in New York that is attracting much attention. The exhibit is of china for use and ornament from the Royal Berlin porcelain factory. Comparatively little of this has been seen in this country in recent years. The factory was established in the middle of the eighteenth century by an energetic potter whom Frederick the Great took up and by royal patronage made famous. Among the pieces shown is a complete dinner service like that ordered by Frederick the Great and used by the imperial family today. It is decorated in the Louis Quinze style, and an expert says it is one of the finest things the factory produces. One of the objects on exhibition is a cup and saucer like that which the Empress often gives away, and there is a copy of the dinner set given by Emperor William to Wilhelmina, of Holland on her marriage. This wedding gift is in white and gold and royal purple. Relief gilding and fine enamel decoration are almost specialties of the Berlin factory, and this style of work is to be seen in many specimens of plates, vases, table and toilet articles. Some of the effects are very rich. In the decoration known as the pote sur pate there are pieces which have exquisite cameo effects. Remote from this style is a sort of cloisonne which is made by cutting away one glaze, filling in the open space with another of a different color, and outlining the patterns so obtained in gold leaf put on after the firing. There are also to be seen specimens of splash, crackle and crystalline glass, some of the latter with the effect of the iridescent interior of a tropical sea shell.

THE TRENTON OUTLOOK.

All the potteries where work was in any way slack during the holidays resumed operations yesterday morning, says a Trenton (N. J.) exchange. Scarcely a pottery in the city closed down for more than four days. They have kept up an almost ceaseless routine of manufacture, being satisfied to make an inventory of their goods in spare moments. On every side is it evident that there is thorough satisfaction with the business handled during 1922. The same spirit of gratification applies to the outlook for the new year. If the insufficient coal supply does not hamper the production of goods there is a well founded impression that the 12 months ahead will be characterized by sales far in advance of any previous record. With the organization of the American Potters' association there comes a guarantee of a more equal distribution of orders among the plants of this city. In previous years work at certain potteries

at different times of the year was slack because of the ability of the competing concerns to undersell their prices. The potteries affiliated with the association, which includes nearly 95 per cent of the trade in America, have adopted a uniform scale of prices, thus preventing the slashing and cutting tactics employed by some firms in past years, with the result that the evil was felt by both employers and men alike.

A FINE DISPLAY.

What is considered the finest display of glassware and pottery ever shown in Pittsburgh is now on exhibition at the annual show at the Monongahela House, Henry and Shenley hotels. The leading glass and pottery manufacturers of the country have vied with each other this season in exhibiting at the annual event a most varied, artistic and complete line of ware. The changes in designs, some of which have been radical, show the tendency of the art. Buyers are in greater evidence and more interest is taken in the annual display than ever before. Each manufacturer has presented a great number of lines. Designers are fast leaving conservative lines and branching out into broader fields. The popularity of the annual exhibits has increased to such an extent that it was necessary for many of the manufacturers to seek quarters at the Henry and Shenley hotels.

EXTENSIVE SAMPLES.

The traveling representatives of the Severs China company are hard at work this week packing their sample cases and getting ready to take the road again after the holiday vacation. Most of them will get away before the end of the week. The line of samples they will carry will be the most extensive ever prepared by the firm and in point of decoration will be by far the most artistic. In addition to the many new designs with which the dinners and toilets are embellished there are a number of new specialties and a line of imitation of Rockwood ware, all of which will certainly attract the eye of the trade. The plant already has a number of big orders ahead and is starting into the new year under the most favorable circumstances.

TWO NEW SETS.

The necessary repairs at the Cartwright Brothers' plant, which included the overhauling of the decorating kilns, a new floor for the clay department and a new saucer jigger, were completed in time for work to commence Monday again of this week. The dinner set modeled a short time ago is now coming through the kilns and will be marketed before the first of February. It has been christened the "Florence." This firm also has had modeled a new toilet set which will be called the "Trent." It will not be ready for the trade until several weeks after the appearance of the Florence. The outlook for the present year is very bright and thus far orders have been numerous.

BOWLES IS BETTER.

James Bowles, one of the dippers at Cartwright's, was able to leave his home yesterday for the first time for a month. He has been laid up with an attack of fever and what was thought to be lead poisoning, and several times his condition was considered serious. He has not regained his usual strength yet, and it will be some little time before he can resume work again.

MR. PELLEY IMPROVED.

Charles Pelley, the well known decorator and one of the proprietors of the American Ceramic Art company, has returned to his work as ground layer at the Severs after a siege of several months with inflammatory rheumatism. He has not entirely recovered, but the improvement is gladly noted by his many friends.

CONDITION STILL SERIOUS.

Theodore Baker, of the ghost kiln crew at Cartwright's, is reported, is still in a serious condition from rheumatism and the hope that he would be able to return to his work the first of the year was not realized. His illness dates back two months and is causing his many friends some alarm.

WILL RAISE CHICKENS.

Homer Marionaux, of the ghost kiln crew at the Severs, will devote considerable of his spare time this spring to raising fine chickens. He has been very successful in his efforts so far, which has encouraged him to attempt it on a larger scale.

TRENTON POTTER DEAD.

William Brunt, a well known potter of Trenton, died yesterday after a

short illness. Mr. Brunt was 55 years of age, and was known formerly in business and political circles of Trenton, having been a member of common council from the Fifth ward from 1882 to 1884. He is survived by six children. The funeral will be held today at the home of his daughter, Mrs. Thomas Elwood, 182 Monmouth street, with high mass of requiem at St. Mary's cathedral at 10 o'clock. Interment will be made in the Cathedral cemetery.

NOTES OF THE POTTERS.

Bennett Barton has taken a job at Cartwright's.

Charles Woolley, of the ghost end at the Severs, has returned to work after an illness of a week.

John Graham, dipper at the Oliver, Sebring, has returned there after a pleasant visit with friends in this city.

Howard Fife is back at his jigger at Cartwright's again after two week's hunt in the neighborhood of Lisbon.

Jack Carney, of the city, has accepted a situation in the biscuit kiln crew at the Oliver China company, Sebring.

Misses Matra Sells and Mame and Willie Miller, of the Severs, have returned from a visit with friends at Cambridge.

John McConnell, who until recently has been employed in the plant at Ford City, started at Vordrey's Monday as kiln placer.

Jack Hughes, of the biscuit end at Cartwright's, is confined to his home by sickness. He is threatened with an attack of fever.

Mrs. Frances Dixon, forelady of the biscuit warehouse at the Severs, is able to be at her post of duty again after a severe illness.

Mrs. Frank Larkins, of Cartwright's, who has been seriously ill for several weeks, is much better and is expected at the pottery in a few days.

Sam Burbridge and Clay Robinson, of the clay shop at Cartwright's, are thinking of taking in the New Orleans excursion on the Steamer Queen City.

James Blakely, a brancher in the Calumet Sewer Pipe works at Toronto, has returned to his home after a pleasant visit with his brother, William Blakely, of Goodwin's.

Dick Robinson is operating the new saucer jigger installed at Cartwright's during the holiday loaf. The boys say he is as proud of it as a six year old boy with his first pair of boots.

Albert Crider, bench boss of the ghost end at the Severs, who has been seriously ill for some time, is gaining strength daily and it is expected that he will be able to resume work the first of next week.

PLEA OF SELF DEFENSE

Will Be Set Up By Slayer of Brilliant Man at His Trial Next Week.

Wellsburg, W. Va., January 6.—Garrett Crawford, the slayer of Joseph Breitmyer at Brilliant, across the river has retained J. R. McCleary, of Steubenville, to defend him and his case does not look so black as was at first pictured. His plea will be self-defense, and the fact that one of the guns in evidence has been positively identified as belonging to Breitmyer will work in the negro's favor.

All of Crawford's companions tell the same story, and are staying by him, willing to testify when called upon. The case comes up at Steubenville next week.

Grove's Black Root Liver Pills.

Made from an active principle obtained from Black Root. They act on the liver equal to calomel and leave no bad after effects. No griping, no sick stomach. Will cure chronic constipation. Price 25 cents. 179

Colds, coughs, bronchitis, pneumonia and all lung affections can be promptly cured with Hage's Cordial of Cod Liver Oil. It stops their insidious progress and fortifies the system by renewing the waste with healthy vitality. Contains no grease and is pleasant to take.

Kindly Take Notice that Ely's Liquid Cream Balm is of great benefit to all those sufferers from nasal catarrh who cannot inhale freely through the nose, but must treat themselves by spraying Liquid Cream Balm in form, but not medicinally from the Cream Balm that has stood for years at the head of remedies for catarrh. It may be used in any nasal atomizer. The price, including a spraying tube, is 75 cents. Sold by druggists and mailed by Ely Bros., 56 Warren street, N. Y.

THE ONE PLACE TO EAT AT THE NEW PEOPLE'S RESTAURANT.

The finest steaks in town always ready to serve.
Hot lunches to order.
Fresh oysters received regularly.
Boarding by the week \$3.50.
Meal tickets \$1.00.
Regular meals served at all hours.

Hamlin's WIZARD OIL

**CURES ALL
PAIN, SORENESS,
SWELLING AND
INFLAMMATION FROM
ANY CAUSE WHATEVER.
50 CENTS ALL DRUGGISTS.**

A PENNSYLVANIA MINER
Herman Schmoldt says: "We have been using Hamlin's Wizard Oil for 22 years and would not be without a bottle in the house. My father who was a miner in Pennsylvania was a great sufferer from sprained back. He could not get any relief although he tried many remedies. Hamlin's Wizard Oil helped him at once and now not one of our family would be without it."

The Time the Tub's Turned Tells the Tale.

Tells of less labor and good Soap; that the old work-all-day method of rubbing and wearing out both life and clothes has been superseded by the tubful—every-half-hour way of Walker's Soap—a soap that cleans your clothes with little work. The wrapper tells how it is done.

WALKER'S SOAP

contains no scavenger greases nor free alkali, but is made from good wholesome tallow and coconut oil, under strictly sanitary conditions. Does nothing but cleanse and whiten; will not harm the most delicate laces nor sensitive hands. No rubbing nor boiling—saves the back, hands and clothes. Look for the game rooster on the wrapper.

BLOOD POISON

Bone Pains, Itchings, Swellings

If you have aches and pains in bones, back and joints, itching scabby skin, blood feels hot, Swollen Glands, Itchings and Bumps on the Skin, Mucous Patches in Mouth, Sore Throat, Pimples, Copper-Colored spots, all run-down, Ulcers on any part of the body, Hair or Eyebrows falling out, take

FREESAMPLE DISTRIBUTION

Will Reed Giving Away Mi-o-na, the Great Dyspepsia Cure.

The proprietors of Mi-o-na, the great dyspepsia remedy, have made arrangements with Will Reed, the popular druggist, to give away samples of Mi-o-na to those presenting the following coupon at his store:

COUPON.

This coupon, if presented at my store, entitles the holder to a two days' treatment of Mi-o-na, the great dyspepsia cure.

WILL REED.

Although Mi-o-na was introduced in East Liverpool but a few months ago, it is today outselling all other medicines advertised for the cure of dyspepsia, and the liberal plan of giving away samples, should make many new friends for the remedy.

Mi-o-na is the only dyspepsia remedy upon the market that is sold under a positive guarantee to refund the money if it does not cure. A box costs but 50 cents and Will Reed will refund the money if it does not do all that is claimed for it.

The samples will not last long and every one who has trouble with dyspepsia, indigestion, headache, distress after eating, dizzy feeling or loss of appetite should take this coupon to Will Reed's store and get two days' treatment of Mi-o-na free. No other medicine could begin to do you so much good in a short time, and it costs you nothing.

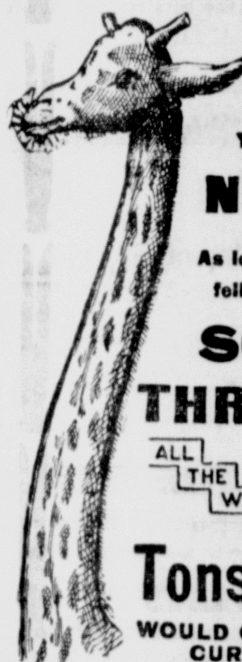

OZOLINE

Will cure that Sore Throat—A never failing remedy for Sore Mouth, Quinsy and Sore Throat of all kinds. It taken in time it prevents Diphtheria. Try it. Money refunded if it fails to cure.

EAST END

PILED UP PROMISCUOUSLY

Groceries Widely Distributed By the Upsetting of a Delivery Wagon.

Groceries were piled over a part of Pennsylvania avenue very promiscuously yesterday morning. Geon's delivery wagon was in the East End and shortly after passing Mulberry street on Pennsylvania avenue the front spring of the wagon broke, causing the bed to be thrown off.

The contents of the wagon were distributed over the entire street and the mule team which was attached to the wagon was only restrained from running by the presence of a number of persons who went to the driver's assistance. Aside from the injuries to the wagon and spoiling a large part of the groceries no damage resulted, the driver escaping unhurt.

Interesting Services.

The week of prayer at the Second Presbyterian church is progressing well, the services so far having been very interesting and well attended. Last night Rev. James N. Swan, of the East End, occupied the pulpit and preached a good sermon. Tonight Rev. Mr. Cromwell will preach and on Thursday and Friday nights Rev. Mr. Snyder, of Long's Run Presbyterian church, will be present and deliver sermons. The pastor is greatly pleased with the outlook for a series of successful meetings.

Hod Carrier Badly Hurt.

William Hanna, employed as a hod carrier by Alex Chafin in the East End, met with a serious accident yesterday afternoon. He was working on a two-story building on Pennsylvania avenue and in ascending a ladder the latter in some way slipped and threw Hanna to the ground. The hod and contents fell on his back, causing a serious injury. Dr. R. J. Marshall was called and found that while the injuries were quite severe they would not result fatally.

Carl Carman Ill.

'Squire W. L. Carman received a letter this morning from his sister in Washington county, Pa., telling him of the illness of his youngest son, Carl B. Carman. He was taken ill with inflammatory rheumatism the day after Mr. Carman's return home last week and has been confined to his bed ever since except the day on which the letter was written. Then he was able to be up and walk around the house.

P. H. C. Still Growing.

The regular meeting of the Protected Home Circle was held last night in the East End. Ten new members were initiated and the work was done according to the new rituals received only a few days ago. The members are greatly pleased with the revised work and claim that it can be equaled only by few lodges.

Whist Club Meeting.

The Pipe Dreamers' Whist club met last evening at the home of Charles Duncan on St. George street. This was the first meeting since before the holidays and all enjoyed the evening immensely. Several new names have been added to the club's list of members lately.

EAST END AFFAIRS.

Only one crew in the glost department at Laughlin No. 3 was working today.

Mrs. J. T. Lacey, of the East End, who has been seriously ill, is rapidly recovering.

The Nonpareil club of the East End will give a dance tonight at the Larkins & Ferguson hall.

Mrs. Jefferson Fuller and child, of Calhoun's addition, are confined to the house on account of sickness.

Robert Maxwell, of Mulberry street, had a hand badly lacerated yesterday in a friendly scuffle by striking a pane of glass.

Dr. H. S. Wheeler, of Niles, O., has located in the West End and will occupy the property recently vacated by Rev. C. W. Orcutt.

The women's missionary society of the Second Presbyterian church of the East End, will hold its regular monthly meeting tomorrow afternoon at 2 o'clock at the home of Mrs. Frank Alabauga, of Mulberry street.

Our Great Pre-inventory Sale Commences Friday. Watch for Our Circulars.

THE LEADER

KNOWLES BLOCK. WASHINGTON ST.

WAS EVENTFUL DAY.

Notable Speech by Senator Hoar on His Bill Regulating The Trusts.

SENATOR VEST ON DINGLEY LAW

Listened to With Breathless Silence as He Talked of Protected Industries—House Passes Bill for Creation of General Staff for Army.

Washington, Jan. 7.—The day in the senate was eventful because of a notable speech by Senator Hoar on his bill regulating trusts and an attack by Senator Vest on protected industries through the operation of the Dingley law. Senator Hoar's utterances were listened to with marked attention. He said that nearly all thoughtful men in this country are agreed that some legislation, state or national, ought to be had for the regulation and control of what are called "trusts," and of large masses of capital accumulated by corporations or artificial persons holding property and conducting business without individual liability. There was, he said, a general feeling of insecurity and alarm about the matter, and we were dealing with a real peril, and not with a fancied or imaginary danger. He argued that if his bill should become law and prove effective no corporation engaging in the commerce which is within the jurisdiction of congress can keep its condition a secret. The bill, he said, depends for its validity on the constitutional power of congress to regulate international and interstate commerce. Should the bill not prove effective, he contended that it would be easy to extend its operation by imposing a like personal liability on every stockholder.

Breathless Silence.

Senator Vest used as a text for his remarks his resolution, introduced Monday, instructing the finance committee to prepare and report a bill removing the duty on coal. Feeble in the extreme and supporting himself on his desk, he called attention to the condition of distress which had arisen as a result of the shortage in the coal supply. There was a breathless silence in the chamber as he spoke and every senator on the floor turned in his direction in order to catch his words. He said that the question was no longer a partisan one, but one of humanity, and that we are not on the verge of a crisis, but actually in it. He charged the Republican senators with being silent and dumb to the state of affairs, having only in mind the party cry, "stand pat." He characterized the Dingley tariff act as a "sacred elephant," with which nothing was to be done. He sarcastically remarked that if the whole question was one of raising money for the next presidential campaign that was the end of the discussion.

Mr. Aldrich took exception to some of Mr. Vest's statements, and at his request the resolution went over till today, when Mr. Aldrich will make reply.

At 4:20 the senate adjourned, after a brief executive session.

In the House.

The house yesterday passed the bill for the creation of a general staff for the army by a vote of 153 to 52.

After the general staff bill had been disposed of six members in succession, Messrs. Cooper (Wis.) Lamb

(Va.), Morrell (Pa.), Burk (Pa.), Cassel (Pa.) and Adams (Pa.), arose and denied published reports to the effect that they had joined with other members to pool their clerical work.

Bills were passed to increase the pension of soldiers totally deaf from \$30 to \$40 per month; to fix the times for holding United States court in Utah; to provide additional punishment for persons twice convicted of counterfeiting; to change the boundaries of the southern and central judicial divisions of Indian territory; and to authorize Washington and Westmoreland counties, Pa., to construct a bridge across the Monongahela river.

At 3:50 the house adjourned.

COUNTY AND NEIGHBORHOOD

Dr. W. J. O'Connell, mayor and former postmaster of Mingo Junction, is dead, aged about 45 years.

Notice is given of the the appointment of Comrade N. B. Stewart, of Empire, as an aide-de-camp to Commander-in-Chief Thomas J. Stewart, of the G. A. R.

The State Association of County Commissioners will meet in Cincinnati January 13, 14 and 15. The program includes addresses by Governor Nash and Lieutenant Gordon.

Probate Judge J. C. Boone's term of office expires on February 7, when Hon. J. A. Martin will assume the position. Judge Boone will probably establish a law office in Lisbon.

In the Hopedale oil district the Sutherland Oil company has drilled in a test well on the Shepler farm that produces 40 barrels the first 24 hours after it was drilled into the Brea sand.

A well developed case of smallpox has been discovered at Amsterdam, Jefferson county. The victim is a young man named Polen, a son-in-law of Dr. Allen. The young man recently returned from Pittsburgh and was taken ill.

The United States supreme court has decided in favor of the validity of the ordinance of the town of New Hope, Pa., imposing a license fee on telegraph wires and poles. The law was antagonized by the Western Union Telegraph company.

All the through express trains of the Pennsylvania between New York, Philadelphia, Pittsburgh, Chicago and St. Louis are to be equipped with free libraries. Such libraries are already in service on the Pennsylvania limited and the Pennsylvania special.

UNCLAIMED LETTERS

List of Letters Awaiting Owners at the East Liverpool Postoffice.

List of letters remaining in the post-office at East Liverpool January 6, 1903:

Gentlemen's list—J. R. Alexander, John M. Bayless, Harry Boman, Wilson Carroll, Clede Coats, James Cartledge, Walter Gerrow, J. J. George, Henderson Hobbs, Prof. V. S. Jones, Wurtis Johnston, John Krouse, G. W. Kurtis, Mort Lent, John J. Luce, Rev. E. I. Lobberstein, John Mays, Lawrence McKenzie, Tom Mikhison, S. W. Price, G. W. Patterson, Potters Co-Operative Store company, E. O. Peets, W. O. Ross, Harlan Ramsey, J. F. Rauch, C. H. Sayers, Samuel Saltzman, Union Specialty Supply company, H. H. Weatherhead, Charles Wilson.

Ladies' list—Mrs. Onie Batts, Miss Maggie Boice, A. Decilia Beadmov, Mrs. Spence Cunningham, Rosell Cunningham, Miss Jessie Daniels, Miss Frank Falcon, Miss Nancy Garvin, Miss Elizabeth Molyneux, Mrs. E. Mc Masters, Miss Arlea Miller, Miss Anna Orr, Miss Mabel Province, Mrs. Theo Parker (2), Mrs. Ella Powell, Mrs. Mary T. Roubush, Mrs. Albert Smith, Mrs. Minnie Smith, Fraulein Paulia, Mrs. Charlie Williams.

Be Quick.

Not a minute should be lost when a child shows symptoms of croup. Chamberlain's Cough Remedy given as soon as the child becomes hoarse, or even after the croup cough appears, will prevent the attack. It never fails, and is pleasant and safe to take. For sale by Alvin H. Bulger, druggist.

For Over Sixty Years.

An Old and Well-Tried Remedy. MRS. WINSLOW'S SOOTHING SYRUP has been used for over sixty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Sold by druggists in every part of the world. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind. Twenty-five cents a bottle.

Why Not "Go Tourist?"

It is the sensible way to go to California—much less expensive than traveling in a standard sleeper, and almost as comfortable.

But be sure you go the right way—via the El Paso-Rock Island route. It is the quickest tourist car line to Southern California. Only three days Chicago to Los Angeles.

Cars leave Chicago daily. The Wednesday and Friday cars are "personally conducted"—that is, they are in charge of experienced excursion conductors, who relieve you of all bother about tickets and baggage.

Another good route to California is via Colorado Springs and Salt Lake City. Tuesdays and Thursdays are the days cars leave Chicago for San Francisco and Los Angeles. Folder giving full information furnished on request.

Phil. A. Amer, D.P.A., 415 Park Bldg., Pittsburgh, Pa.

NEURALGYLINE FOR THE NERVES

IF YOU suffer from Neuralgic headaches that make your life miserable; that keep you awake at night; that unfit you for business; that make you disagreeable and surly; if you suffer from those awful splitting neuralgic headaches that make you wish you were dead, you can now be easily, quickly and harmlessly relieved of them.

NEURALGYLINE RELIEVES ANY KIND OF NEURALGIC PAIN.

It will relieve your most terrible pains in 20 minutes. It does this by removing the cause of all nerve troubles—by quieting them. Neuralgyline is not a cure-all. Its only mission is to relieve pain caused by neuralgia and kindred troubles. It does so that and does it thoroughly. Neuralgyline has stood the test for many years. Thousands of people all over the country swear by it.

IT IS THE ONLY SURE RELIEF FOR NEURALGIA.

Read these Testimonials:
I have been a great sufferer from neuralgia. You remedy has effected a perfect cure in my case.
MISS E. V. EVANS, Sistersville, W. Va.
NEURALGYLINE is on sale in every first-class drug store in the United States and Canada. Price 25c. per box. Samples free. Money refunded if not satisfactory.

MANUFACTURED BY THE NEURALGYLINE CO., WHEELING, WEST VIRGINIA.

DON'T BE AN ASS.

If you are buying a pair of shoes or a suit of clothes you are particular as to the honesty and reputation of the merchant. Your health is of more importance than either, yet you let quacks, medical fakirs and other humbugs deceive you by their deceptive offers of something for nothing. After being defrauded by these medical sharks you think all doctors are rogues, whereas, you are to blame. Why not first demand from them evidence of their honesty and responsibility as specialists. We have been located in Ohio 25 years and can give best of bank references.

Are you a victim? Have you lost hope? Are you contemplating marriage? Has your blood been diseased? Have you any weakness? Our New Method Treatment will cure you. What it has done for others it will do for you. CONSULTATION FREE. No matter who has treated you, write for an honest opinion free of charge. Charges reasonable. BOOKS FREE. "The Golden Monitor" (Illustrated), on Diseases of Men. No Names used without written consent. Private. No Medicine sent C. O. D. No names on boxes or envelopes. Everything confidential. Question List and cost of Treatment FREE.

DRS. KENNEDY & KERGAN, 217 SUPERIOR STREET, CLEVELAND, O.

MISS FAY LEE,

President of the Shakespearian Club, Kansas City.

"Your booklet came to my home like a message of health when I had suffered with headache, backache and bearing-down pains. I was weak, nervous and hysterical and had not consulted any doctor, thinking it would pass away in time, but instead I found that the pains increased and were more frequent. I decided to try Wine of Cardui and in a short time was much improved. It seemed to act like a charm. I kept up the treatment and the result was most satisfactory. Words fail to express my gratitude for the suffering that is now saved me. I am in fine health, physically and mentally. I can only say 'thank you', but there is much more in my heart for you."

Miss Fay Lee.

BEARING-DOWN pains are the worst that women know. If you are suffering from this trouble you need not be uncertain about it. The pains in the abdomen and back that feel as if heavy weights were pulling down on the nerves of the stomach are "bearing-down pains". They may not be particularly severe at present but they are growing worse. That headache which nearly drives you distracted now is caused by the terrible

nervous tension. The nerves soon begin to give way under the strain. You perhaps jump at any unusual disturbance, or laugh or weep, hysterically, at no apparent cause. That is what Miss Fay Lee, 603 1/2 North Seventh Street, Kansas City, Kansas, was coming to when she rescued herself by taking Wine of Cardui. The Wine made her a strong, healthy woman again, as it has made a million other women strong and healthy. By inducing regular menstruation the entire system is relieved of the terrible wasting drains. The ligaments which hold the womb in place are strengthened by a healthy flow and that organ is returned to its normal position. Returning health is the result. This is what Wine of Cardui has done for thousands of the best women in America.

If you need advice write The Ladies' Advisory Department, The Chattanooga Medicine Company, Chattanooga, Tenn., describing all your symptoms freely, and a letter of advice will be sent you. Secure a \$1.00 bottle of Wine of Cardui from your druggist to-day.

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

WEDNESDAY, JANUARY 7, 1903.

More and more each year the foremost educators of the country are advocating the use of newspapers in the school room. The right sort of a newspaper is a compendium of valuable information. From its columns the student can gain much knowledge of geography and history and kept posted on what is going on in the world of science and industry. Every newspaper, like every citizen, should be patriotic to the core. In this respect children are, by a noble intuition, the aptest of pupils. Newspapers can not be published as text books, but if their tone is sound and matter carefully prepared and accurate, they unquestionably contain much that will profitably occupy a part of the time of pupils beginning to think of themselves.

The American people have definitely decided that they will keep the Philippines and will endeavor to make their people American. The shortest way to do this is to bring their people into contact with us in the great assimilating relations of employer and employee—to give the Filipinos and ourselves the advantages of mutual assistance in developing industries and acquiring wealth. The legislation recommended by the Philippine commission is framed to keep the peace and promote the prosperity of the islands, and should be promptly enacted by congress.

Silas E. Manson, of Houlton, Me., is one of the few men in the country who has got ahead of the green goods men. He went to Boston to purchase \$10,000 worth of money at 45 cents on the dollar. He examined the "goods" and decided that they were all right. The dealers wanted to wrap up the money, but he would not have it that way. Then they tried to whip him. He knocked them down and out, packed up all the money in sight and took his departure.

A Washington correspondent with nothing else to do writes an extended article about "an organized movement which has for its purpose the presentation of Grover Cleveland as a candidate for the next Democratic nomination for the presidency." Imagine the result if such a movement were seriously inaugurated! The historic encounter of the monkey and the parrot would be a love feast in comparison.

The position of the administration on the trust question is succinctly but strongly stated by Attorney General Knox. With this as a guide congress ought not to find it difficult to enact a wise and beneficial law upon the subject.

A Washington dispatch says that the Democrats want a new leader. Considering the number of prominent Democrats out of a job, it would seem that a small advertisement ought to bring numerous applications.

There are 204,000 miles of steam railway in the United States, of which only 1,370 miles are operated by re-

Rheumatism

What is the use of telling the rheumatic that he feels as if his joints were being dislocated?

He knows that his sufferings are very much like the tortures of the rack. What he needs to know is what will permanently cure his disease.

That, according to thousands of grateful testimonials, is

Hood's Sarsaparilla

It promptly neutralizes the acid in the blood on which the disease depends, completely eliminates it, and strengthens the system against its return. Try Hood's.

ceivers. This vast property is almost completely solvent and its general prosperity is the greatest it has ever known.

What has become of the agricultural fair project for this city? East Liverpool ought to be able to spare time to work at this winter and attend to politics, too.

Each year \$80,000,000 of freshly mined gold is added to the stock in the United States. That means a billion in 12 years. This is truly a billion-dollar country.

If the war lords went into the Venezuela affair with any expectation of winning glory or a diplomatic point they have been decidedly disappointed.

The Pennsylvania railroad proposes to double its capital. If it will likewise double its facilities for doing business the public will be thankful.

What the allies will get from Venezuela will not pay for the powder expended.

OBITUARY

John A. Deefe.

Lisbon, January 7.—(Special)—Word has been received here of the death of John A. Deefe, which occurred at Demery, N. M., December 31. He was 50 years old and left Lisbon about 30 years ago. He leaves a wife and 3 children. Three brothers, Lee, W. K., and L. C. Deefe, all of Lisbon, also survive him.

AT THE THEATER

The Augustin Daly Musical company presented in "San Toy," a Chinese English musical comedy, at the Grand last evening to a well filled house. There has not been a more pleasing production at the Grand this season. The singing, the costumes and the scenery were all commendable and the comedy parts contained real fun. Samuel Collins had the chief comedy role as "Li" and was the favorite with a majority of the audience. Miss Isabel Hall as San Toy, the leading part; Hobart Smock as Bobby Preston and George K. Fortesque as Yen How, the mandarin, sang in good voice and their numbers were roundly applauded.

At the Grand Saturday, January 10, the powerful melodrama, "In Convict Stripes." The play is one of dramatic strength, telling a thrilling story of love and jealousy and its emotional scenes are so pathetic that they bring tears to every eye. Through the action runs a vein of fine comedy, and the author has created many quaint stage characters. The plot is strikingly original and the climaxes, while sensational in the extreme, are most probable. The pinnacle of realism is reached in the great third act where in a southern convict camp is shown.

A scene that fascinates while it might repel is the picture of the East River front den in "New York Day by Day," which comes to the Grand tonight. It is a true picture of the crooks' resort, presided over by a hag who is the guiding genius of their evil lives. It is a realistic scene and shows the under side of life, of which the majority are happily ignorant.

The Principle On Which We Do Business...

Our aim is always to serve our customers in the way which will in the long run be the most satisfactory to them, and be to their greatest welfare. Often to do this, we must direct their attention away from the things they want to buy, not knowing about them as well as we do. We have built up a large business, and have a long list of customers who have the utmost confidence in us, because we try to be thoroughly reliable family druggists. We invite your trade.

COMMISSIONERS WILL ACT

Continued from First Page.

allow him to continue running the cars as in the past. Mr. Healy got but little satisfaction from the councilmen.

It is known here that the county commissioners are in error in asserting that there are no complaints from street railway patrons outside of Wellsville. Several who own property along the county road are as much opposed to the half hour schedule as anybody in Wellsville.

FRIENDS AND VISITORS

E. W. Hill was a business visitor in Lisbon today.

Miss Myrtle Webber is ill at her home on Sixth street.

J. B. Bowers and family have moved from this city to Sebring.

James O'Hanlon, of Sixth street, is seriously ill with pneumonia.

Mr. and Mrs. John Butler, of Pleasant Heights, are both very ill.

William Anson left this morning for a business trip to Cleveland.

Harry Staley and Frank Gallimore were in Pittsburgh last evening.

Elijah W. Hill is at Lisbon today attending to some legal business.

Harry Wallace has moved his family from this city to East Palestine.

Rex McConnell is ill at his home threatened with an attack of fever.

The Kindsvatter family, of the West End, are preparing to move to Wheeling.

Mrs. Frank Riley has moved into her new residence on Pennsylvania avenue.

J. S. Campbell left last night for a two weeks' hunting trip near New Matamoras.

George Carey is able to be out after suffering a week from a slight attack of the grip.

Will S. Goodwin left today for Pittsburgh, where he will visit relatives for several days.

Dr. J. F. Bumpus will leave in a few days for Columbus to attend the state meeting of osteopaths.

Rev. Alex Steele left yesterday afternoon for Empire, where he will spend a short time with friends.

Miss Flo Foutis, of Fifth street, has gone to Wheeling, where she will be the guest of her aunt until spring.

William Dalrymple, of Washingtonville, candidate for sheriff of this county, was in the city yesterday calling on friends.

Mrs. P. W. McGinness and children, Mildred and Genevieve, returned to their home in North Wheeling after a visit here.

Mrs. James Logan, of Sixth street, is ill at East Palestine with typhoid fever. Mrs. Logan became sick while visiting there.

Mrs. A. J. Boyce has returned from Pittsburgh, where she has been attending the funeral of her brother, who died in that city.

Jerry Hester and sisters, Margaret and Annie, have returned to their home in McKeesport, after a pleasant visit here with relatives.

W. G. Dorff has resigned his position as teacher of the "Breezy Point" school on Pleasant Heights. He was succeeded by Miss Harriet A. Poe.

Roger, the little son of Mr. and Mrs. E. W. Hill, of Seventh street, who has been ill for several days, is not improving and his condition is considered serious.

William Lee, of Fourth street, who has been confined to the house for several days being threatened with typhoid fever, is now much improved and is able to be out again.

Rev. Mr. Steele, of this city, will leave Saturday for Waynesburg, Pa. where he will remain for a couple of weeks helping his brother in conducting a series of revival meetings.

Mrs. George P. Ikert accompanied her daughter, Miss Georgia, as far as Rochester, that young lady being on the way to Baltimore to resume her studies at the College for Women.

Miss Bertha Shuller, who has been the guest of Miss Rose McCarron, of 172 Jefferson street, for a few days, was called to her home in Wheeling yesterday afternoon on account of the critical illness of her niece. The message to Miss Shuller requesting her to come home said that it was expected that her niece would live but a short time.

GHOST HAS BEEN SEEN BY SALINEVILLE FOLK

An Uncanny Visitor Whom Brave Young Men Propose to Put Out of Business.

Salineville, January 7.—(Special)—Residents of the school house hill have been lately troubled with a ghost. No less than a half dozen persons say that they have been accosted on their way home by the uncanny creature.

A number of brave young men have volunteered to put the ghost out of business.

News Review ads. always bring customers.

PRESCRIPTION

ECONOMY

ALL prescriptions are here prepared from drugs of known potency. Many of them are assayed drugs—drugs, the strength of which has been determined by analysis. Such drugs are needed to insure results and speedy recovery. Sickens is expensive enough without increasing expense by delaying a cure. Cheap drugs and improper compounding are dangerous extravagances. The scientific prescription filling we do would be cheap if our prices were high, which they never are. Quality considered, they are always low.

CHAS. F. CRAIG,
DRUGGIST.

Corner W. Fifth and Market Streets.

TO COMMENCE PROCEEDINGS.

W. R. Hearst Petitions Attorney General Cunnec to Take Action Against Coal Combine.

Albany, N. Y., Jan. 7.—Attorney General Cunnec received a petition yesterday from William Randolph Hearst to commence proceedings against the Reading company, the Philadelphia and Reading Coal and Iron company, the Central Railroad Company of New Jersey, the Lehigh and Wilkesbarre Coal company, the Lehigh Valley Railroad company, the Lehigh Valley Coal company, the Pennsylvania Coal company, the Delaware, Lackawanna and Western Railroad company, the Pennsylvania Railroad company, the Susquehanna and Western Railroad company, the Temple Iron company, the Delaware and Hudson company, the New York, Ontario and Western Railroad company and the Erie Railroad company, under the state anti-trust law.

The petition sets forth the allegation that these companies constitute a monopoly, which controls the anthracite coal fields of Pennsylvania. The petition is similar to that presented to Attorney General Davies and upon which he decided not to act before the expiration of his term of office, because of the investigation which is in progress in the United States coal strike commission.

NATIONAL CAPITAL NOTES.

Senator Clay yesterday introduced a bill to provide for the free importation of commodities controlled by trusts.

It is announced informally that the president shortly will appoint Rev. Dr. Lyons, a colored preacher of Baltimore, as United States minister to Liberia.

The secretary of the navy received his first cable message from Honolulu yesterday. It simply announced that the cruiser Solace sailed from that port for Guam and the Philippines.

The president has directed the appointment of Lieutenant Colonel John A. Johnston, of the adjutant general's department, to be a brigadier general to fill the vacancy caused by the retirement of General H. C. Hasbrouck.

President Roosevelt has accepted an invitation to attend the banquet to be given by the Canton Republican league, in Canton, O., on Tuesday evening, Jan. 27. The banquet is to be in honor of the birthday of the late President McKinley.

Representative Mann, of Illinois, yesterday reported for the house committee on interstate and foreign commerce a substitute for the senate bill to establish a new department of commerce and labor, the features of which have been announced.

Representatives of the Pittsburgh Plate Glass company testified before the interstate commerce commission yesterday in substantiation of the charges that the railroads are discriminating against American manufacturers in their import and domestic freight tariffs.

Representative Jenkins, chairman of the house judiciary committee, introduced a bill yesterday providing for the appointment by the president of two additional officers in the department of justice, one to be called the assistant to the attorney general, at a salary of \$7,000 a year, the other to be called assistant attorney general, at \$5,000 a year.

ANY COMPLAINTS REGARDING THE DELIVERY OF THE EVENING NEWS REVIEW SHOULD BE SENT TO THE OFFICE AT ONCE.

We have been telling you about the GRIDDLE CAKE FLOURS. We have the pure Maple Syrup to go with them. Both seasonable. Malt-Too Flake is of particular interest to the dealer. W. A. Weaver will supply your needs and save you freight.

ANTHRACITE STRIKE HEARING.

Twenty-Two Men Appeared Before the Commission Yesterday and Told of Persecutions.

Philadelphia, Jan. 7.—Twenty-two men, all but one of whom were employed in and about the coal mines, appeared before the anthracite coal strike commission at its first session in this city yesterday and recited the oft-told tales of persecutions they and others underwent during the late coal strike because they chose to work rather than join the strikers. The single exception was Charles H. Schadt, of Scranton, the sheriff of Lackawanna county, and his presence on the stand, under the cross-examination of President John Mitchell, of the miners' union, proved to be the principal feature of the day's proceedings.

While the entire day was taken up in hearing the stories of intimidation, boycotting and personal violence, the commission learned nothing new, the evidence being mostly cumulative.

Samuel Dickson, of Philadelphia, attorney for the independent operators in the Hazleton region, submitted to the committee yesterday the wage statements of the companies he represented.

It was stated by a member of the commission yesterday that it is possible the earnings of the commission may take up not above two more weeks. The lawyers for the non-union men say they find it difficult to bring witnesses before the commission, because they fear bodily harm. As the commission cannot compel the presence of any person, counsel asked the commission to invite the desired persons to come here and testify, and the request was granted.

J. M. KELLY, President.
S. T. HEBBERT, Secretary.
GEO. W. BERFORD, N. G. MACHUM, Vice President. Treasurer.

WELLSVILLE

LARGER PUMPS NEEDED

Wellsville Water Works Trustees Propose Big Additions to the Equipment.

The regular weekly meeting of the board of water works trustees was held last evening, at which time all members were present. Consulting Engineer Bowen, of Pittsburg, was also present.

After the regular routine business was transacted, including the paying of a few bills, the question of equipment for the new water works plant was brought up for discussion. It was decided to lay aside all of the bids which were received by the board December 16 and which called for two single acting pumps of a 2,000-gallon capacity per 24 hours. The bids were also laid aside for the building of the two 175-horsepower engines which were called in by the board on the same date.

It was decided upon the suggestion of the new superintendent, Mr. Ewing, to purchase two pumps of 3,000-gallon capacity would be needed and also two engines and two tubular boilers. The board will advertise for bids at the furnishing of two 3,000-gallon pumps, two 175-horsepower engines, two 200-horsepower tubular boilers, two 200-horsepower water boilers and one feed pump. The bids are to be furnished with the tubular boilers and the water tube boilers.

Although no decision was made at the meeting last evening, it is known the board have about decided upon the present pumping station for the new plant. A small portion of additional ground will be used in the construction of the new plant. The building has yet been done toward the plans for the buildings. The consulting engineers within a short length of time.

Discovered Just in Time.

What might have proven a most disastrous fire occurred in Haugh's livery in Maple alley. Ed Carson, a driver at the mill, while passing through the alley, noticed a small fire in the barn, and upon investigation a small blaze in one corner of the building which he immediately extinguished by slapping with his hat. He is of the belief that the fire was caused by an incendiary.

Drunk for Six Months.

Harry Glover, a well known local character, who is generally under the influence of liquor, presented a very unusual spectacle as he strolled down Third street yesterday afternoon with a sign upon his back which read: "I've been drunk for the last six months. Show me the way to go sober." Glover was not aware that he had the sign. It had been pinned to his back by some "Tophet."

Meetings of Unions.

Union No. 40, N. B. of O. P., held its regular meeting last evening at Patters' hall. Routine business was the order of the evening. Local No. 384, Brotherhood of Paint-Decorators and Paperhangers of this city, will hold its regular meeting this evening in the same hall.

WELLSVILLE SHORT STORIES.

W. Wood is in Cleveland on business.

UWILLSEE SHADE ADJUSTER.

SOUTH SIDE

CARS WILL NOT STOP

Unfounded Rumors That the Rock Springs Cars Were Not to Cross the Bridge.

Rumors were flying thick and fast in Chester this morning that this was to be the last day for the care of the Rock Springs Street Railway company to cross the Ohio river bridge. Many persons were of the opinion that hereafter they would be compelled to walk across the bridge when the desired to visit the Ohio side. Some misunderstanding about toll was the alleged cause.

Investigation of the rumors resulted in denials from every source. Mayor John Shrader was asked if there was anything in the report and said that there was not. At least, if there was anything in it he knew nothing of such an attempt. Inquiry at the office of C. A. Smith resulted in finding that they knew nothing of such an attempt. It is hard to tell where the rumor started. No one seemed to be able to give any authority for the statement and simply said that they had heard that such action was to be taken.

BROTHERS AS RIVALS

Candidates For the Office of Town Sergeant in Chester—A Lively Contest.

It is seldom seen that two brothers compete with each other for an office of any kind. However it has been given out that such will be the case in Chester this year for the office of sergeant. At present J. H. Allison is the town sergeant of Chester and is a candidate for reelection before the new council. His brother, Thomas Allison, formerly night watchman at the bridge, is also a candidate for the office.

The contest will not be bitter but both expect to put up good pleas to the different councilmen for the place.

Horticultural Society.

A number of Hancock county people will attend the annual meeting of the State Horticultural society, to be held at Charleston Thursday, January 29. Among those on the program to take part in the discussions are S. M. Newell, Chester; W. F. Brown, Arroyo; C. H. Hervey, Wellsburg; C. E. Brennerman, Arroyo. Reduced fares will be given and numerous exhibits and well known speakers will be on hand.

To Attend Committee Meeting.

O. O. Allison left today at noon for Wheeling where he will attend the meeting of the executive board of the Junior Order United American Mechanics. The meeting will be held at the Grand Central hotel and important matters concerning the lodge will be brought up.

CHESTER NOTES.

Arch Severs is visiting friends in St. Marys, W. Va.

City Solicitor Marshall, of New Cumberland, was a business visitor in Chester yesterday.

J. W. Russell, of Louisiana avenue, moved his family and household goods to Wellsville today.

The Ladies' Missionary society of the U. P. church, of Chester, will hold their regular monthly meeting tomorrow

row afternoon at the home of Mrs. W. R. Skeen, of Carolina avenue.

Ross Dunn, of Carolina avenue, who has been ill with the grip, for several days, is now able to be out.

Mr. Stephen Rogers has returned to her home in Legionville, Pa., after visiting friends in Chester for several days.

Miss Lillian Brown has returned to her home in Pittsburg, after spending a few days with her friend, Miss Martha Sinclair.

THE MAP SAVED
A RAILROAD \$80,000

Wabash Railroad Alters Its Projected Route on Inspection of New Government Map.

A substantial saving in the cost of construction of a railroad in Ohio due to an unusual cause has recently been reported. The saving of the road will amount to at least \$80,000, and the cause was the timely publication of one of the topographic map sheets of the United States Geological Survey. During the summer of 1901, the Wabash railroad was locating its line from the Ohio river across Jefferson and Harrison counties to a connection with the Wheeling & Lake Erie railroad, near Falk's Station. The same season the United States Geological Survey, through W. T. Griswold, topographer, was engaged in making a topographic map of the area crossed by the railroad; this map was not available until the Wabash railroad had completed its location and was letting contracts for building.

When advance copies of the government map, which was drawn with careful contours and altitudes, were obtained by the engineers, examination showed the possibility of a shorter route by leaving the main fork of Piney creek and reaching the summit level by grades no more severe than those at first found. The new location was at once adopted and resulted in the saving of 2,300 feet in length of roadway and a summit tunnel of 800 feet.

The Lady And the Parasol.

THE NEW YORK STOCK MARKET.

Call Money at No Time Higher Than 6 and as Low as 4 Per Cent. Bonds Firm.

New York, Jan. 7.—The advance in the stock market continued yesterday in a rather irregular way for a time, but with a burst of animation and buoyancy in the late dealings. The call money rate was at no time higher than 6 per cent and fell below that figure quite normally, and late in the day got as low as 4 per cent, but with the day's demand then mostly satisfied. All departments of the local money market showed a much easier tendency and commercial paper was in quite active demand.

The anthracite roads were affected by reports of large engagements of coal for import. There was considerable profit taking at times, but the market very generally responded to the final uprush of prices.

The active dealings in stocks detracted attention somewhat from the bond market, but prices were generally firm. Total sales, par value, \$3,490,000.

United States bonds were all unchanged on the last call.

EIGHTEEN MEN ARE DROWNED.

The Norwegian Bark Prince Arthur Wrecked South of Ozette, on the Washington Coast.

Seattle, Wash., Jan. 7.—A special from Port Townsend says: News of the wreck of the Norwegian bark Prince Arthur, and the death by drowning of 18 of the crew, was received yesterday. The Prince Arthur was bound from Valparaiso for British Columbia, to load lumber. On the night of Jan. 2 the vessel ran into breakers and was soon hard and fast on the rocky shore. The scene of the disaster is about two miles south of Ozette, on the Washington coast, 15 miles from Cape Flattery. This is precisely the position from which the German bark Floetbek was rescued by tugs in the winter of 1900.

Judges Without Salaries.

Parkersburg, W. Va., Jan. 7.—The discovery has been made that the recently adopted constitutional amendment has left the judges of every state court in West Virginia without a salary, from the supreme court of appeals to the lowest criminal court. Before the adoption of the amendment salaries of the judges were fixed by the constitution. It is held now that the former constitutional provision having been repealed and the legislature not having fixed the salaries under the new amendment to the constitution, every judge in the state is without a salary and will be till the legislature fixes the new salaries. The point has just been raised and is exciting considerable comment.

Barracks Will Remain at Columbus Columbus, O., Jan. 7.—General Leonard A. Wood, sent here by the war department to make a preliminary survey of available sites for a new army post, said last night: "Columbus will remain one of the stations of the United States army. There is no thought of removing the post from the vicinity of this city. The department desires a post in Ohio and there is no better location for it in the state than near Columbus. The department desires to sell the present barracks site so that it can be used for public purposes, and to obtain larger quarters on high, rolling ground."

C. W. Jones Mentioned. Youngstown, O., Jan. 7.—Ex-Lieutenant Governor A. W. Jones has been prominently mentioned for the Republican nomination for governor of this state.

Dr. James Dead. Philadelphia, Jan. 7.—Bushrod W. James, famous as an eye and ear specialist and also as an author and poet, died yesterday at his home here from pneumonia after a long illness.

NEW COAL COMBINE.

Three Large Companies Join,
With Annual Output of
8,500,000 Tons.

CAPITAL STOCK IS \$31,750,000

Merging Said Not to Be in Nature of
a General Combination, but Merely
for Consolidation of Selling Inter-
ests—C. W. Watson President.

Baltimore, Jan. 7.—Three of the
biggest coal companies in the United
States yesterday formed an alliance,
which for all practical purposes will
be a combination. The companies in-
volved are: The Consolidation Coal
company, of Maryland; the Fairmont
Coal company, of West Virginia; the
Somerset Coal company, of Pennsylv-
ania.

The combined capital stock of the
companies is \$31,750,000, as follows:
Consolidation, \$10,250,000; Somerset,
\$4,000,000; Fairmont, and its sub-
sidiary companies, \$17,500,000.

The combined output of the three
companies is 18,500,000 tons a year, as
follows: Consolidation, 2,000,000;
Somerset, 11,500,000; Fairmont, 5,000,
000.

Announcement of this commercial
move followed a meeting of the stock-
holders of the Consolidation Coal com-
pany in this city yesterday.

The merging of the three com-
panies, it is stated, is not in the na-
ture of general combination, but merely
for the consolidation of selling inter-
ests and in order to have all three
under the same executive manage-
ment. Each company, it is said, will
be conducted separately, as before,
but upon the board of directors of
each will be representatives of the
other two.

C. W. Watson President.

C. W. Watson, president of the
Fairmont Coal company, was elected
president of the consolidated com-
panies, and representatives of each
company were chosen on the board of
other contraction companies. C. K.
Lord, the retiring president of the
Consolidation Coal company, was
chosen chairman of the directing
board of directors of the new com-
pany.

Mr. Watson, the new president, in
commenting upon the merging of inter-
ests of the three big concerns, said
last night:

"The new arrangement does not
mean the consolidation or combina-
tion of the three companies, but is
simply for the purpose of putting the
large and important coal interests of
these companies on a better working
basis. The ocean-going fleet of the
companies will be strengthened and
increased and new markets will be
established for consolidation coal
through the docks of the Northwest-
ern Fuel company, in which the Fair-
mont Coal company has a controlling
interest. The general offices of the
different companies will be located in
this city and the general business and
finances of the greatest soft coal prop-
osition in the country will be central-
ized here.

RAILROADS TO BE SUED.

Alleged Combine Said to Be Violating
Anti-Trust Law.

Marion, O., Jan. 7.—Advices from
Columbus are that a suit will soon be
brought against the company which is
operating the Hocking Valley, Kana-
wha and Michigan, Toledo and Ohio
Central, Zanesville and Western and
the Norfolk and Western railroads
under the anti-trust law of the state,
which provide that the same company
cannot operate parallel lines in the
state with a view to controlling the
business of any particular section of
the state.

It is claimed that all of the roads
mentioned are owned and operated
by the same company, and that the
only reason they have not been
consolidated before is that such an
action would be in violation of the anti-
trust law. It is also claimed that the
roads are operated in the same man-
ner as though they had been consoli-
dated.

Veterans to Reorganize.

Springfield, O., Jan. 7.—Gen. James
Hutchinson, of New York city, has
issued a call for a convention of old
soldiers to be held here the first week
in February to reorganize the Nation-
al Union Veterans' Union, under the
old constitution and bylaws adopted
by the veterans when they started the
national body 10 years ago. Spring-
field was selected as the place of meet-
ing, as it is a central point and the
brigadier general, J. W. Nelson, lives
here.

Millionaire Charged With Fraud.
Wheeling, W. Va., Jan. 7.—Colonel
Henry Schmulbach, millionaire brew-
er and candidate for the United States
senate, is made the principal defend-
ant in a suit brought by Edward L.
Ward, of Baltimore, against the Na-
tional Telephone company and others,
in which Schmulbach is charged with
fraudulently obtaining possession of
the stock of the plaintiff.

Lack of Fuel Closes Church.
Chicago, Jan. 7.—The sanctuary is
not spared by the coal ring. Owing
to the inability to get coal St. Chrys-
ostom's church has been forced to let
the furnace fires die out and to close
the main edifice on week days, al-
though this is the epiphany season
and services were to be held in the
church several times during the week.

REALM OF SPORTS

STRAIGHT ROAD FOR HIM

Kid McCoy Cuts Out Drink And Says
He Is Strictly in the Fight-
ing Game.

"Kid" McCoy has arrived in In-
dianapolis from Lick Springs, and will
probably stay two or three weeks.
He talks about opening training quar-
ters and having Doc Payne as his
leading sparring partner. McCoy
weighs 179 pounds with his clothes
on.

"I have cut out all dissipation," the
"Kid" says, "as I know it does not
pay, and a man can't keep in condi-
tion if he drinks. I haven't taken a
drink for several weeks and you can
bet that I will stay on the water wag-
on. I am going to make over \$25,000
this year in the ring and I will show
the people that I am still one of the
top notchers and ready to meet any
fighter. I know I am as clever now
with the gloves as I ever was in my
life, and it won't take me long to get
into perfect condition because I have
been taking care of myself lately.

"I have deposited \$5,000 in 'New
York' for a match with Jack Munroe.
A Chicago club is trying to arrange
a bout between us, and it is possible
we may be matched. I am willing to
meet Marvin Hart, Gus Ruhlin, Shar-
key, Corbett, 'Australian Jimmy' Ryan,
Joe Choynski, Jack Root, 'Kid' Carter,
or any other good man.

"While I was at French Lick I met
'Australian Jimmy' Ryan, and he is
anxious to get on a match with me.
He may be one of the first I will take
on unless I get on a match with Mun-
roe. I am still in the fighting game,
and will devote my time to it and noth-
ing else for the next year or two at
least.

Great Stakes Added.

Chicago's enterprising turf organi-
zation, the Washington Park club, is
out with an impressive list of stakes
to close on January 15. To seventeen
events the club adds the munificent
amount of \$75,500, from the \$25,000
American Derby, \$7,500 Wheeler Han-
dicap and \$7,500 Hyde Park stakes,
down to events of lesser magnitude,
the list almost constituting a record
among western offerings of late years.

Duty on Imported Horses.

Grand Appraiser De Vries, of the
Board of United States Appraisers of
New York city, has rendered a deci-
sion that on and after the 20th of this
month all thoroughbred horses import-
ed into this country for sale purposes
must pay a duty of 25 per cent. If
such stock are sworn to as imported
for breeding purposes only, they will
still receive the benefit of the pre-
vailing free duty. But if for sale, the
25 per cent. duty must be imposed.

Cyclists Going Abroad.

In another month practically all the
fastest cycle racers, sprinters and
pace followers will start for Europe
to compete with the principal tracks
in international events. Frank Kramer
will be among the tourists, and
foreigners will for the first time, have
a chance to judge between one pres-
ent American champion and "Major"
Taylor, who is also going abroad. The
two tracks in Paris will be the scene
of the most important races.

Peace Conference Friday.

The deferred baseball peace con-
ference will be held Friday in Cincinnati.
This announcement is given out in
Chicago but not officially. There will
be no amalgamation and contract
jumpers will be blacklisted, if peace
is established.

SPORTING MISCELLANY.

It is said that a prominent eastern
college is after Yost, the famous foot-
ball coach of the University of Michi-
gan.

Willie Keeler has returned to New
York from his California trip and an-
nounces that he will be a member of
the American league team to be placed
in the metropolis next season.

Tommy Ryan, the middle weight
champion, is said to be worth \$100,000.
His earnings in the prize ring have
been invested judiciously in real estate,
and the returns have been surprisingly
large.

Dal Hawkins, the California pugilist,
will sail for England this week to pre-
pare for his battle in London with Ja-
bez White, one of the best feather-
weight pugilists of Great Britain. Like
White, the American, will meet one of
the cleverest boxers ever developed.

NEARING COMPLETION

The Panhandle Traction Company's
Bridge Near Wellsburg New
Almost Finished.

Wellsburg, W. Va., January 6.—The
pier on the Panhandle traction line at
the north side of Buffalo creek is rap-
idly nearing completion, lacking only
about six courses yet of stone. Part of
the structural iron for the bridge is al-
ready on hand.

The big hills approaching the bridge

Every mother possesses information of vital value to her young
daughter. That daughter is a precious legacy, and the responsibility
for her future is largely in the hands of the mother. The mysterious
change that develops the thoughtless girl into the thoughtful woman
should find the mother on the watch day and night. As she cares for
the physical well-being of her daughter, so will the woman be, and her
children also.

When a young girl's thoughts become sluggish, when she experi-
ences headaches, dizziness, faintness, and exhibits an abnormal dispo-
sition to sleep, pains in the back and lower limbs, eyes dim, desire for
solitude, and a dislike for the society of other girls, when she is a mys-
tery to herself and friends, then the mother should go to her aid promptly.
At such a time the greatest aid to nature is **LYDIA E. PINKHAM'S**
Vegetable Compound. It prepares the young system for the coming
change, and is the surest reliance in this hour of trial.

Case of a New York Girl of Interest to Every Mother and Daughter in the Land.

"DEAR MRS. PINKHAM:—I hope you will publish this letter, for I want all
mothers to know how much good your medicine did my young daughter. Her
health broke down about six months ago, and although she is large for her
age, I did not understand what was wrong with her; the doctor did not, either,
for he treated her for her heart, which pained her a good deal; but he did not
do her any good, and we were afraid heart trouble would carry her off. Every
day she kept getting whiter and thinner. She had no appetite, and she sat
around without any ambition, and was always too tired to do anything. All
night long she would moan in her sleep, as though in terrible pain.

"I felt terribly discouraged; I was spending money for doctor's bills
right along, but she was receiving no help. At that time I was taking **LYDIA E. PINKHAM'S**
Vegetable Compound, and I read in one of your books
about young girls. I decided to drop the doctor, and give her your medicine.
I wish you could see the change in her, and the pink cheeks **LYDIA E. PINKHAM'S**
Vegetable Compound has given her. She had taken but half a
bottle when menstruation started again and her heart trouble went away like
magic. I had her continue the medicine, and now she is fat, rosy, and per-
fectly healthy. Menstruation is regular and painless, and I owe my thanks
to you and to your wonderful medicine for her good health."—MRS. MARGARET
FUELAN, 673 Tenth Avenue, New York City.

SPECIAL ADVICE TO YOUNG WOMEN FREE.

From her vast experience in treating female ills, extending
over 20 years, Mrs. Pinkham has gained a knowledge which is of
untold value to every ailing young woman. Her advice never fails
to help. If you need such help write her. Address Lynn, Mass.

A medicine that has restored so many women to health and can
produce proof of the fact must be regarded with respect. This is the
record of **LYDIA E. PINKHAM'S** **Vegetable Compound**, which cannot
be equalled by any other medicine the world has ever produced.

It is well to remember these facts when some druggist tries to get
you to buy something which he says is "just as good." That is impos-
sible, as no other medicine has such a record of cures as **LYDIA E. PINKHAM'S**
Vegetable Compound; so do not experiment with untried
medicines, but insist upon the one you know is best.

\$5000 FORFEIT if we cannot forthwith produce the original letter and signature of
above testimonial, which will prove its absolute genuineness.
LYDIA E. PINKHAM MEDICINE CO., LYNN, MASS.

are growing rapidly, but some delay
will be experienced before the track
is finished above the bridge as the em-
bankment for about 200 yards is being
dug away for the roadway, and will not
be finished for some time.

It Cures Colds, Coughs, Sore Throat, Croup, Influenza,
Whooping Cough, Bronchitis and Asthma.
A certain cure for Consumption in first stages,
and a sure relief in advanced stages. Use at once.
You will see the excellent effect after taking the
first dose. Sold by dealers everywhere. Large
bottles 25 cents and 50 cents.

Pittsburg, Pa.

LEGAL.

ORDINANCE 739.

Granting to the Youngstown & South-
ern Railroad Company the right to
construct, maintain and operate
lines of railway upon the following
streets, to wit: Trentvale street
from corporate limits to south side
of Sheridan avenue.

Whereas, the Council of said City of
East Liverpool, Ohio, has, upon careful
examination, found that said rail-
road company has complied with all
the conditions and prerequisites by
law or ordinance necessary for the
granting of the rights hereinafter con-
tained, therefore, be it ordained by
the Council of the City of East Liver-
pool, Columbiana County, Ohio,

Section 1. That the right is hereby
granted for the period of twenty-five
years from and after the date of this
ordinance, to the Youngstown & South-
ern Railroad Company, to construct,
maintain and operate a line of rail-
way over and upon the following
streets and public highways in said
City of East Liverpool, Ohio, com-
mencing as follows: Beginning at the
north city line on Trentvale street,
running thence South to Sheridan
avenue and West Market Street.

The number of tracks on each of
said streets shall be one, with all
necessary turn tables, turn-outs, sid-
ings and switches, with the right here-
after when the operations of said com-
pany shall require it, to construct a
double track along said streets, and
said company shall have the right to
construct and maintain poles, wires,
fixtures and conduits, with all the
appliances necessary for the operation
of said lines by electricity or other
motive power, other than animal.

Section 2. The gauge of said track
shall be four feet, eight and one-half
inches (4ft 8½ in.), with rails weigh-
ing eighty pounds per yard. The cars
upon said railway shall be propelled
by electricity or such other motive
power other than animal as the com-

pany may desire. If said company
shall lay a single track, the same shall
be laid under the direction of the
city engineer and board of public
services. The turn-tables, turn-outs,
sidings and switches shall be so locat-
ed as to incommode public travel as
little as is reasonably proper. Iron
or wooden poles may be used, which
shall be kept well painted. The poles
and wires shall be so constructed and
maintained as to prevent any interfer-
ence with, or damage to, existing tele-
phone and telegraph wires, or to any
fire alarm or police patrol wires of the
city, and shall not be less than twenty-
one feet in height above the track.
But, said company shall have the right
to use in place of said wires, and poles
and overhead construction, the "third
rail" construction, provided the same
can be secured so as to prevent danger
and damage to the public use of said
streets.

Section 3. The tracks and space be-
tween the rails, and for two feet on the
outside of each rail, shall be kept in
thorough repair and free from ob-
struction, to the satisfaction of the
board of public service, and where
the streets are now paved or may
hereafter be paved the said Youngs-
town & Southern Railroad Com-
pany, its successors and as-
signs, shall at its own cost
and expense construct and main-
tain and keep in good repair the en-
tire space between the outer rails of
said tracks and for two feet on either
side thereof, a good, smooth, firm and
durable pavement of hard burned brick
or vitrified block or other substance
suitable and acceptable to the board
of public service, and whenever said
City of East Liverpool shall hereafter
pave or macadamize any part of any
street named herein, the said company,
or its successors or assigns, shall
at the same time, upon the parts of
the street so paved, or macadamized,
pave or macadamize the space between
the rails and said two foot strip on
either side of said track with the same
materials used by said city, in such
paving or macadamizing, or upon its
failure to do so shall pay to said City
of East Liverpool, the costs of the
same.) The company agrees when
said street is to be paved or macadam-
ized, to place rails thereon at least
ten (10 in.) inches in height to en-
able the proper bed to be placed under
the brick or macadam to support the
same.

Section 4. Said company shall at
all times defend, keep harmless and
indemnify said City of East Liverpool
from all damages, claims and demands
for injury to persons or property, to-
gether with any costs and expenses to
which said City of East Liverpool may
be legally subjected, or made liable
in any proceeding at law or in equity,
growing out of the exercise or opera-
tion of the privileges granted in this
ordinance, provided, however, that
said company shall have reasonable
notice of the pendency of said action,
and permission and opportunity to
assume the defense of the same.

Section 5. The City of East Liver-
pool reserves to itself the right to
grant to any other corporation operat-
ing a line of railway, the right to cross
said company's tracks at grade, at any
public street crossing, and upon such
terms and conditions as to the occupa-
tion and compensation as said council
may deem just and reasonable, if such
companies shall fail to agree thereon
between themselves.

Section 6. The running of cars upon
any part of said line may be suspend-
ed by council without cost to the City,
for such reasonable period as may, at
any time, be necessary on account of
the construction or repair of streets,
bridges, sewers, or other public im-
provements, and whenever, for that
purpose, it may be necessary to have
any tracks taken up, or poles or wires
removed, the same shall be taken up
and removed and replaced at the ex-
pense of said company.

Section 7. The ordinance shall be
and remain in force for the period of
twenty-five years from and after the
date of its passage, and shall convey
the rights herein granted to the
Youngstown & Southern Railroad
Company, its successors and assigns,
who shall have the right to maintain
and operate said railway, during said
whole term or period.

Section 8. If said Youngstown &
Southern Railroad Company fails to
complete said road on or before July
1st, 1904, then this ordinance shall be
come null and void and all rights here-
in granted shall have no further bind-
ing effect on either the City or the
Railroad Company.

Section 9. Said grantee shall in
writing, within thirty days after the
passage of this ordinance, accept the
rights and privileges herein granted,
and agree to comply with the condi-
tions thereof, and shall pay the neces-
sary cost of advertising this ordinance,
and for all other advertising herein-
after incurred in connection herewith,
or this grant shall become void at
the expiration of said thirty days.

Section 10. The said Youngstown
& Southern Railroad Company, its suc-
cessors and assigns shall carry the
members of the Police force, Sanitary
Police, the members of the Fire de-
partment, of the City of East Liver-
pool, Ohio, and the Mail carriers in
said City free of charge while in uni-

form, and that the Mayor, mem-
ber of City Council, City Clerk, City
Engineer and members of the
board of Public Service and the
Safety shall be provided with con-
tinuous free passes over the line im-
mediately upon its completion of
line.

Section 11. The said Youngstown
Southern Railroad Company shall in-
stall a fifty candle power incan-
descent light on every third pole, with
the corporate limits and shall in-
stall lights burning each night at
six o'clock p. m., to six o'clock a.
m.

Section 12. The said Youngstown
Southern Railroad Company shall
charge a fare in excess of five cen-
ts on its lines within the city limits.
Section 13. The Youngstown
Southern Railroad Company shall
begin the construction of its said
road on or before July 1st, 1903, and
give bond to the City of East Liver-
pool in the sum of \$5,000, said bond
shall be forfeited if the requirements
of this section are not complied with.

Section 14. This ordinance shall
take effect and be in force from
its passage and be legal public law.
Passed December 23, 1902.

O. D. NICE,

Attest:
WILLIS DAVIDSON,
City Clerk.

REPORT EXPECTED ON STORE PROJECT

Trades Council Tonight Will Hear of Progress Made by Co-Operative Company.

AMOUNT IS SUBSCRIBED

And a Meeting of Those Interested Will Be Held Monday Night to Effect a Permanent Organization. Car Vestibules Under Consideration.

The meeting of Trades Council to be held tonight will be a most important one. The men in whose hands the soliciting for the co-operative store was placed about a month ago are expected to make a report. This committee has done excellent work and succeeded in interesting a sufficient number of workers in the movement to make up the necessary amount which it was decided to start with—\$5,000. The report will be lengthy and interesting, and will include a detailed account of the progress of the work since it was placed in charge of the committee. The temporary officers elected recently have issued the following:

"East Liverpool, Jan. 6, 1903.
"Dear Sir—There will be a stockholders' meeting of the East Liverpool Co-Operative Store company on Monday evening, January 12, 1903, at 7:30 o'clock, in Red Men's hall, West Market street. At this meeting stock subscriptions will be due and may be paid in full or in part; permanent directors and officers elected; constitution and by-laws adopted; and the formal taking up of the stock by the subscribers.

"It is important that you be present and do not allow anything to interfere with your coming.

"Fraternal yours,
"U. G. KING,
"president.
"FRED W. PENNINGTON,

"Secretary."
There has been no meeting of the council since Prosecuting Attorney J. H. Brookes was conferred with respecting the placing of doors upon certain cars on the East Liverpool railway, and this matter will be up for consideration tonight. It will be remembered that the prosecutor advised Trades Council's representatives who called upon him to see Manager Healy before taking further action, and this was done without delay. No satisfactory agreement could be reached with that official, and the matter stands in that shape at the present time.

The law is very plain upon the subject, and it is the opinion of both the street railway men and the members of the council that it can be enforced. The question has been raised that where the law states the motorman, driver or gripman shall be fully and completely protected from the elements, there may be found a loophole. This will depend entirely upon the judgment of the court as to whether the cars in their present condition afford the protection to the employee that the law had intended. It is probable authority will be given the officers of the council to proceed with the prosecution of the case.

A large number of other important matters will be discussed at the meeting tonight.

"No Clothing Hits Fake Ours."

Y. M. C. A. HAS HAD A PROSPEROUS YEAR

BURDENSOME DEBT PRACTICALLY WIPED OUT.

A Vigorous Campaign to Be Inaugurated to Secure More Commodious Quarters.

The first meeting of the board of directors of the Y. M. C. A. in the new year was held yesterday afternoon at the home of the association on Fifth street. The expectation held by the directors and many of those interested in the welfare of the association that the debt would have been cancelled by this meeting was not realized. Money enough for this purpose has been subscribed, but all had not yet been paid in. The committee having in charge the finances is confident that the necessary amount to place the organization free from all indebtedness can be secured during the present month.

Secretary M. C. Wright submitted his report and it was well received. It shows the association to be in a most prosperous condition. The membership continues satisfactory and now numbers 475.

It is now realized that the present quarters are too small to carry out the work as it should be and is done in other cities, and now that the debt is practically wiped out more commodious quarters will be sought. It is the intention to soon begin a determined campaign to secure a building that will afford ample room for athletics and games for a membership more than double what it is at present. It is believed that hundreds of new members can be secured if quarters large enough to accommodate them can be had. With the large membership and the co-operation of the public new quarters can no doubt be secured.

STARTLING STORY TOLD BY A BOY

SAYS HE WAS ONE OF A GANG HIRED TO STEAL.

Youthful Prisoner's Charges Against the Junk Dealer Recently Fined.

Lisbon, January 7.—(Special).—Ernest Seal and Owen Roberts, both of Wellsville, were arraigned before Judge Boone in probate court this morning charged with stealing railroad iron from the Pennsylvania company. Seal was fined \$5 and costs. Special action will be taken in the case of Roberts on account of his youth, he being only 12 years old.

Roberts is represented as being a pupil of Sheckler, the junk dealer, who was fined heavily last week for buying stolen metals. Roberts' story concerning his transactions with Sheckler seems to bear out the theory that Sheckler had a number of small boys in his employ whom he encouraged to theft by purchasing from them and that he even directed their movements.

Roberts says that Sheckler told him of a pile of iron at a certain place in the city which he instructed him to get and lent him a flat on which to convey it up the river. Seal said he met Roberts and simply assisted him in rowing the flat up the river and had no other part in the transaction.

SOCIAL EVENTS

IN MRS. KERR'S HONOR

Mrs. Grosshans Gave a Dinner to Past Officers of the W. R. C.

Mrs. George Grosshans gave a pleasant entertainment at her home on Lincoln avenue yesterday afternoon. Guests to the number of 12 were present, who enjoyed an elaborate 1 o'clock dinner. To each guest was given as a favor a pretty original pen sketch.

Mrs. Grosshans gave the dinner to the past officers of the Women's Relief Corps and also in honor of Mrs. Mary D. Kerr.

To Wed at Salem.

W. R. Dawson, a member of the cooperative firm of Dawson & Son, and one of the most popular young men of the city, left this morning for Salem accompanied by Miss Laura Farrell, to whom he was married there today. The ceremony was performed by Rev. Walter Mansell, pastor of the Christian church, of that city, who was formerly in charge of that congregation in East Liverpool.

Auxiliary Meeting.

There was a well attended meeting of the Ladies' auxiliary in the Y. M. C. A. hall last evening. The time was occupied by the regular business of the auxiliary.

Tuesday Evening Club.

The Tuesday evening club held a meeting last evening at the home of Miss Cora Allen. The evening was one of pleasure to those present.

POLICE COURT QUIET

Not One Arrest Made Last Night. Prisoners Fined And Released.

Police court was again quiet today, not a single arrest having been made last night. Will Jackson, who was arrested by Officer Morris yesterday for being drunk, was fined \$5.60 by the mayor last night and was released.

Prof. Pfankuch, who was also behind the bars on a similar charge, was released on giving security for his fine.

James Spencer, the man who was arrested in the raid on the house in the rear of the Mears' saloon Sunday night, appeared before the mayor last night, pleaded guilty and was fined \$9.60 for his part in the affair.

All of the information desired by Attorney Wilson in Baltimore in connection with the Smith bigamy case was forwarded by Mayor Davidson yesterday.

Rehabiles Installation.

The installation of officers of Favorite tent, No. 175, Rechabites, was held at the last meeting. The officers are: Chaplain, Thomas Hall; shepherd, John McVay; chief ruler, William Foden; R. S., Frank Robinson, Sr.; F. S., William Grice; treasurer, M. S. Dunlap; levite, O. P. Barker; F. G., C. C. Menough; O. G., C. R. Sayre; trustees, Isaac Shamp, F. P. Williams, Frank Robinson, Sr.

Reached the Age of 90.

East Palestine, January 7.—James Rogers, who resides about four miles south of town, celebrated his ninetieth birthday lately, and his wife served the dinner without any help whatever. She will celebrate her seventy-fifth birthday in a short time.

Public Installation.

Lisbon, January 7.—(Special).—Brown's lodge No. 130, K. of P., of Lisbon, will have a public installation of officers this evening, D. A. Davidson, installing officer, officiating.

Costly Blaze at Salem.

Salem, January 7.—Fire, which broke out in the copper shop at the mill did about \$5,500 damage before it was extinguished. The origin of the fire is not known.

HOME AFFAIRS.

Brief Notes of a Personal Nature And of Matters About Town.

Jury Disagreed—The jury disagreed in the Given-Myers colt trial tried before Justice Moore at Calcutta yesterday.

Got a Bad Fall—J. M. Arbutnot, the plumber, while at work in the Crook furniture store, fell from a step ladder yesterday and was badly shaken and bruised. No bones were broken.

Struck By a Team—While walking on Market street yesterday afternoon Frederick Wilson was run down by a team driven by a farmer. Fortunately the horses were not going fast and Mr. Wilson was not seriously hurt.

The Wrong Box—The fire department was called out on a false alarm yesterday afternoon about 5 o'clock to the corner of Fifth and Market streets. The alarm was turned in by a lady who mistook a fire alarm box for a mail box. She wished to mail a letter and in trying to get the letter in the box called out the department.

Clerks Add Members—Clerks' local No. 292 held its regular meeting last night and transacted considerable business. Seven new members were initiated. The first application of a lady clerk was received and voted upon. She may be taken into this local and attend the meetings of the local at Wellsville, where both gentlemen and ladies are members.

INSURANCE UNION

Elects Officers Which Will Be Installed at a Meeting Friday Evening.

The election of officers of the American Insurance union to serve for the ensuing year resulted as follows:

President—Elmer A. Smith.
Vice President—Henry Weible.
Secretary-Treasurer—James McDole.
Editor—E. W. Hill.
Chaplain—Ida Garner.
Marshal—Mrs. J. Brown.
Custodian—J. Brown.
Collector—C. W. Powell.
Warden—Leon Rich.
Argus—William Jennings.

H. P. McCarron was elected a trustee to serve for three years. The report of the treasurer showed the order to be in a most prosperous condition and the membership is rapidly increasing. The recently-elected officers will be installed in their hall in the Fowler building next Friday evening.

Arranging For Rural Routes.

Salineville, January 7.—(Special).—George Casey having resigned as rural mail carrier, an examination was held for his successor. Joseph McSwiggen, George Troupe, and John Manning took the examination. As the time draws near for the inauguration of the two routes from this office the farmers are more and more showing a deep interest in the matter.

The River Still Falling.

The three rivers are receding again, the cold weather being partly responsible for it. There is still a good coal boat stage from Pittsburgh to the southern markets. The Ohio continues free from ice. The Queen City is due down tonight at 8 o'clock. The Ben Hur is due up at 9 o'clock from Parkersburg.

Salineville Barber's Raise Prices.
Salineville, January 7.—(Special).—The local barbers' union held a meeting recently in Salineville and decided to charge 5 cents for a neck shave. The price of haircutting has been raised from 20c to 25c. Thus a few extra nickels will roll into the barbers' pockets.

TO THE PUBLIC.

The Bridgewater Supply Co., 129 E. Third street, (one square from bridge), is our sole agent in the city of East Liverpool. They will redeem all checks issued by our company and will keep in stock our Baking Powder, Teas, Coffees, Spices, Extracts, etc. THE GREAT ATLANTIC & PACIFIC TEA CO.

THE VENEZUELAN SITUATION.

Replies of Great Britain and Germany Have Been Received and Forwarded to Castro.

Berlin, Jan. 7.—The joint reply of the powers to President Castro's qualified acceptance of arbitration was handed to the United States ambassadors at Berlin and London yesterday. The note aims to further smooth the way for a settlement, which may possibly be reached without arbitration. The powers, however, do not abandon any of the reservations contained in their original proposal.

The question of raising the blockade will only be opened after President Castro's complete acceptance of the powers' reservations. The state of war is not modified by yesterday's note.

Washington, Jan. 7.—Secretary Hay has received the British answer to President Castro's last proposal relative to arbitration. It is assumed that the British note reflects the views of the German government, as the allies have been acting in harmony so far.

Later in the day a separate response to President Castro's last proposal came from Germany. In many respects it was similar to that from Great Britain, and like that, it named certain conditions regarding the matters under consideration on which an understanding will have to be reached before the case is submitted to arbitration. Germany's answer, like that of Great Britain, has been sent to President Castro through the intermediary of United States Minister Bowen, at Caracas. If the latter conditions suggested by the two allies are accepted by Castro, and the hope among officials here is that they may be, it is expected that a meeting will be held in Washington between Minister Bowen, representing the government of Venezuela, and the ambassadors of Great Britain, Germany and others of the allies to prepare a basis on which the arbitration of the issues between the interested parties shall proceed.

Entire Family Asphyxiated.

Chicago, Jan. 7.—An entire family was wiped out by asphyxiation Monday night, and the bodies were discovered as a result yesterday. The victims are: Albert Finkelstein, aged 50 years; Elita Finkelstein, aged 50, his wife; Jesse Finkelstein, aged 7, a grandson; and Annie Finkelstein, an 18-year-old daughter. The tip of a gas jet was found lying on the floor and the gas was turned on.

Loss Estimated at \$150,000.

Buffalo, Jan. 7.—The entire stock of Knowles & Garner's department store was destroyed by fire last night and the building on Main street was badly damaged. One fireman was seriously injured. The elevator shaft in the building acted as a flue and the entire interior of the building was in flames before the firemen arrived. The loss is estimated at \$150,000.
